Analysis of Comments Received

All issues raised in case and rebuttal briefs by interested parties to this

administrative review are addressed in the Issues and Decision Memorandum. For a list of issues raised by parties, see the appendix to this notice.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, we made certain changes to the

preliminary weighted-average margin calculations for Thai Union.⁷

Final Results of the Review

We are assigning the following weighted-average dumping margin to Thai Union for the period February 1, 2019, through January 31, 2020:

Exporter/producer	Weighted-average dumping margin (percent)
Thai Union Group Public Co., Ltd./Thai Union Seafood Co., Ltd./Pakfood Public Company Limited/Asia Pacific (Thailand) Co., Ltd./Chaophraya Cold Storage Co., Ltd./Okeanos Co., Ltd./Okeanos Food Co., Ltd./Takzin Samut Co., Ltd.	0.57

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), where Thai Union reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where either the respondent’s weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁸

Commerce’s “automatic assessment” will apply to entries of subject merchandise during the POR produced by Thai Union for which Thai Union did not know that the merchandise it sold to the intermediary (*e.g.*, a reseller,

trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁹

We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Thai Union will be 0.57 percent; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company was reviewed or investigated; (3) if the exporter is not a firm covered in this review, a previous review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently

completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 5.34 percent, the all-others rate made effective by the *Section 129 Determination*.¹⁰ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

⁶ For a complete description of the scope of the order, see the Issues and Decision Memorandum.

⁷ See accompanying Issues and Decision Memorandum.

⁸ See section 751(a)(2)(C) of the Act.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, we made changes to the programming language to correct three errors.⁴

Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for the period June 1, 2019, through May 31, 2020:

Disclosure

Commerce intends to disclose to interested parties the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rate

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Because the weighted-average dumping margin is zero for Dalmine S.p.A. (Dalmine), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁵

For entries of subject merchandise during the POR produced by Dalmine for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided
