PART 2638—EXECUTIVE BRANCH ETHICS PROGRAM

1. The authority citation for part 2638 continues to read as follows:

2. Revise § 2638.208 to read as follows:

§ 2638.208 Written guidance on the executive branch ethics program.

This section describes several means by which the Office of Government Ethics provides agencies, employees, and the public with written guidance regarding its legal interpretations, program requirements, and educational offerings. Normally, written guidance is published on the official website of the Office of Government Ethics, www.oge.gov.

(a) Legal advisories. The Office of Government Ethics issues legal advisories, which are memoranda regarding the interpretation of government ethics laws and regulations. They are intended primarily to provide education and notice to executive branch ethics officials; prospective, current, and former executive branch employees; and individuals who interact with the executive branch.

(b) Program advisories. The Office of Government Ethics issues program advisories, which are memoranda regarding the requirements or procedures applicable to the executive branch ethics program and individual agency ethics programs. They are intended primarily to instruct agencies on uniform procedures for the executive branch ethics program.

(c) Informal advisory opinions. Upon request or upon its own initiative, the Office of Government Ethics issues informal advisory opinions. Informal advisory opinions address subjects that in the opinion of the Director do not meet the criteria for issuance of formal advisory opinions. They are intended primarily to provide guidance to individuals and illustrate the application of government ethics laws and regulations to specific circumstances.

[Docket No. RUS–21–ELECTRIC–0019]

RIN 0572–AC53

Streamlining Electric Program Procedures; Correction

AGENCY: Rural Utilities Service, Department of Agriculture (USDA).

ACTION: Final rule; correcting amendment.

SUMMARY: On July 9, 2021, Rural Development’s Rural Utilities Service referred to as “the Agency” or “Agency” published a document to streamline its procedures for the Electric Program borrowers, including its loan application requirements, approval of construction work plans, contract bidding procedures, contact approval procedures, system operation and maintenance reviews, long-range engineering plans and system design procedures. That document inadvertently published the incorrect accounting information. This document corrects the final regulations.

FOR FURTHER INFORMATION CONTACT: For information specific to this notice contact Michele Brooks, Director, Regulations Management, Rural Development Innovation Center—Regulations Management, USDA, 1400 Independence Avenue SW, STOP 1522, Room 4266, South Building, Washington, DC 20250–1522. Telephone: (202) 690–1078. Email michele.brooks@usda.gov.

SUPPLEMENTARY INFORMATION: The Rural Development’s Rural Utilities Service is issuing a correction to the final rule that published July 9, 2021, at 86 FR 36199. In that rule, an inadvertent error provided the incorrect information in the Special Equipment section of part 119 § 1767.41. This correcting amendment provides the proper information.

Airworthiness Directives; Diamond Aircraft Industries GmbH Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for all Diamond Aircraft Industries GmbH Model DA 42, DA 42 NG, and DA 42 M–NG airplanes. This AD was prompted by mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI identifies the unsafe condition as failure of the nose landing gear (NLG) actuator attachment lever and detachment from the NLG leg. This AD requires repetitively inspecting the NLG actuator attachment lever for cracks and damage and taking any necessary corrective actions. The FAA is issuing this AD to address the unsafe condition on these products.
