Diffusion-Annealed, Nickel-Plated Flat-Rolled Steel Products From Japan: Final Results of Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that diffusion-annealed, nickel-plated flat-rolled steel products from Japan were made at less than normal value during the period of review (POR), May 1, 2019, through April 30, 2020.

DATES: Applicable January 31, 2022.

FOR FURTHER INFORMATION CONTACT: Amaris Wade, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3874.

SUPPLEMENTARY INFORMATION:

Background

This review covers one producer/exporter of the subject merchandise, Toyo Kohan Co., Ltd. (Toyo Kohan). On July 30, 2021, Commerce published the *Preliminary Results* and invited

interested parties to comment.¹ On August 30, 2021, we received case briefs from the petitioner² and Toyo Kohan.³ On September 13, 2021, we received a rebuttal brief from the petitioner.⁴ On November 17, 2021, we extended the final results until no later than January 26, 2022.⁵

Scope of the Order

The merchandise subject to the order is diffusion-annealed, nickel-plated flat-rolled steel products from Japan. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7212.50.0000 and 7210.90.6000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description remains dispositive.⁶

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum.⁷ Interested parties can find a complete discussion of these issues and the corresponding recommendations in this public memorandum, which is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on the comments received from interested parties, we made certain changes to our calculations in the

Preliminary Results. For a discussion of these issues, see the Issues and Decision Memorandum.

Final Results of Administrative Review

As a result of this review, we determine the following weighted-average dumping margin for the period May 1, 2019, through April 30, 2020:

Producer or exporter	Weighted-average dumping margin (percent)
Toyo Kohan Co., Ltd	7.49

Disclosure of Calculations

We intend to disclose the calculations performed for Toyo Kohan in connection with these final results within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), Toyo Kohan reported the entered value of its U.S. sales such that we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the weighted-average dumping margin for Toyo Kohan is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" will apply to entries of subject merchandise during the POR produced by Toyo Kohan for which the reviewed company did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁸

⁸ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings*:

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the *Final Results* of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Toyo Kohan will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not covered in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment in which the company was reviewed; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 45.42 percent, the all-others rate established in the LTFV investigation.⁹ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 26, 2022.

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

National Travel and Tourism Strategy

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice; request for comments.

SUMMARY: On behalf of the Tourism Policy Council (TPC), the International Trade Administration (ITA) is seeking public input on the development of a new national strategy, entitled "the National Travel and Tourism Strategy" (Strategy), to be produced by the TPC through ITA's National Travel and Tourism Office, which serves as the TPC Secretariat. The TPC will consider the

comments received in the development of the Strategy.

DATES: Comments must be received on or before Friday, February 11, 2022.

ADDRESSES: Electronic comments are preferred and may be sent to NTTOSTrategy@trade.gov. Written comments may be sent to: National Travel and Tourism Office, 1401 Constitution Avenue NW, Suite 10007, International Trade Administration, Washington, DC, 20230.

FOR FURTHER INFORMATION CONTACT: Jennifer Aguinaga, National Travel and Tourism Office, 1401 Constitution Avenue NW, Suite 10007, International Trade Administration, Washington, DC 20230, NTTOSTrategy@trade.gov, (202) 482-0140.

SUPPLEMENTARY INFORMATION: The goal of the new Strategy is to improve the competitive position of the United States in attracting international visitors and to increase travel and tourism to promote economic growth and job creation across the United States over the next five years.

The first National Travel and Tourism Strategy was developed in 2012 and updated in 2019. Those documents can be found here: <https://www.trade.gov/tourism-policy-council>. A new Strategy will provide a whole-of-government approach to accelerating full recovery and employment in the travel and tourism sector; restoring U.S. competitiveness in the sector by encouraging more travelers to come to the United States; spreading the economic benefits of travel and tourism across the United States, especially to underserved communities and populations; and preparing the sector for the effects of climate change.

ITA seeks input into the development of the Strategy, including on key stakeholder priorities. The TPC will consider the comments submitted in response to this request, as well as other inputs, in its development of the Strategy. Comments should be limited to no more than five (5) pages total and should address one or more of the following topics:

1. What can the Federal Government do to improve the competitive position of the United States and promote growth in international travel and tourism?

2. How can the Federal Government partner with non-federal entities, including the private sector and state, local, and tribal governments, to improve the competitive position of the United States and promote growth in international travel and tourism? What entities would be the most appropriate to partner with?
