DEPARTMENT OF COMMERCE
Office of the Under-Secretary for Economic Affairs

15 CFR Part 1500
[Docket No.: 210820–0165]

RIN 0605–AA53

Supplemental Information:

Concrete Masonry Products Research, Education, and Promotion Order: Delayed Effective Date

AGENCY: Under-Secretary for Economic Affairs, United States Department of Commerce.

ACTION: Final rule; delay of effective date.

SUMMARY: This document delays the effective date of the final rule published on September 15, 2021, setting forth the proposed Concrete Masonry Products Research, Education, and Promotion Order, as authorized by the Concrete Masonry Products Research, Education, and Promotion Act of 2018, which establishes a Concrete Masonry Products Board (Board) composed of industry members appointed by the Secretary of Commerce (Secretary) to develop and implement programs of research, education, and promotion in the concrete masonry products industry. The effective date is delayed from November 29, 2021, to December 18, 2021. There have been longer-than-expected delays in delivery of timely completed ballots, and the Department wants to ensure it has time to adequately review and process all ballots received. The change in the effective date of the Order does not affect the referendum period which ends on November 15. If the referendum fails, the Department will publish a document in the Federal Register to withdraw the final rule before the effective date.

DATES: Effective November 16, 2021, the effective date of the final rule published September 15, 2021, at 86 FR 51456, is delayed until December 18, 2021.

Environmental Protection Agency

Air Plan Approval; ID; West Silver Valley Redesignation to Attainment for the 2012 Annual PM2.5 Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is redesignating the West Silver Valley, Idaho nonattainment area to attainment for the 2012 annual fine particulate matter (PM2.5) National Ambient Air Quality Standard (NAAQS). EPA is also approving a maintenance plan for the area that demonstrates continued attainment of the 2012 PM2.5 NAAQS through the year 2031, which Idaho submitted along with the redesignation request for inclusion into the Idaho State Implementation Plan (SIP). Additionally, EPA is approving the 2031 motor vehicle emissions budgets included in Idaho’s maintenance plan for PM2.5, nitrogen oxides and volatile organic compounds. EPA is taking this action pursuant to the Clean Air Act (CAA or the Act).

DATES: This action is effective on December 16, 2021.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R10–OAR–2020–0305. All documents in the docket are listed on the https://www.regulations.gov website. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Supplementary Information: Throughout this document whenever “we,” “us,” or “our” is used, it is intended to refer to EPA.

I. Background

On June 2, 2020, Idaho submitted a request for EPA to redesignate the West Silver Valley area to attainment for the 2012 annual PM2.5 NAAQS under section 107(d)(3)(E) of the CAA. On September 15, 2021, EPA proposed to approve Idaho’s SIP revision (86 FR 51318). An explanation of the CAA requirements, a detailed analysis of the submittal, and the EPA’s reasons for approval were provided in the notice of proposed rulemaking. The public comment period for this proposed rulemaking closed on October 15, 2021. EPA received no comments during the public comment period.

II. Final Action

EPA is redesignating the West Silver Valley 2012 annual PM2.5 nonattainment area and is approving the associated maintenance plan and motor vehicle emission budgets for the area. The designation status of the West Silver Valley under 40 CFR part 81 will be revised to attainment upon the effective date of this final action.

III. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Clean Air Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

• Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
• Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.).
3. The authority citation for part 81 purposes for air quality planning continues to read as follows:

Authority: 42 U.S.C. 7401 et seq. “Shoshone County (part)” to read as follows:

§ 81.313 Idaho.

4. In § 81.313 amend in the table entitled “Idaho—2012 Annual PM 2.5 NAAQS” by revising the entry for
