#### IV. Regulatory Procedures

##### *A. Determination of Good Cause for Publication Without Notice and Comment and With an Immediate Effective Date*

Section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553) provides that, when an agency for good cause finds that notice and public comment procedures are impracticable, unnecessary, or contrary to the public interest, then the agency may issue a rule without providing notice and an opportunity for prior public comment. The agency finds that there is good cause to except this rule from the public notice and comment provisions of the APA in this case. Because the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 requires the agency to update its regulations based on a prescribed formula, the agency has no discretion in the nature or amount of the change to the civil monetary penalties to reflect any views or suggestions provided by commenters. Accordingly, it would serve no purpose to provide an opportunity for public comment on this rule prior to promulgation. Thus, providing for notice and public comment is impracticable and unnecessary.

Additionally, it would not be possible to meet the deadlines imposed by the Act if we were to first publish a proposed rule, allow the public sufficient time to submit comments, analyze the comments, and publish a final rule. Therefore, notice and comment for these proscribed updates is impracticable and unnecessary.

Furthermore, the agency finds under section 553(d)(3) of the APA that good cause exists to make this final rule effective immediately upon publication in the **Federal Register**. In the Act, Congress expressly required Federal agencies to publish annual inflation adjustments to civil penalties in the **Federal Register** by January 15 of each year, notwithstanding section 553 of the APA. Under the statutory framework and OMB guidance, the new penalty levels take effect immediately upon the effective date of the adjustment. The statutory deadline does not allow time to delay this rule’s effective date beyond publication. Moreover, an effective date after January 15 would delay application of the new penalty levels, contrary to Congress’s intent.

Accordingly, we are issuing the annual adjustments as a final rule without prior notice or an opportunity for comment and with an effective date

immediately upon publication in the **Federal Register**.

##### *B. Review Under Procedural Statutes and Executive Orders*

The agency has determined that making technical changes to the amount of civil monetary penalties in its regulations does not trigger any requirements under procedural statutes and Executive orders that govern rulemaking procedures.

##### Manual of Regulations and Procedures for Federal Radio Frequency Management

**AGENCY:** National Telecommunications and Information Administration, U.S. Department of Commerce.

**ACTION:** Final rule.

**SUMMARY:** The National Telecommunications and Information Administration (NTIA) is making certain changes to its regulations relating to the public availability of the Manual of Regulations and Procedures for Federal Radio Frequency Management (NTIA Manual). Specifically, NTIA is releasing a new edition of the NTIA Manual, with which Federal agencies must comply when requesting use of radio frequency spectrum.

**DATES:** *Effective:* January 19, 2022. The incorporation by reference of certain publications listed in the rule is approved by the Director of the Federal Register as of February 18, 2022.

**ADDRESSES:** A reference copy of the NTIA Manual, including all revisions in effect, is available in the Office of Spectrum Management, 1401 Constitution Avenue NW, Room 1087, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Alan Frable, Office of Spectrum Management, at (202) 482–1670 or [afrable@ntia.gov](mailto:afrable@ntia.gov).

##### SUPPLEMENTARY INFORMATION:

##### Background

NTIA authorizes the U.S. Government’s use of radio frequency spectrum. 47 U.S.C. 902(b)(2)(A). As part of this authority, NTIA developed the NTIA Manual to provide further guidance to applicable Federal agencies

on the use of the radio frequency spectrum for radio transmissions for telecommunications or for other purposes. The NTIA Manual is the compilation of policies and procedures that govern the use of the radio frequency spectrum by the U.S. Government. Federal Government agencies are required to follow these policies and procedures in their use of spectrum.

Part 300 of title 47 of the Code of Federal Regulations provides information about the process by which NTIA regularly revises the NTIA Manual and makes public this document and all revisions. Federal agencies are required to comply with the specifications in the NTIA Manual when requesting frequency assignments. See 47 U.S.C. 901 *et seq.*, Executive Order 12046 (March 27, 1978), 43 FR 13349, 3 CFR, 1978 Comp., p. 158.

This rule updates § 300.1 of title 47 of the Code of Federal Regulations to specify the edition of the NTIA Manual with which Federal agencies must comply when requesting frequency assignments. In particular, this rule amends the section by incorporating by reference the 2021 edition of the NTIA Manual. Upon the effective date of this rule, Federal agencies must comply with the requirements set forth in the 2021 edition of the NTIA Manual.

The NTIA Manual is available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, by referring to Catalog Number 903–008–00000–8, and online at <https://www.ntia.gov/page/2011/manual-regulations-and-procedures-federal-radio-frequency-management-redbook>. A reference copy of the NTIA Manual, including all revisions in effect, is available in the Office of Spectrum Management, 1401 Constitution Avenue NW, Room 1087, Washington, DC 20230, by calling Alan Frable on (202) 482–1670.

#### Paperwork Reduction Act

This action does not contain collection of information requirements subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the Paperwork Reduction Act unless that collection displays a currently valid Office of Management and Budget (OMB) Control Number.

#### Executive Order 12866

This rule has been determined to be not significant for purposes of Executive Order 12866.

#### Administrative Procedure Act/ Regulatory Flexibility Act

NTIA finds good cause under 5 U.S.C. 553(b)(3)(B) to waive prior notice and opportunity for public comment as it is unnecessary. This action amends the regulations to include the date of the most current edition of the NTIA Manual. These changes do not impact the rights or obligations to the public. The NTIA Manual applies only to Federal agencies. Because these changes impact only Federal agencies, NTIA finds it unnecessary to provide for the notice and comment requirements of 5 U.S.C. 553. NTIA finds good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effectiveness for the reasons provided above. Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.

#### Congressional Review Act

The NTIA Manual provides for policies and procedures for Federal agencies' use of spectrum. The NTIA Manual and the changes thereto do not substantially affect the rights or obligations of the public. As a result, this document is not a "rule" as defined by the Congressional Review Act, 5 U.S.C. 804(3)(C).

#### Executive Order 13132

This rule does not contain policies having federalism implications as that term is defined in Executive Order 13132.
