

the amount of deposit insurance coverage available for each deposit account in the event of failure. Pursuant to § 370.8(b)(1), one or more covered institutions may submit a request in the form of a letter to the FDIC for an exception from one or more of the requirements of part 370 if circumstances exist that would make it impracticable or overly burdensome to meet those requirements. Pursuant to § 370.8(b)(2), the FDIC publishes a notice of its response to each exception request in the **Federal Register**. Pursuant to § 370.8(b)(3), a covered institution may rely upon another covered institution's exception request which the FDIC has previously granted by notifying the FDIC that it will invoke relief from certain part 370 requirements and demonstrating that the covered institution has substantially similar facts and circumstances to those of the covered institution that has already received the FDIC's approval. The notification letter must also include the information required under § 370.8(b)(1) and cite the applicable notice published pursuant to § 370.8(b)(2). Unless informed otherwise by the FDIC within 120 days after the FDIC's receipt of a complete notification for exception, the exception will be deemed granted subject to the same conditions set forth in the FDIC's published notice.

These grants of relief will be subject to ongoing FDIC review, analysis, and verification during the FDIC's routine part 370 compliance tests. The FDIC presumes each covered institution is meeting all the requirements set forth in the Rule unless relief has otherwise been granted. These grants of relief may be rescinded or modified upon: Discovery of misrepresentation; material change of circumstances or conditions related to the subject accounts; or failure to satisfy conditions applicable to each. The following exceptions were granted by the FDIC as of December 20, 2021.

I. Exception Relief for Additional Time To Integrate Information Technology Systems That Contain the Requisite Information To Calculate Deposit Insurance for Official Items

The FDIC granted time-limited exception relief from part 370's information technology system requirements set forth in § 370.3 and recordkeeping requirements set forth in § 370.4 applicable to official items, as described in 12 CFR 370.4(c), for up to 18 months after the compliance date. One covered institution requested exception relief from the recordkeeping and information technology system requirements with respect to interest payments made to customers via official

items and official items used in the accounts payable process to remit vendor payments. The covered institution previously completed system enhancements that provide the name, address, and amount of the official items; however, the government identification number, where it is available, is not immediately accessible by its part 370 calculation system because the systems that create the payments are not connected to the core deposit and accounts payable systems that store the customer information. The covered institution requested exception relief in order to develop, test, implement, and validate its planned solution that requires it to source the government identification number from the systems that contain customer information and provide that data into the part 370 calculation system. The other covered institution requested exception relief from the information technology system and recordkeeping requirements for official items for which the covered institution may have sufficient information to make a deposit insurance calculation but does not have the capability to retrieve the information or reliably tie it to the payee. The covered institution does not currently have a method for tracing official items back to the original loan or deposit servicing information technology systems in a manner that would permit it to associate government identification numbers, if available, with other payee information in the covered institution's payment systems. The covered institution requested exception relief in order to assess and implement a solution to this issue that would seek to appropriately balance the requirements of the Rule and consumer data security and other considerations.

As conditions of this exception relief, these covered institutions must: Provide documentation that describes the process put in place to manually calculate deposit insurance for the subject accounts in the event of failure during the relief period; maintain the capability to restrict access to the deposit accounts subject to this exception in the event of failure until a deposit insurance determination can be made and place all such accounts into the pending file of its part 370 output files during the relief period; submit a status report to part370@fdic.gov at the midpoint of the exception relief period; and immediately bring to the FDIC's attention any change of circumstances or conditions.

BILLING CODE 6714-01-P

FEDERAL ELECTION COMMISSION

[Notice 2021-19]

Privacy Act of 1974; New System of Records

AGENCY: Federal Election Commission.

ACTION: Notice of new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Federal Election Commission ("the FEC" or "the Commission" or "the agency") is publishing for comment a new system of records that is maintained by the Commission. This new system has been entitled FEC 17, Reasonable Accommodation. This system has been proposed as a result of a reevaluation of the manner in which the Commission maintains records.

DATES: Comment on the establishment of the new system of records must be received no later than January 27, 2022. The new system of records will be effective February 7, 2022 unless the Commission receives comments that would result in a contrary determination.

ADDRESSES: Comments should be addressed in writing to Gregory Baker, Co-Chief Privacy Officer, Federal Election Commission, 1050 First Street NE, Washington, DC 20463, by close of business on January 27, 2022.

FOR FURTHER INFORMATION CONTACT: Gregory Baker, Co-Chief Privacy Officer, Federal Election Commission, (202) 694-1612.

