with the Atlantic surfclam and ocean quahog fisheries. National Marine Fisheries Service (NMFS) Greater Atlantic Region manages these fisheries in the Exclusive Economic Zone (EEZ) of the Northeastern United States through the Atlantic Surfclam and Ocean Quahog Fishery Management Plan (FMP). The Mid-Atlantic Fishery Management Council prepared the FMP pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The regulations implementing the FMP are specified at 50 CFR part 648.

The recordkeeping and reporting requirements at §§ 648.74, 648.75, and 648.76 form the basis for this collection of information. We request information from surfclam and ocean quahog individual transferable quota (ITQ) permit holders to issue ITQ permits and to process and track requests from permit holders to transfer quota share or cage tags. We also request information from surfclam and ocean quahog harvest of surfclams and ocean quahogs at sea. Because there is not a standard conversion factor for estimating unshucked product from shucked product, NMFS requires NMFS requires vessels that land surfclams and ocean quahogs to submit an ITQ permit application form, review of a vessel monitoring system. Information for the PSP protocol is submitted through paper forms, as well as through electronic methods, including email, telephone, and shipboard electronic equipment such as VHF radio, email, or a vessel monitoring system.

III. Data

OMB Control Number: 0648–0240.

Form Number(s): None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Individuals and Business or other for-profit organizations.

Estimated Number of Respondents: 177.

Estimated Time per Response: ITQ permit application form, review of a pre-filled form for renewing entities, ITQ transfer form, 5 minutes each; 1 hour to complete the ITQ ownership form for new applicants and 30 minutes for the application to shuck surfclams and ocean quahogs at sea. The requirements under the PSP protocol are based on the number of vessels that land surfclams or ocean quahogs and the number of trips taken into the area, with a total estimated annual burden of 2,400 hours.

Estimated Total Annual Burden Hours: 2,473.

Estimated Total Annual Cost to Public: $111,757.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas, Department of Commerce Department. [FR Doc. 2022–01007 Filed 1–19–22; 8:45 am]

Patent and Trademark Office

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Matters Related to First Inventor To File

The United States Patent and Trademark Office (USPTO) will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. The USPTO invites comment on this information collection renewal, which helps the USPTO assess the impact of its information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the Federal Register on October 5, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Title: Matters Related to First Inventor To File.

Applications for New Awards; Technical Assistance and Dissemination To Improve Services and Results for Children With Disabilities—Technical Assistance Center on Positive Social, Emotional, and Behavioral Outcomes for Young Children With, and At Risk for, Developmental Delays or Disabilities

Purpose of Program: The purpose of this competition is to promote academic achievement and to improve results for children with disabilities by providing technical assistance (TA), supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research.

Priority: This competition includes one absolute priority. In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute (see sections 663 and 681(d) of the Individuals with Disabilities Education Act (IDEA); 20 U.S.C. 1463 and 1481(d)).

Absolute Priority: For FY 2022 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is: Technical Assistance Center on Positive Social, Emotional, and Behavioral Outcomes for Young Children With, and At Risk for, Developmental Delays or Disabilities.

Background: The beginning years of a child’s life are critical for building the early
