SUPPLEMENTARY INFORMATION:**Background**

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). On January 6, 2021, Commerce published the notice of initiation of this administrative review, covering Both-Well and Shanghai Maorun.¹ On January 27, 2021, Commerce issued the non-market economy (NME) antidumping duty (AD) questionnaire to Both-Well and Shanghai Maorun. On February 1, 2021, Shanghai Maorun withdrew its request for review.²

On June 28, 2021, Commerce extended the preliminary results deadline by 120 days.³ For a complete

description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁴

Scope of the Order

The merchandise covered by the *Order*⁵ is carbon and alloy forged steel fittings, whether unfinished (commonly known as blanks or rough forgings) or finished. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of the date of publication of the notice of initiation of the requested review. On February 1, 2021, Shanghai Maorun timely withdrew its request for review. Because there was a timely withdrawal of request for review for Shanghai Maorun and because there are no other active requests for review for Shanghai Maorun, we are rescinding this review with respect to Shanghai Maorun, pursuant to 19 CFR 351.213(d)(1).

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act and 19 CFR 351.213. We calculated export prices in accordance with section 772 of the Act. Because China is an NME country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included in the appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).

Separate Rates

In all proceedings involving an NME country, Commerce maintains a rebuttable presumption that all companies are subject to government control and, thus, should be assessed a single weighted-average dumping margin unless the company can affirmatively demonstrate an absence of government control, both in law (*de jure*) and in fact (*de facto*), with respect to its export activities so that it is entitled to separate rate status.⁶ Commerce has preliminarily determined that information placed on the record by Both-Well demonstrates that Both-Well is eligible for separate rate status.

As noted above, we are rescinding this review with respect to Shanghai Maorun. For the reasons stated below, as Shanghai Maorun is currently a part of the China-wide entity, we will continue to treat Shanghai Maorun as part of the China-wide entity. See *Assessment Rates*.

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.⁷ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity.⁸ Because no party requested a review of the China-wide entity in this review, the China-wide entity is not under review and the China-wide entity's rate (*i.e.*, 142.72 percent) is not subject to change.⁹ For additional information, see the Preliminary Decision Memorandum.

Preliminary Results of the Review

Commerce preliminarily determines that the following weighted-average dumping margin exist for the POR:

Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁴

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review. Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁵ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review, when the importer-specific assessment rate calculated in the final results of this review for Both-Well, are not zero or *de minimis* (*i.e.*, less than 0.50 percent). Where Both-Well's importer-specific assessment rate is zero or *de minimis*,¹⁶ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. If Both-Well's weighted-average dumping margin is not zero or *de minimis* in the final results of this review, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation, in accordance with 19 CFR 351.212(b)(1).¹⁷ We intend to calculate importer-specific *ad valorem* assessment rates by dividing the total amount of dumping calculated for all reviewed U.S. sales to the importer by the total entered value of the merchandise sold to the importer for Both-Well.¹⁸

For entries that were not reported in the U.S. sales data submitted by Both-Well during this review, Commerce will instruct CBP to liquidate such entries at

the rate for the China-wide entity pursuant to the NME reseller policy.¹⁹

For Shanghai Maorun, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). For Shanghai Maorun, Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of this notice.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For Both-Well, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously examined Chinese and non-Chinese exporters not listed above that received a separate rate in a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 142.72 percent); and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter.

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

SUPPLEMENTARY INFORMATION:

Background

On January 6, 2021, Commerce published the notice of initiation of an administrative review of the CVD order on forged steel fittings from China.¹ On July 13, 2021, Commerce extended the time period for issuing the preliminary results of this review by 120 days.² Accordingly, the deadline for the preliminary results in this administrative review was postponed to November 30, 2021.³

For a complete description of the events that followed the initiation of this administrative review, *see* the Preliminary Decision Memorandum.⁴ A list of topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. Scope of the Order

The merchandise covered by the order is forged steel fittings. For a complete description of the scope of the order, *see* the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a government financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁵ For a full description of the methodology underlying our

preliminary conclusions, *see* the accompanying Preliminary Decision Memorandum.

As explained in the Preliminary Decision Memorandum, Commerce relied on adverse facts available because the Government of China did not act to the best of its ability in responding to Commerce’s requests for information, and consequently, we have drawn an adverse inference, where appropriate, in selecting from among the facts otherwise available.⁶ For further information, *see* “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

Preliminary Results of Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated a countervailable subsidy rate for Both-Well, the sole mandatory respondent in this review. We preliminarily determine that the following subsidy rate exists for Both-Well:

Company	Subsidy rate (percent)
Both-Well (Taizhou) Steel Fittings, Co., Ltd	13.39

Assessment Rate

In accordance with 19 CFR 351.221(b)(4)(i), we preliminarily assigned a subsidy rate in the amount shown above for the producer/exporter shown above. Upon completion of the administrative review, consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. Commerce intends to issue instructions directly to CBP no earlier than 35 days after publication of the final results of this review in the **Federal Register**.

Cash Deposit Rate

Pursuant to section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount indicated for Both-Well with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate
