## II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 7, "Application for NRC Export/Import License Amendment, Renewal, or Consent Request(s)." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on August 26, 2021 (86 FR 47661).

8. *The estimated number of annual respondents:* 64.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 153.6.

10. *Abstract:* Persons in the U.S. wishing to export or import nuclear material or equipment, or byproduct material requiring a specific authorization, amend or renew a license, or wishing to request consent to export Category 1 quantities of byproduct material must file an NRC Form 7 application. The NRC Form 7 application will be reviewed by the NRC and by the Executive Branch, and if applicable statutory, regulatory, and policy considerations are satisfied, the NRC will issue an export, import, amendment or renewal license or notice of consent.
