## I. Background

The Institute of Museum and Library Services is the primary source of Federal support for the Nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. To learn more, visit [www.imls.gov](http://www.imls.gov).

## II. Current Actions

IMLS began making awards to improve core services in Native American and Native Hawaiian libraries in 1998 and to sustain heritage, culture, and knowledge in Native American and Native Hawaiian communities through museum services in 2005. The proposed evaluation of IMLS's four grant programs specifically designed and congressionally mandated to serve Native American, Native Hawaiian, and Alaska Native communities will be the first comprehensive consideration of this suite of grant programs. The evaluation will employ a mixed methods approach to assess the fit between these IMLS grant programs and the expressed needs of the communities they are serving; identify gaps in reaching potential grant applicants; examine the differences among those who apply and are funded, those who apply and are not funded, and those who do not apply; assess the impact of IMLS's grant programs on awardees; and assess the performance of IMLS as a federal grant-maker and how well it aligns with White House and Congressional priorities.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-93937; File No. SR-MEMX-2021-22]

### Self-Regulatory Organizations; MEMX LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Exchange's Fee Schedule To Adopt Connectivity Fees

January 10, 2022.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on December 30, 2021, MEMX LLC ("MEMX" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission a proposed rule change to amend the Exchange's fee schedule applicable to Members<sup>3</sup> and non-Members (the "Fee Schedule") pursuant to Exchange Rules 15.1(a) and (c). The Exchange proposes to implement the changes to the Fee Schedule pursuant to this proposal on January 3, 2022. The text of the proposed rule change is provided in Exhibit 5.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> See Exchange Rule 1.5(p).

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

###### Background

The purpose of the proposed rule change is to amend the Fee Schedule to adopt fees the Exchange will charge to Members and non-Members for physical connectivity to the Exchange and for application sessions (otherwise known as "logical ports") that a Member utilizes in connection with their participation on the Exchange (together with physical connectivity, collectively referred to in this proposal as "connectivity services," as described in greater detail below and in Exhibit 5).

The Exchange has not previously imposed any fees for connectivity services necessary to access and participate on its market. In general, the Exchange believes that exchanges, in setting fees of all types, should meet very high standards of transparency to demonstrate why each new fee or fee increase meets the Exchange Act requirements that fees be reasonable, equitably allocated, not unfairly discriminatory, and not create an undue burden on competition among members and markets. In particular, the Exchange believes that each exchange should take extra care to be able to demonstrate that these fees are based on its costs and reasonable business needs. The Exchange is proposing to implement the proposed fee on January 3, 2022.

In proposing to charge fees for connectivity services, the Exchange has sought to be especially diligent in assessing those fees in a transparent way against its own aggregate costs of providing the related service, and also carefully and transparently assessing the impact on Members—both generally and in relation to other Members, *i.e.*, to assure the fee will not create a financial burden on any participant and will not