SUPPLEMENTARY INFORMATION: The Privacy Act regulates the collection, maintenance, use and dissemination of information about individuals by Federal agencies. Its basic rule generally prohibits the disclosure of any individual's "record," if contained in a "system of records" to a third party without the individual's consent. See 5 U.S.C. 552a(b). A "system of records" is any group of records in which records can be retrieved by the individual's name, or by a unique identifier assigned to the individual. See 5 U.S.C. 552a(a)(5).

There are a number of exceptions to the basic rule of nondisclosure without consent. Among them is an exception that permits nonconsensual disclosure

for a “routine use”—that is, a use compatible with the purposes for which the record was collected. 5 U.S.C. 552a(b)(3). Individuals are also, again with exceptions, guaranteed access to their records, and the right to request amendment of their records if they believe the records are inaccurate. See generally 5 U.S.C. 552a(d). To facilitate these provisions, each agency must periodically review its systems of records and publish a notice in the **Federal Register** containing certain specified information about them. The FEC has undertaken and completed such a review and determined that the FEC needed to establish a Reasonable Accommodation system of records.

The FEC proposes to establish the system of records entitled FEC 17, Reasonable Accommodations. FEC 17 would cover documents collected and maintained by the Equal Employment Opportunity (“EEO”) Office at the Federal Election Commission. These records would be collected under the authority of The Rehabilitation Act of 1973, 29 U.S.C. 701, 791, 794; Title VII of the Civil Rights Act of 1964, 42 U.S.C. 2000e; 29 CFR 1605 (Guidelines on Discrimination Because of Religion); 29 CFR 1614 (Federal Sector Equal Employment Opportunity); 29 CFR 1614.203 (Regulations to Implement the Equal Employment Provisions of the Americans With Disabilities Act); 5 U.S.C. 302, 1103; Executive Order 13164, Requiring Federal Agencies to Establish Procedures to Facilitate the Provision of Reasonable Accommodation (July 26, 2000); Americans with Disabilities Act Amendments Act (ADAAA) of 2008; and Executive Order 13548, Increasing Federal Employment of Individuals with Disabilities (July 26, 2010).

As required by 5 U.S.C. 552a(r) of the Privacy Act of 1974, as amended, and OMB Circular A-130, the FEC has submitted a report describing the new and altered systems of records covered by this notice to the Office of Management and Budget and to Congress.

Dated: December 21, 2021.

Gregory Baker,

SUPPLEMENTARY INFORMATION:

A. Need For and Use of the Information Collection

FHFA is seeking OMB clearance under the PRA for a collection of information known as the "American Survey of Mortgage Borrowers" (ASMB). The ASMB, conducted annually or biennially, is a voluntary survey of individuals who currently have a first mortgage loan secured by single-family residential property. The 2020 survey questionnaire consisted of 92 questions designed to learn directly from mortgage borrowers about their mortgage experience, any challenges they may have had in maintaining their mortgage, and their experience with mortgage forbearance and the COVID–19 pandemic. It requested specific information on: The mortgage; the

mortgaged property; the borrower's experience with the loan servicer; any serious life events that had happened to the borrower in 2020; and the borrower's financial resources and financial knowledge. FHFA is also seeking clearance to pretest future iterations of the survey questionnaire and related materials from time to time through the use of focus groups. A copy of the 2020 survey questionnaire appears at the end of this notice.

The ASMB is a component of the "National Mortgage Database" (NMDB) Program, which is a joint effort of FHFA and the Consumer Financial Protection Bureau (CFPB). The NMDB Program is designed to satisfy the Congressionally-mandated requirements of section 1324(c) of the Federal Housing Enterprises Financial Safety and Soundness Act.¹ Section 1324(c) requires that FHFA conduct a monthly survey to collect data on the characteristics of individual prime and subprime mortgages, and on the borrowers and properties associated with those mortgages, in order to enable it to prepare a detailed annual report on the mortgage market activities of the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac) for review by the appropriate Congressional oversight committees. Section 1324(c) also authorizes and requires FHFA to compile a database of otherwise unavailable residential mortgage market information to make that information available to the public in a timely fashion.

As a means of fulfilling these and other statutory requirements, as well as to support policymaking and research regarding the residential mortgage markets, FHFA and CFPB jointly established the National Mortgage Database Program in 2012. The Program is designed to provide comprehensive information about the U.S. mortgage market and has three primary components: (1) The NMDB; (2) the quarterly National Survey of Mortgage Originations (NSMO); and (3) the ASMB.

The NMDB is a de-identified loan-level database of closed-end first-lien residential mortgage loans that is representative of the market as a whole, contains detailed loan-level information on the terms and performance of the mortgages and the characteristics of the associated borrowers and properties, is continually updated, has an historical component dating back to 1998, and provides a sampling frame for surveys to collect additional information.
