

number or appeal number; date and/or year of request or appeal; subject matter; and in some instances may be retrieved by other identifiers assigned by the component.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Retention and disposal of records in this system of records is governed by General Records Schedule 4.2, Information Access and Protection Records, as follows:

A. *Access request files.* Case files created in response to requests for records under the FOIA and Privacy Act, including administrative appeals, are destroyed six years after final agency action (initial response or appeal) or three years after final adjudication by the courts if applicable, whichever is later. (*Note:* National Security Agency documents and supporting files created in response to FOIA requests and appeals are destroyed when 50 years old.)

B. *Privacy Act amendment request files.* Files relating to an individual's request to amend a record subject to the Privacy Act and any appeal or civil action that follows are destroyed with the records for which amendment was requested or four years after the final determination by agency or final adjudication by the courts if applicable, whichever is later.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

DoD safeguards records in this system of records according to applicable rules, policies, and procedures, including all applicable DoD automated systems security and access policies. DoD policies require the use of controls to minimize the risk of compromise of personally identifiable information (PII) in paper and electronic form and to enforce access by those with a need to know and with appropriate clearances. Additionally, DoD has established security audit and accountability policies and procedures which support the safeguarding of PII and detection of potential PII incidents. DoD routinely employs safeguards such as the following to information systems and paper recordkeeping systems: Multifactor log-in authentication including Common Access Card (CAC) authentication and password; Secret internet Protocol Router (SIPR) token as required; physical and technological access controls governing access to data; network encryption to protect data transmitted over the network; disk encryption securing disks storing data; key management services to safeguard encryption keys; masking of sensitive

data as practicable; mandatory information assurance and privacy training for individuals who will have access; identification, marking, and safeguarding of PII; physical access safeguards including multifactor identification physical access controls, detection and electronic alert systems for access to servers and other network infrastructure; and electronic intrusion detection systems in DoD facilities.

RECORD ACCESS PROCEDURES:

Individuals seeking access to their records should follow the procedures in 32 CFR part 310. Individuals should address written inquiries to the DoD office with oversight of the records. The public may identify the contact information for the appropriate DoD office through the following website: www.FOIA.gov. Signed written requests should contain the name and number of this system of records notice along with the full name, current address, email address, and telephone number of the individual. The individual should also include the FOIA or Privacy Act case identification number, if available. In addition, the requester must provide either a notarized statement or an unsworn declaration made in accordance with 28 U.S.C. 1746, in the appropriate format:

If executed outside the United States: "I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature)."

If executed within the United States, its territories, possessions, or commonwealths: "I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct. Executed on (date). (Signature)."

Note 4: In general, this system of records will not be deemed to cover the underlying records that are responsive to an access or amendment request. Rather, this system of records covers the access, amendment, or appeal requests themselves, correspondence created as a result of such requests, and the other categories of records itemized in paragraphs (A)–(G) of the Categories of Records section. In the case of a first-party Privacy Act request, underlying responsive records will typically be covered by a separate system of records. Consistent with paragraph (H) in the Categories of Records section, this system of records does not confer to a FOIA requester access rights under the Privacy Act to copies of the requested records.

CONTESTING RECORD PROCEDURES:

Individuals seeking to amend or correct the content of records about them should follow the procedures in 32 CFR part 310.

NOTIFICATION PROCEDURES:

Individuals seeking to determine whether information about themselves is contained in this system of records should follow the instructions for Records Access Procedures above.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

Pursuant to 5 U.S.C. 552a(j)(2), portions of this system are exempt from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5), (e)(8); (f); and (g). Additionally, pursuant to 5 U.S.C. 552a(k)(1), (k)(2), (k)(3), (k)(5), (k)(6), and (k)(7) portions of this system are exempt from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H), (e)(4)(I); and (f). When DoD is processing Privacy Act and/or FOIA requests, responding to appeals, or participating in FOIA or Privacy Act litigation, exempt materials from other systems of record may become part of the records in this system. When exempt records received from other systems of records become part of this system, DoD also claims the same exemptions for those records that are claimed for the prior system(s) of records from which they originated and claims any additional exemptions set forth here. Exemption rules for this system have been promulgated in accordance with requirements of 5 U.S.C. 553(b)(1), (2), and (3), (c), and (e) and published in 32 CFR part 310.
