SUPPLEMENTARY INFORMATION:

Background

On February 4, 2021, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on welded line pipe from the Republic of Korea

(Korea).¹ The period of review is December 1, 2019, through November 30, 2020. In August 2021, we extended the preliminary results of this review to no later than December 30, 2021.² For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.³

Scope of the Order

The merchandise subject to the Order is welded line pipe.⁴ The product is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) item numbers: 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060, 7305.12.5000, 7305.19.1030, 7305.19.5000, 7306.19.1010, 7306.19.1050, 7306.19.5110, and 7306.19.5150. Although the HTSUS subheadings are provided for convenience and for customs purposes, the written product description remains dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. Preliminary Decision Memorandum is attached as Appendix I to this notice.

Preliminary Determination of No Shipments

Among the companies under review, HiSteel Co., Ltd. (HiSteel) properly filed a statement that it made no shipments of subject merchandise to the United States during the POR.⁵ Based on its certification and our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that HiSteel had no reviewable transactions during the POR.⁶ Consistent with our practice, we are not preliminarily rescinding the review with respect to HiSteel. Instead, we will complete the review for HiSteel and issue appropriate instructions to CBP based on the final results of this review.⁷

Preliminary Results of the Review

As a result of this review, we preliminarily determine the following weighted-average dumping margins for the period December 1, 2019, through November 30, 2020:

Producer or exporter	Weighted-average dumping margin (percent)
Hyundai Steel Company ⁸	1.93
SeAH Steel Corporation	0.00
Companies Not Selected for Individual Review ⁹	1.93

Review-Specific Average Rate for Companies Not Selected for Individual Review

The exporters or producers not selected for individual review are listed in Appendix II.

⁵ See HiSteel’s Letter, “No Shipments Letter,” dated March 5, 2021.

⁶ See Memorandum, “Results of No Shipments Inquiry for HiSteel Co., Ltd.,” dated April 6, 2021.

⁸ We also initiated an administrative review of Hyundai HYSCO. In 2015, Hyundai HYSCO merged with Hyundai Steel subsequent to the period of investigation and Hyundai HYSCO no longer exists. See *Welded Line Pipe from the Republic of Korea: Final Determination of Sales at Less Than Fair Value*, 80 FR 61366 (October 13, 2015), and accompanying Issues and Decision Memorandum at 1.

⁹ Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually examined, excluding any

Assessment Rates

Upon issuing the final results, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries.

Pursuant to 19 CFR 351.212(b)(1), where Hyundai Steel Company (Hyundai Steel) reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. SeAH Steel Corporation (SeAH) did not report actual entered value for all of its U.S. sales; in such instances, we calculated importer-specific per-unit duty assessment rates by aggregating the total amount of antidumping duties calculated for the examined sales and dividing this amount by the total quantity of those sales. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies which were not selected for individual review, we will assign an assessment rate based on the weighted average of the cash deposit rates calculated for Hyundai Steel and SeAH excluding any which are zero, *de minimis*, or determined entirely on adverse facts available. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁰

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Hyundai Steel or SeAH for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

margins that are zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}." For these preliminary results, we have preliminarily calculated a weighted-average dumping margins for these companies using the calculated rates of the mandatory respondents, Hyundai Steel and SeAH, which are not zero or *de minimis*, or determined entirely on the basis of facts available.

¹⁰ See section 751(a)(2)(C) of the Act.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not covered in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.38 percent, the all-others rate established in the LTFV investigation.¹¹ These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

Commerce intends to disclose the calculations performed in connection with these preliminary results to interested parties within five days after the date of publication of this notice.¹²

Verification

On May 17, 2021, Commerce received a request from domestic producers Maverick Tube Corporation (Maverick) and IPSCO Tubulars Inc. (IPSCO Tubulars) to conduct verification of the responses in this administrative

review.¹³ Commerce is currently unable to conduct on-site verification of the information relied upon for the final results of this review. Accordingly, we intend to take additional steps in lieu of on-site verification. Commerce will notify interested parties of any additional documentation or information required.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. A timeline for the submission of case briefs and written comments will be provided to interested parties at a later date. Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS within 30 days after the date of publication of this notice.¹⁷ Hearing requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing.¹⁸

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that the producers/exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), December 1, 2019, through November 30, 2020. Interested parties are invited to comment on these preliminary results.

DATES: Applicable January 7, 2022.

FOR FURTHER INFORMATION CONTACT: Benjamin A. Luberda or Steven Seifert, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2185 or (202) 482–3350, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 4, 2021, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review on circular welded carbon-quality steel pipe (CWP) from the United Arab Emirates (UAE).¹ This review covers five producers/exporters of the subject merchandise. Commerce selected Ajmal Steel Tubes & Pipes Ind. L.L.C./Ajmal Steel Tubes & Pipes Ind., L.L.C.-Branch-1 (collectively, Ajmal)² and Universal Tube and Plastic Industries, Ltd./THL Tube and Pipe Industries LLC/KHK Scaffolding and

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 86 FR 8166 (February 4, 2021).

² We collapsed Ajmal Steel Tubes and Pipes Ind. L.L.C. and Noble Steel Industries L.L.C. together in the final results of the 2016–2017 administrative review. See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Results of Antidumping Duty Administrative Review; 2016–2017*, 84 FR 44845 (August 27, 2019) (*CWP from UAE 2016–2017 Final Results*). Additionally, we preliminarily find that Ajmal Steel Tubes & Pipes Ind., L.L.C.-Branch-1 is the successor-in-interest to Noble Steel Industries L.L.C. See Memorandum, “Preliminary Successor-In-Interest Determination for Ajmal Steel Tubes & Pipes Ind., L.L.C.-Branch-1,” dated concurrently with, and hereby adopted by, this notice.

Framework LLC (collectively, Universal) for individual examination.³

On August 18, 2021, Commerce extended the deadline for the preliminary results of this administrative review until December 30, 2021.⁴ For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁵

Scope of the Order⁶

The merchandise subject to the *Order* is welded carbon-quality steel pipes and tube, of circular cross-section, with an outside diameter not more than nominal 16 inches (406.4 mm), regardless of wall thickness, surface finish, end finish, or industry specification, and generally known as standard pipe, fence pipe and tube, sprinkler pipe, or structural pipe (although subject product may also be referred to as mechanical tubing). The products subject to the *Order* are currently classifiable in Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers 7306.19.1010, 7306.19.1050,

³ See Memorandum, “2019–2020 Antidumping Duty Administrative Review of Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Selection of Respondents for Individual Examination,” dated April 8, 2021 at 2–3. Commerce previously determined that Universal is a single entity consisting of the following three producers/exporters of subject merchandise: Universal Tube and Plastic Industries, Ltd.; KHK Scaffolding and Framework LLC; and Universal Tube and Pipe Industries LLC (UTP). See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Affirmative Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 81 FR 36882 (June 8, 2016), and accompanying Preliminary Decision Memorandum, unchanged in *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Determination of Sales at Less Than Fair Value*, 81 FR 75030 (October 28, 2016), and accompanying Issues and Decision Memorandum. Because there is no information on the record of this administrative review that would lead us to revisit this determination, we are continuing to treat these companies as part of a single entity for purposes of this administrative review. Additionally, we previously determined that THL Tube and Pipe Industries LLC is the successor-in-interest to Universal Tube and Pipe Industries LLC. See *CWP from UAE 2016–2017 Final Results*.
