Forest Service

Title: Forest Products Removal Permits and Contracts.

OMB Control Number: 0596-0085.

Summary of Collection: The Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246, 122 Stat. 1651) hereinafter the "2008 Farm Bill"), section 8105 authorizes that the Secretary of Agriculture may provide, free of charge, to federally recognized Indian Tribes trees, portions of trees, or forest products from National Forest System lands for noncommercial traditional and cultural purposes. Individuals and businesses that wish to remove forest products from national forest lands must request a permit. 16 U.S.C. 551 requires the promulgation of regulations to regulate forest use and

prevent destruction of the forests. Regulations at 36 CFR 223.1 and 223.2 govern the sale of forest products such as Christmas trees, pinecones, moss, and mushrooms. Regulations at 36 CFR 223.5 through 223.11 set forth conditions under which free use of forest products may be obtained by individuals or organizations. Upon receiving a permit, the permittee must comply with the terms of the permit at 36 CFR 261.6 that designate the forest products that can be harvested and under what conditions, such as limiting harvest to a designated area or permitting harvest of only specifically designated material.

Both the Forest Service (FS) and Department of the Interior, Bureau of Land Management (BLM) will use the Forest Products Removal Permit and Cash Receipt to collect information.

Need and Use of the Information: This information is collected from Individuals/Households, businesses wishing to remove forest products from National Forest System and/or Bureau of Land Management lands. Additionally, this information is collected from federally recognized Indian Tribes wishing to remove trees, portions of trees, or forest products from National Forest System lands for traditional and cultural purposes under the authority of section 8105 of the 2008 Farm Bill (and additionally reference 36 CFR 223.15). The collected information is required to determine if the requester meets the criteria for free-use or sale of forest products as authorized by regulations, and to ensure that the permittee/contractor complies with regulations and terms of the permit or contract.

This information allows Agency compliance personnel to identify permittees in the field.

Identification information is used to verify names and addresses, to record the individuals, and businesses obtaining forest products, and to record the Indian Tribes obtaining free use of trees, portions of trees, or forest products under the authority of section 8105 of the 2008 Farm Bill.

This information is necessary to ensure that individuals and businesses have not received product values in excess of the amount allowed by regulation in any one fiscal year.

Law enforcement and other personnel conducting field compliance checks use

the information to identify permittees, ensure that the person harvesting a forest product has a permit during the forest product collection, and to ensure that the forest product collection is being performed in the area described on the permit.

Expiration Date of Approval: May 31, 2022.

Type of Request: To revise and extend a currently approved information collection for a period of three years.
