[Docket No. OSHA–2011–0860]

The 13 Carcinogens Standards; Extension of the Office of Management and Budget’s (OMB) Approval of Information Collection (Paperwork) Requirements

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Request for public comments.

SUMMARY: OSHA solicits public comments concerning the proposal to obtain the Office of Management and Budget’s (OMB) approval for the information collection requirements contained in the 13 Carcinogens Standard.

DATES: Comments must be submitted (postmarked, sent or received) by February 14, 2022.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at http://www.regulations.gov, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Docket: To read or download comments or other material in the docket, go to http://www.regulations.gov. Documents in the docket are listed in the http://www.regulations.gov index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the website. All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Contact the OSHA Docket Office at (202) 693–2350, (TTY (877) 889–5627) for assistance in locating docket submissions.

Instructions: All submissions must include the agency name and the OSHA docket number for this Federal Register notice (OSHA–2011–0860). OSHA will place comments and requests to speak, including personal information, in the public docket, which may be available online. Therefore, OSHA cautions interested parties about submitting personal information such as Social Security numbers and birthdates. For further information on submitting comments, see the “Public Participation” heading in the section of this notice titled SUPPLEMENTARY INFORMATION.

FOR FURTHER INFORMATION CONTACT:

Seleda Perryman or Theda Kenney, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, telephone (202) 693–2222.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the correct format, reporting burden (time and costs) is minimal, collection instruments are clearly understandable, and OSHA’s estimate of the information collection burden is correct. The OSH Act (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements specified in the 13 Carcinogens Standard (29 CFR 1920.1003, 1915.1003, and 1926.1103) protect workers from the adverse health effects that may result from their exposure to the specified carcinogens. The following is a brief description of the collection of information requirements contained in the 13 Carcinogens Standard: Establishing and implementing a medical surveillance program for workers assigned to enter regulated areas; informing workers of their medical examination results; and providing workers with access to their medical records. Further, employers must retain worker medical records for specified time periods and make them available upon request to OSHA and NIOSH.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

• Whether the proposed information collection requirements are necessary for proper performance of the agency’s functions, including whether the information is useful;
• The accuracy of OSHA’s estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
• The quality, utility, and clarity of the information collected; and
• Ways to minimize the burden on employers who must comply. For example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting an adjustment increase of 105.34 hours (from 1,504 hours to 1,609.34 hours). The increase is a result of a slight growth in the number of establishments affected by the Standard from 101 to 104 establishments. This results in an increase in the number of workers receiving medical examinations, from 695 to 716. The agency is also requesting an adjustment cost increase of $191,794, which is the result of an increase in the cost of medical examinations from $186 to $429. The cost of the physical exam is $180 and the hospital fee for out-of-network/uninsured patient is $249. This explains the 61% increase in cost of the medical cost.

Type of Review: Extension of a currently approved collection.

OMB Control Number: 1218–0085.

Affected Public: Businesses or other for-profits.

Frequency of Responses: On occasion, annually.

Average Time per Response: Time per response ranges from approximately 5 minutes (for employers to maintain records) to 2 hours (for worker medical surveillance).

Number of Respondents: 1,640.

Total Responses: 1,640.

Burden Hours: 1,609.34.

Estimated Cost (Operation and Maintenance): $307,164.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows: (1) Electronically at http://www.regulations.gov, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All

[Docket No. OSHA–2010–0046]

QPS Evaluation Services, Inc.: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for QPS Evaluation Services, Inc. as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on December 15, 2021.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources: Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, telephone: (202) 693–1999; email: meilinger.francis2@dol.gov. General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, phone: (202) 693–2110 or email: robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:
I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of QPS Evaluation Services, Inc. (QPS) as a NRTL. QPS’s expansion covers the addition of eleven test standards to the NRTL’s scope of recognition. OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including QPS, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at http://www.osha.gov/dts/otpca/nrtl/index.html.

QPS submitted an application, dated January 30, 2020 (OSHA–2010–0046–0015) to add eleven additional test standards to QPS’s NRTL recognition. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

To obtain or review copies of all public documents pertaining to QPS’s application, go to http://www.regulations.gov or contact the Docket Office at (202) 693–2330 (TTY (877) 889–5627) for assistance in locating docket submissions. Docket No. OSHA–2010–0046 contains all materials in the record concerning QPS’s recognition.

II. Final Decision and Order

OSHA staff examined QPS’s expansion application, its capability to meet the requirements of the test standard, and other pertinent information. Based on its review of this evidence, OSHA finds that QPS meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitations and conditions listed in this notice. OSHA, therefore, is proceeding with this final notice to grant this expansion to QPS’s scope of recognition. OSHA limits the expansion of QPS’s recognition to testing and certification of products for demonstration of conformance to the test standards listed below in Table 1.

Douglas L. Parker.
Assistant Secretary of Labor for Occupational Safety and Health.
