Information Collection Requirement

Title: Pipeline Corporate Security Review (PCSR).

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0056.

Forms(s): Pipeline Corporate Security Review (PCSR) Protocol Form and TSA Forms related to the Security Directive.

Affected Public: Hazardous Liquids and Natural Gas Pipeline Industry.

Abstract: Under the Aviation and Transportation Security Act (ATSA)¹ and delegated authority from the Secretary of Homeland Security, TSA is tasked with developing policies, strategies, and plans for dealing with transportation security. To carry out this responsibility regarding pipelines, TSA assesses current industry security practices through its PCSR program. The PCSR is a voluntary, face-to-face visit with a pipeline owner/operator during which TSA discusses an owner/operator's corporate security planning and the entries made by the owner/operator on the PCSR Form. The PCSR Form includes 210 questions concerning the owner/operator's corporate level security planning, covering security topics such as physical and cyber security, vulnerability assessments, training, and emergency communications. TSA uses the information collected during the PCSR process to determine baseline security standards, potential areas of security vulnerability, and industry "smart" practices throughout the pipeline mode.

In addition, on July 19, 2021, TSA issued a Security Directive (SD) imposing mandatory cybersecurity measures on specified owner/operators of critical hazardous liquid and natural pipelines and liquefied natural gas facilities.² These owner/operators are

¹ Public Law 107-71 (115 Stat. 597; Nov. 19, 2001) codified at 49 U.S.C. 114.

² On May 28, 2021, TSA issued another SD which included three information collections. OMB control number 1652-0055, includes two of these information collections, requiring owner/operators to report cybersecurity incidents to CISA, and to designate a Cybersecurity Coordinator, who is required to be available to the TSA 24/7 to coordinate cybersecurity practices and address any incidents that arise, and who must submit contact information to TSA. OMB control number 1652-0050 contains the remaining information collection, requiring owner/operators to conduct a cybersecurity assessment, to address cyber risk, and identify remediation measures that will be taken to fill those gaps and a time frame for achieving those measures.

required to take several actions requiring a collection of information. First, they must develop and adopt a Cybersecurity Contingency/Response Plan to ensure the resiliency of their operations in the event of a cybersecurity attack. This report must be made available to TSA upon request. Second, they are required to have a third-party complete an evaluation of their industrial control system design and architecture to identify previously unrecognized vulnerabilities. The evaluation must include a final report that must also be made available to TSA upon request. Third, within 7 days of each deadline set forth in the SD, owner/operators must ensure that their Cybersecurity Coordinator or other accountable executive submits a statement to TSA via email certifying that the owner/operator has met the requirements of the SD. For convenience, TSA provides an optional form for each submission deadline that owner/operators can complete and submit via email. To the extent information collected is deemed Sensitive Security Information, TSA will handle the information as required by 49 CFR parts 15 and 1520.

Number of Respondents: 97 respondents annually.

Estimated Annual Burden Hours: 4,423 hours.³

SUPPLEMENTARY INFORMATION:

I. Background

Consistent with Executive Order 13175,¹ HUD's Tribal Government-to-Government Consultation Policy recognizes the right of Indian tribes to self-governance and supports Tribal sovereignty and self-determination.² It provides that HUD will engage in regular and meaningful consultation and collaboration with Tribal officials in the development of Federal policies that have Tribal implications. Executive Order 13175 also requires Federal agencies to advance Tribal self-governance and ensure that the rights of sovereign Tribal governments are fully respected by conducting open and candid consultations.

In 2016, in furtherance of Executive Order 13175, HUD proposed the establishment of a TIAC. On June 23, 2016, HUD published a **Federal Register** Notice seeking comments on the structure of the proposed TIAC.³ On December 21, 2016, HUD published a second **Federal Register** Notice announcing the establishment of the TIAC and requesting nominations from duly elected or appointed Tribal leaders to serve on the TIAC.⁴ HUD received nominations from various Tribes but did not receive an adequate number of

nominations to fully constitute the TIAC. Accordingly, HUD did not complete the establishment of the TIAC at that time.

On January 26, 2021, President Biden issued a Presidential Memorandum on Tribal Consultation and Strengthening Nation-to-Nation Relationships.⁵ The memorandum directed all Federal agencies to take actions to strength their Tribal consultation policies and practices and to further the purposes of Executive Order 13175.

