

Inventory data transmission devices—housing components, electrical components antennae, printed circuit board assemblies, scanner assemblies, flexible printed circuit assemblies; single loudspeakers; antenna filter kits; radio frequency antennas housing and mounting components; and, cartridge fuses (duty rate ranges from duty-free to 6.2%). The request indicates that helical spring lock washers is subject to an antidumping/countervailing duty (AD/CVD) order if imported from certain countries. The Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in privileged foreign status (19 CFR 146.41). The request also indicates that certain components are subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is December 29, 2021.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

Foreign-Trade Zones Board

[B-74-2021]

Foreign-Trade Zone (FTZ) 122—Corpus Christi, Texas, Notification of Proposed Production Activity, Gulf Coast Growth Ventures LLC (Ethylene, Polyethylene, Monoethylene Glycol and Related Co-Products), San Patricio County, Texas

Gulf Coast Growth Ventures LLC submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in San Patricio County, Texas, within Subzone 122W. The notification conforming to the

requirements of the Board's regulations (15 CFR 400.22) was received on November 12, 2021.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material/component described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz. The proposed material/component would be added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed foreign-status material/component is metallocene catalyst, duty-free. The request indicates that metallocene catalyst is subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is December 29, 2021.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

Steel Propane Cylinders From the People's Republic of China: Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstance Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is initiating a changed circumstances review of the antidumping duty (AD) order on steel propane cylinders from the People's

Republic of China (China). Further, Commerce preliminarily determines that Yi Jun Hong Kong Limited (Yi Jun) is the successor-in-interest to Hong Kong GSBF Company Limited (GSBF) and should be assigned the same AD cash deposit rates for purposes of determining AD liability. Interested parties are invited to comment on these preliminary results.

DATES: Effective November 19, 2021.

FOR FURTHER INFORMATION CONTACT: Katherine Sliney, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2437.

SUPPLEMENTARY INFORMATION:

Background

On August 15, 2019, Commerce published in the **Federal Register** the AD order on steel propane cylinders from China.¹ On September 30, 2021, Commerce received a request on behalf of Yi Jun for an expedited changed circumstances review, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.216(b), to establish Yi Jun as the successor-in-interest to GSBF, a Hong Kong trading company and exporter of steel propane cylinders from China produced by GSBF's affiliated producer, GSBF Tank, and thus, entitled to the AD cash deposit rate of GSBF.² We did not receive comments from other interested parties concerning this request.

Scope of the Order

The merchandise covered by the *Order* is steel cylinders for compressed or liquefied propane or other gases (steel propane cylinders) meeting the requirements of, or produced to meet the requirements of, U.S. Department of Transportation (USDOT) Specifications 4B, 4BA, or 4BW, or Transport Canada Specification 4BM, 4BAM, or 4BWM, or United Nations pressure receptacle standard ISO 4706 and otherwise meeting the description provided below. The scope includes steel propane cylinders regardless of whether they have been certified to these specifications before importation. Steel propane cylinders range from 2.5 pound nominal gas capacity (approximate 6 pound water capacity and approximate
