Forest Service

Title: Community Forest and Open Space Conservation Program.

OMB Control Number: 0596-0227.

Summary of Collection: The Forest Service (FS) is authorized to implement the Community Forest and Open Space Program (CFP) under Section 8003 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-234; 122 Stat. 2043), which amends the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2103d). The purpose of the CFP is to achieve community benefits through grants to local governments, Indian Tribes, and nonprofit organizations to establish community forests by acquiring and protecting private forestlands.

Need and Use of the Information: The applicant will need to provide information as outlined in the rule and the request for proposal. Applicants representing local governments or non-profits will submit CFP applications to their State Foresters. Indian Tribes submit applications directly to the Forest Service. The State Forester or the equivalent Indian Tribe official, per section § 230.03 of the rule, will forward all applications to the FS. FS will use the information in the application to: (1) Determine that the applicant is eligible to receive funds under the program; (2) determine if the proposal meets the qualifications in the law and regulations; (3) evaluate and rank the proposals based on standard, consistent information; and (4) determine if the projects costs are allowable and sufficient cost share is provided. The FS would not be able to implement the program effectively or at all if the collection was conducted less frequently or not at all.

Description of Respondents: Non-profit Organizations; State, Local and Tribal Governments.

Number of Respondents: 50.

Frequency of Responses: Annually; Quarterly; Reporting and Record Keeping.

Total Burden Hours: 1,200.

Dated: December 8, 2021.

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Cold Storage Survey. Revisions to burden hours will be needed due to changes in the size of the target population, updated data collection plan, and the estimated average burden minutes to complete each questionnaire. The questionnaires have had some minor modifications to accommodate changes in the products stored by the industry, and to make the questionnaires easier to complete. The target population of cold storage operators (both mandatory and voluntary samples) will be contacted for this data on a monthly basis. The capacity survey is conducted once every other year of all operations with refrigerated storage capacity. Most of these surveys are voluntary; the one exception is for operations that store certain manufactured dairy products that are required by Public Law 106-532 and 107-171 to respond.

DATES: Comments on this notice must be received by February 11, 2022 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0001, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *E-fax:* (855) 838-6382.

• *Mail:* Mail any paper, disk, or CD-ROM submissions to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, 202-720-4333. Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS—OMB Clearance Officer, at 202-690-2388 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Cold Storage Survey.

OMB Control Number: 0535-0001.

Expiration Date of Approval: May 31, 2022.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare, and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The monthly Cold Storage Survey provides information on national supplies of food commodities in refrigerated storage facilities. A biennial survey of refrigerated warehouse capacity is also conducted to provide a benchmark of the capacity available for refrigerated storage of the nation's food supply. Information on stocks of food commodities that are in refrigerated facilities have a major impact on the price, marketing, processing, and distribution of agricultural products.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This notice is submitted in accordance with the Paperwork Reduction Act of 1995, (Pub. L. 104-13) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115-435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting

statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

Most of these surveys are voluntary; the one exception is for operations that store certain manufactured dairy products that are required by Public Law 106–532 and 107–171 to respond.

Estimate of Burden: Public reporting burden for this information collection is based on 2 individual surveys with expected responses of 15–30 minutes. The Refrigerated Capacity Survey is conducted once every 2 years, the Cold Storage survey is conducted monthly.

Respondents: Refrigerated storage facilities.

Estimated Number of Respondents: 1,500.

Estimated Total Annual Burden on Respondents: With an estimated response rate of approximately 85%, we estimate the burden to be 5,300 hours.

Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690–2388.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, December 1, 2021.

Kevin L. Barnes,

Associate Administrator.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the List Sampling Frame Surveys. Revision to burden hours will be needed due to (1) The survey not being conducted for 2022 due to the Census of Agriculture, and the discontinuation of the June Area Research Project (JARP) currently in the inventory. Annually, NASS obtains lists of farm and ranch operators from different crop and livestock organizations. Before adding these names to our list of active operators we will contact the individuals to determine if they qualify as a farm or ranch and then collect basic information from them on the size and type of operation they have. These data will be used to eliminate any duplication we may have with names already on our list.

DATES: Comments on this notice must be received by February 11, 2022 to be assured of consideration.

Title: List Sampling Frame Surveys.
OMB Control Number: 0535–0140.
Expiration Date of Approval: May 31, 2022.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture. The List Sampling Frame Surveys are used to develop and maintain a complete list of possible farm and ranch operations. The goal is to produce for each State a relatively complete, current, and unduplicated list of names for statistical sampling for agricultural operation surveys and the Census of Agriculture. Data from these agricultural surveys are used by government agencies and educational institutions in planning, farm policy analysis, and program administration. More importantly, farmers and ranchers use NASS data to help make informed business decisions on what commodities to produce and when is the optimal time to market their products. NASS data is useful to farmers in comparing their farming practices with the economic and environmental data published by NASS.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.
