discuss development of its Allocations Decision Tool.

DATES: The Council meeting will be held from 1 p.m. until 5 p.m. on Monday, February 7, 2022.

ADDRESSES:

Meeting address: The meeting will be held via webinar. Webinar registration is required. See **SUPPLEMENTARY INFORMATION**.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 20405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 302-8440 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: Meeting information, including the webinar registration link, agenda, briefing book materials and an online comment form will be posted on the Council's website at: <http://safmc.net/safmc-meetings/council-meetings/>.

The Council will focus discussion on its Allocation Decision Tool, which has been under development since 2020. The Council will apply the decision tool, as currently drafted, to Greater Amberjack to determine its functionality

and discuss changes that should be made as well as how it will be best utilized to inform sector allocation decisions for other managed species in the future.

Comments may be submitted through the online form on the Council's website <http://safmc.net/safmc-meetings/council-meetings/> beginning on Monday, January 24, 2022, and through 5 p.m. on February 7, 2022. Written comments may be directed to John Carmichael, Executive Director, South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 20405.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

South Atlantic Fishery Management Council (Council); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce

ACTION: Notice of scoping meetings and open public comment.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a series of scoping meetings via webinar pertaining to Amendments 51, 52, and 53 to the Fishery Management Plan (FMP) for the Snapper Grouper Fishery of the South Atlantic Region. The amendments adjust catch levels for snowy grouper, golden tilefish, and gag based on results of the latest stock assessments for those species, respectively, and consider adjusting management measures where needed. In addition, Amendment 52 considers changes to recreational accountability and management measures for blueline tilefish. The Council is also soliciting input on ways to reduce the number of released fish and improve the survival of released fish by the snapper grouper fishery in the South Atlantic region. The Council intends to develop a Release Mortality Reduction Framework Amendment to address this issue across the fishery and revise red snapper catch levels.

DATES: The scoping meetings for Amendments 51, 52, and 53 will be held via webinar on February 1, 2 and 3, 2022. Comments on approaches to curb release mortality are being solicited online only at this time to assist the Council in narrowing down options that can be explored further. Scoping

hearings for the resulting amendment will be held later in 2022.

ADDRESSES: *Council address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The scoping meetings for Amendments 51, 52, and 53 will be conducted via webinar. The scoping meetings will begin at 6 p.m. Registration for the webinars is required. Registration information, a summary of the issues to be scoped, an online public comment form and any additional information will be posted on the Council's website at <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/> by January 18, 2022.

An online public comment form to gather input on approaches to reduce release mortality in the snapper grouper fishery will be posted on the Council's website at: <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/>. Public comments on all the topics must be received by 5 p.m. on February 4, 2022.

Amendment 51 to the Snapper Grouper FMP

The Council must adjust catch levels for snowy grouper in response to the most recent stock assessment for the species in the region conducted through the Southeast Data, Assessment, and Review (SEDAR) stock assessment process, SEDAR 36 Update (2020). The assessment indicated the stock continues to be overfished and is undergoing overfishing. A rebuilding plan is already in place for snowy grouper; however, catch levels must be adjusted based on the new acceptable biological catch recommended by the Council's Scientific and Statistical Committee (SSC). In addition, the Council is considering modifications to annual catch limits, sector allocations, accountability measures, and management measures.

Amendment 52 to the Snapper Grouper FMP

The stock of golden tilefish in the South Atlantic was most recently assessed through SEDAR 66 (2020), which indicated the stock is not overfished nor undergoing overfishing but is near the overfishing threshold. The Council must adjust catch levels based on the new recommended acceptable biological catch, review

sector allocations, and consider whether other modifications to the management of golden tilefish are needed at this time. In the same amendment, the Council is also considering revising recreational management measures and accountability measures for blueline tilefish.

Amendment 53 to the Snapper Grouper FMP

Results of SEDAR 71 (2021) indicated the gag stock in the South Atlantic is overfished and undergoing overfishing. A rebuilding plan is being considered in this amendment to rebuild the stock and adjust fishing mortality to end overfishing. In addition to adjusting catch levels and sector allocations, the Council is exploring modifications to management measures and accountability measures. During the scoping meetings, Council staff will present an overview of the issues and will be available to answer questions via webinar. Members of the public will have an opportunity to go on record to provide their comments for consideration by the Council.
