

Florida Department of Health's License Verification, Licensee Lookup, <https://mqa-internet.doh.state.fl.us/MQASearch/Services/Home> (last visited date of signature of this Order).

Accordingly, I find that Registrant currently is not licensed to engage in the practice of pharmacy in Florida, the state in which Applicant applied for registration with the DEA.

#### Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under section 823 of the Controlled Substances Act (hereinafter, CSA) "upon a finding that the registrant . . . has had [its] State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances." With respect to a practitioner, the DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *See, e.g., James L. Hooper, M.D.*, 76 FR 71,371 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh Blanton, M.D.*, 43 FR 27,616, 27,617 (1978).

This rule derives from the text of two provisions of the CSA. First, Congress defined the term "practitioner" to mean "a pharmacy . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice." 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner's registration, Congress directed that "[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices." 21

U.S.C. 823(f). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, the DEA has held repeatedly that revocation of a practitioner's registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the state in which he practices. *See, e.g., James L. Hooper*, 76 FR at 71,371–72; *Sheran Arden Yeates, M.D.*, 71 FR 39,130, 39,131 (2006); *Dominick A. Ricci, M.D.*, 58 FR 51,104, 51,105 (1993); *Bobby Watts, M.D.*, 53 FR 11,919, 11,920 (1988); *Frederick Marsh Blanton*, 43 FR at 27,617.

According to Florida statute, "It is unlawful for any person to own, operate, maintain, open, establish, conduct, or have charge of, either alone or with another person or persons, a pharmacy: (a) Which is not registered under the provisions of this chapter."<sup>5</sup> Fla. Stat. Ann. § 465.015(1). Further, "the practice of the profession of pharmacy" definition "includes compounding, dispensing, and consulting concerning contents, therapeutic values, and uses of any medicinal drug<sup>6</sup> . . ." Fla. Stat. Ann. § 465.003(13) (West, 2021).

Here, the undisputed evidence in the record is that Applicant currently lacks authority to operate a pharmacy in Florida. As already discussed, a pharmacy must be a licensed to dispense a medicinal drug, including a controlled substance, in Florida. Thus, because Applicant lacks authority to practice pharmacy in Florida and, therefore, is not authorized to dispense controlled substances in Florida, Applicant is not eligible to receive a DEA registration. Accordingly, I will order that Applicant's application for a DEA registration be denied.

#### Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(f), I hereby order that the pending application for a Certificate of Registration, Control Number W18097945A, submitted by Cypress Creek Pharmacy, LLC is denied, as well as any other pending application of Cypress Creek Pharmacy, LLC for

additional registration in Florida. This Order is effective January 19, 2022.

Anne Milgram,  
Administrator.

paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Job Corps is the nation's largest residential, educational, and career technical training program for the economically disadvantaged youths. The Economic Opportunity Act established Job Corps in 1964, and it currently operates under the authority of the Workforce Innovation and Opportunity Act (WIOA) of 2014. For over 56 years, Job Corps has helped prepare over three million at-risk young people between the ages of 16 and 24 for success in our nation's workforce. With 121 centers in 50 states, Puerto Rico, and the District of Columbia, Job Corps assists students across the nation in attaining academic credentials, including High School Diplomas (HSD) and/or High School Equivalency (HSE), and career technical training credentials, including industry-recognized certifications, state licensures, and pre-apprenticeship credentials.

Job Corps is a national program administered by the U.S. Department of Labor (DOL) through the Office of Job Corps and six Regional Offices. DOL awards and administers contracts for the recruiting and screening of new students, center operations, and the placement and transitional support of graduates and former enrollees. Large and small corporations and nonprofit organizations manage and operate 95 Job Corps centers under contractual agreements with DOL. These contract Center Operators are selected through a competitive procurement process that evaluates potential operators' technical expertise, proposed costs, past performance, and other factors, in accordance with the Competition in Contracting Act and the Federal Acquisition Regulations. Many of the current contractors operate more than one center. The two centers operated under demonstration grants are run by the State of Idaho and the National Guard Job Challenge program respectively. Of the 121 current centers, 24 are managed and operated by the U.S. Department of Agriculture—Forest Service (USDA) through an interagency

agreement. Additionally, there are 26 public colleges and universities operating Job Corps Scholars Program demonstration grants.
