DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed First Amendment to Consent Decree

On November 19, 2021, the Department of Justice lodged a proposed First Amendment to Consent Decree with the United States District Court for the Western District of Louisiana in the lawsuit entitled *United States et al. v. Columbian Chemical Company*, (W.D. La.), Civil Case. No. 6:17-cv-01661.

The Consent Decree, entered by the Court on August 14, 2018, resolved claims by the United States, the State of Kansas, and the State of Louisiana alleging violations of certain Clean Air Act provisions at two carbon black

manufacturing facilities owned and operated by Columbian Chemicals (now “Birla”). The Consent Decree requires Defendant to reduce harmful SO₂, NO_x, and PM emissions through the installation and operation of pollution controls at its North Bend, Louisiana and Hickok, Kansas facilities. Defendant also agreed to spend \$375,000 to fund environmental mitigation projects that will further reduce emissions and benefit communities adversely affected by the pollution from the facilities, and pay a civil penalty of \$650,000.

The proposed First Amendment to Consent Decree would, if entered by the Court, make modifications to the Consent Decree to address and resolve claims by Defendant that force majeure events caused delays in meeting certain compliance deadlines at Defendant’s Borger, Texas facility. The modifications extend certain deadlines in the Consent Decree, while maintaining Defendant’s ultimate obligation to install and operate pollution controls at its facilities.

The publication of this notice opens a period for public comment on the proposed First Amendment to Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. Columbian Chemicals Company*, (W.D. La.), D.J. Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the [regulations.gov](https://www.regulations.gov) docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the [regulations.gov](https://www.regulations.gov) portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we will post on [regulations.gov](https://www.regulations.gov) a "Consolidated Reply" summarizing the

comments, responding to them, and noting any changes we have made to the proposed records schedule. We will then send the schedule for final approval by the Archivist of the United States. You may elect at [regulations.gov](https://www.regulations.gov) to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.
