#### **SUPPLEMENTARY INFORMATION:**

##### **Full Text of Announcement**

##### *I. Funding Opportunity Description*

*Purpose of Program:* The purpose of the ANE program is to support

innovative projects that recognize and address the unique educational needs of Alaska Natives. These projects must include the activities authorized under section 6304(a)(2) of the Elementary and Secondary Education Act of 1965, as amended (ESEA), and may include one or more of the activities authorized under section 6304(a)(3) of the ESEA, including, but not limited to, curriculum development, training and professional development, early childhood and parent outreach, and enrichment programs.

**Background:** The ANE program serves the unique educational needs of Alaska Natives and recognizes the roles of Alaska Native languages and cultures in the educational success and long-term well-being of Alaska Native students.

The Department encourages applicants to propose a broad array of activities to achieve these purposes, including activities that are consistent with the Administration's policy focus areas, such as promoting equity in student access to educational resources and opportunities. These activities may include supporting inclusive pedagogical practices in education preparation and professional development programs, and increasing the number and diversity of experienced effective educators, including those from the community that they serve.

**Priorities:** This notice contains one absolute priority. In accordance with 34 CFR 75.105(b)(2)(v), the absolute priority is from section 6304(a)(2)(A) and (B) of the ESEA.

**Absolute Priority:** For FY 2022 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

An applicant must address both parts of the absolute priority. An applicant must clearly identify in its application where the absolute priority is addressed.

This priority is:

Eligible applicants must design a project that—

1. Develops and implements plans, methods, strategies, and activities to improve the educational outcomes of Alaska Natives; and

2. Collects data to assist in the evaluation of the programs carried out under the ANE program.

**Note:** The construction of facilities that support the operation of ANE programs will be a permissible activity only if Congress specifically authorizes the use of FY 2022 funds for that purpose.

**Definitions:** The definitions for "Alaska Native" and "Alaska Native

organization" are from section 6306 of the ESEA (20 U.S.C. 7546). The definitions for "demonstrates a rationale," "logic model," "project component," and "relevant outcome" are from 34 CFR 77.1. The definition for "Native" is from section 3(b) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(b)). In addition, the definitions for "experience operating programs that fulfill the purposes of the ANE program," "official charter or sanction," and "predominately governed by Alaska Natives" are from the notice of final definitions and requirements—Alaska Native Program, published June 4, 2019, in the **Federal Register** (84 FR 25682) (NFR).

*Alaska Native* has the same meaning as the term Native has in section 3(b) of the Alaska Native Claims Settlement Act (43 U.S.C. 1602(b)) and includes the descendants of individuals so defined.

*Alaska Native organization (ANO)* means an organization that has or commits to acquire expertise in the education of Alaska Natives and is—

(a) An Indian Tribe, as defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304), that is an Indian Tribe located in Alaska;

(b) A Tribal organization, as defined in section 4 of such Act (25 U.S.C. 5304), that is a Tribal organization located in Alaska; or

(c) An organization listed in clauses (i) through (xii) of section 619(4)(B) of the Social Security Act (42 U.S.C. 619(4)(B)(i) through (xii)), or the successor of an entity so listed.

*Demonstrates a rationale* means a key project component included in the project's logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes.

*Experience operating programs that fulfill the purposes of the ANE program* means that, within the past four years, the entity has received and satisfactorily administered, in compliance with applicable terms and conditions, a grant under the ANE program or another Federal or non-Federal program that focused on meeting the unique education needs of Alaska Native children and families in Alaska.

*Logic model* (also referred to as a theory of action) means a framework that identifies key project components of the proposed project (*i.e.*, the active "ingredients" that are hypothesized to be critical to achieving the relevant outcomes) and describes the theoretical and operational relationships among the key project components and relevant outcomes.

*Native* means a citizen of the United States who is a person of one-fourth degree or more Alaska Indian (including Tsimshian Indians not enrolled in the Metlakta Indian Community) Eskimo, or Aleut blood, or combination thereof. The term includes any Native as so defined either or both of whose adoptive parents are not Natives. It also includes, in the absence of proof of a minimum blood quantum, any citizen of the United States who is regarded as an Alaska Native by the Native village or Native group of which he claims to be a member and whose father or mother is (or, if deceased, was) regarded as Native by any village or group. Any decision of the Secretary of the Interior regarding eligibility for enrollment shall be final.

*Official charter or sanction* means a signed letter or written agreement from an Alaska Native Tribe or ANO that is dated within 120 days prior to the date of the submission of the application and expressly (1) authorizes the applicant to conduct activities authorized under the ANE program and (2) describes the nature of those activities.

*Predominately governed by Alaska Natives* means that at least 80 percent of the entity's governing board (*i.e.*, the board elected or appointed to direct the policies of the organization) are Alaska Natives.

*Project component* means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (*e.g.*, training teachers on instructional practices for English learners and follow-on coaching for these teachers).

*Relevant outcome* means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of the program.

the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Risk Assessment and Specific Conditions*: Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. 4. *Integrity and Performance System*: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2), we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General*. In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

#### VI. Award Administration Information

1. *Award Notices*: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements*: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements*: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the

terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting*: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). (c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures*: For the purposes of Department reporting under 34 CFR 75.110, we have established four performance measures for the ANE program: (1) The number of grantees who attain or exceed the targets for the outcome indicators for their projects that have been approved by the Secretary; (2) the percentage of Alaska Native children participating in early learning and preschool programs who consistently demonstrate school readiness in language and literacy as measured by the Revised Alaska Development Profile; (3) the percentage of Alaska Native students in schools served by the program who earn a high school diploma in four years; and (4) the number of Alaska Native programs that primarily focus on Alaska Native culture and language.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has

made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