To further enhance consultation and collaboration with Tribal governments, HUD is once again proposing to establish the TIAC. Several Federal agencies have established similar Tribal advisory committees. These advisory committees convene periodically during the year to exchange information with agency staff, notify Tribal leaders of activities or policies that could affect Tribes, and provide guidance on consultation. HUD has determined that a similar advisory committee would provide critical support to the Department as it formulates. The formation of the TIAC would also assist the Department in carrying out its responsibilities under the Presidential Memorandum on Tribal Consultation and Strengthening Nation-to-Nation Relationships.

Prior to HUD's establishment of the TIAC, this notice solicits input into the structure of the committee.

II. Proposed Structure of the TIAC

To assist commenters with their review and to help them provide feedback, HUD is providing the following as an example of how the TIAC may be structured. HUD is requesting comments on the following proposed structure of the TIAC and is open to any additional recommendation on how the TIAC may be constituted and how it should operate. Comments on the structure of the TIAC are due on or before: January 14, 2022

A. Purpose and Role of the TIAC

The purposes of the TIAC are:

- (1) To further facilitate intergovernmental communication between HUD and Tribal leaders of federally recognized Tribes on all HUD programs;
- (2) To make recommendations to HUD regarding current program regulations that may require revision, as well as suggest rulemaking methods to develop such changes. The TIAC will not, however, negotiate any changes to regulations that are subject to negotiated

rulemaking under Section 106 of the Native American Housing Assistance and Self-Determination Act (NAHASDA) and will not serve in place of any future negotiated rulemaking committee established by HUD; and

(3) To advise in the development of HUD's AIAN housing priorities.

The role of the TIAC is to provide recommendations and input to HUD, and to provide a vehicle for regular, meaningful consultation and collaboration with Tribal officials. It will not replace other means of Tribal consultations, but, rather, will supplement them. HUD will maintain the responsibility to exercise program management, including the drafting of HUD notices, guidance documents, and regulations.

B. Charter and Protocols

The TIAC will develop its own ruling charter and protocols. HUD will provide staff for the TIAC to act as a liaison between TIAC and HUD officials, manage meeting logistics, and provide general support for TIAC activities.

C. Meetings and Participation

Subject to availability of Federal funding, the TIAC will meet periodically to discuss agency policies and activities with HUD, set shared priorities, and facilitate further consultation with Tribal leaders. Initially, meetings will likely be conducted virtually, but may be in person in the future, and will be conducted consistent with any COVID-19 safety protocols. HUD will pay for these meetings, including the member's cost to travel to these meetings. The TIAC may meet on a more frequent basis virtually, via conference calls, videoconferences, or through other forms of communication. Additional in-person meetings may be scheduled at HUD's discretion in the future. Participation at TIAC meetings will be limited to TIAC members or their alternates. Alternates must be designated in writing by the member's Tribal government to act on their behalf. TIAC members may bring one technical advisor to the meeting at their expense. The technical advisor can advise the member but cannot speak in the member's place. Meeting minutes will be available on the HUD website, and, depending on the circumstances, public and Tribal comments may be requested.

D. TIAC Membership

The TIAC will be comprised of HUD representatives and Tribal delegates from across the country, representing small, medium, and large tribes. The TIAC will be composed of HUD officials

Up to two Tribal delegates will represent each of the six HUD ONAP regions. Up to three remaining Tribal delegates will serve at-large. Only duly elected or appointed Tribal leaders may serve as TIAC delegates or alternates of the TIAC. The Secretary of HUD will appoint the HUD representatives of the TIAC. TIAC Tribal delegates will serve a term of two years. To ensure consistency between Tribal terms, delegates will have a staggered term of appointment. In order to establish a staggered term of appointment, half of the Tribal delegates appointed in the inaugural year of the TIAC will serve two years and the other half will serve three years. Tribal delegates must designate their preference to serve two or three years; however, HUD will make the final determination on which Tribal delegates will serve two or three years. Once these Tribal delegates complete these initial terms, future Tribal delegates will serve terms that last two years. Should a delegate's tenure as a Tribal leader come to an end during their appointment to the TIAC, the delegate's Tribe will nominate a replacement, if not the already nominated alternate.

E. Function

The establishment of the TIAC is intended to enhance government-to-government relationships, communications, and mutual cooperation between HUD and Tribes. It is not intended to, and will not, create any right to administrative or judicial review, or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other persons.

General Deputy Assistant, Secretary for Public and Indian Housing.
