

4. *Performance Measures*: The objective for the Fulbright-Hays DDRA Fellowship Program is to provide grants to colleges and universities to fund individual doctoral students to conduct research in other countries in modern foreign languages and area studies for periods of 6 to 12 months.

For the purpose of Department reporting under 34 CFR 75.110, the Department will use the following measures to evaluate its success in meeting this objective:

DDRA Measure 1: The percentage of DDRA fellows who increased their foreign language scores in speaking, reading, or writing by at least one proficiency level.

DDRA Measure 2: The percentage of DDRA fellows who complete their degree in their program of study within four years of receipt of the fellowship.

DDRA Measure 3: The percentage of DDRA fellows who found employment that utilized their language and area studies skills within eight years of receiving their award.

DDRA Measure 4: Efficiency Measure—The cost per DDRA fellow who found employment that utilized their language and area studies skills within eight years.

The information provided by grantees in their performance reports submitted via the International Resource Information System (IRIS) will be the source of data for these measures. Reporting screens for institutions and fellows may be viewed at http://iris.ed.gov/iris/pdfs/DDRA_director.pdf, and http://iris.ed.gov/iris/pdfs/DDRA_fellow.pdf.

DEPARTMENT OF ENERGY

Reinstatement of a Previously Approved Information Collection for the Weatherization Assistance Program

AGENCY: Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The U.S. Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to reinstate a previously approved collection, with change, for three years with the Office of Management and Budget (OMB). The information collection request, Weatherization Assistance Program Sub-Programs, was previously approved on May 31, 2014, under OMB Control No. 1910-5157 and expired on May 31, 2017.

DATES: Comments regarding this collection must be received on or before March 4, 2022. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, please advise the OMB Desk Officer of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at (202) 395-4650.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function; or you can send comments to Brittany Price by email to the following address: [\[ee.doe.gov\]\(mailto:ee.doe.gov\) with the subject line “Weatherization Assistance Program Sub-Programs \(OMB No. 1910-5157\)” included in the message. Submit electronic comments in WordPerfect, Microsoft Word, PDF, or ASCII file format, and avoid the use of special characters or any form of encryption. No telefacsimiles \(faxes\) will be accepted. For detailed instructions on submitting comments, see section III \(Submission of Comments\) of this document. Although DOE has routinely accepted public comment submissions through a variety of mechanisms, including postal mail and hand delivery/courier, the Department has found it necessary to make temporary modifications to the comment submission process in light of the ongoing Covid-19 pandemic. DOE is currently accepting only electronic submissions at this time. If a commenter finds that this change poses an undue hardship, please contact the DOE staff person listed in this notice.](mailto:Brittany.Price@</p>

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Brittany Price, EE-5W, U.S. Department of Energy, 1000 Independence Ave. SW, Washington, DC 20585-0121, or by email or phone at brittany.price@ee.doe.gov, 240-306-7252.

SUPPLEMENTARY INFORMATION:

Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains: (1) OMB No.: 1910-5157;

(2) *Information Collection Request Title*: “Weatherization Enhancement and Innovation (E&I), Sustainable Energy Resources for Consumers (SERC), and Community Scale Weatherization Pilot Grants”;

(3) *Type of Review*: Reinstatement, with change, of a previously approved collection for which approval has expired;

(4) *Purpose*: To collect information on the status of grantee activities, including

but not limited to weatherized units, total people assisted with grant funds, expenditures, and results, to ensure that program funds are being used appropriately, effectively and expeditiously. All information collection proposed under these programs is necessary for their implementation, and thus necessary for the function of the Agency as a whole. The information collected will be used by program staff to track the recipients of E&I, SERC, and Community Scale activities, their progress in achieving scheduled milestones, and funds expended (including expenditure rates). The information also enables program staff to provide required or requested information on program activities to OMB, Congress and the public.

(5) *Annual Estimated Number of Respondents*: 50;

(6) *Annual Estimated Number of Total Responses*: 406;

(7) *Annual Estimated Number of Burden Hours*: 2336 hours;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$147,932.85.

Federal Energy Regulatory Commission

[Docket No. CP21–474–000]

Rover Pipeline LLC; Notice of Availability of the Environmental Assessment for the Proposed North Coast Interconnect Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the North Coast Interconnect Project, proposed by Rover Pipeline LLC (Rover) in the above-referenced docket. Rover requests authorization to construct and operate an interconnection along its Mainlines A and B to deliver 108,000 dekatherms per day to North Coast Gas Transmission (NCGT). The Project would include construction of a new delivery meter station and ancillary facilities at milepost 19.5 in Seneca County, Ohio.

The EA assesses the potential environmental effects of the construction and operation of the North Coast Interconnect Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The proposed North Coast Interconnect Project includes the following facilities:

- A hot tap, valve, and 140 feet of interconnecting pipe off the Mainline B Pipeline,
- A meter station including ultrasonic meter skids, flow control skids, gas quality building, measurement building, and condensate storage tank, and
