[Investigation Nos. 701–TA–528–529 and 731–TA–1264–1268 (Review)]

Uncoated Paper From Australia, Brazil, China, Indonesia, and Portugal

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing duty orders on uncoated paper from China and Indonesia and the antidumping duty orders on uncoated paper from Australia, Brazil, China, Indonesia, and Portugal would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on February 1, 2021 (86 FR 7734) and determined on May 7, 2021, that it would conduct full reviews (86 FR 27650, May 21, 2021). Notice of the scheduling of the Commission’s reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the *Federal Register* on July 23, 2021 (86 FR 39057). The Commission conducted its hearing on November 18, 2021. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on January 31, 2022. The views of the Commission are contained in USITC Publication 5275 (January 2022), entitled *Uncoated Paper from Australia, Brazil, China, Indonesia, and Portugal: Investigation Nos. 701–TA–528–529 and 731–TA–1264–1268 (Review)*.

I. Background

The Department’s regulations implementing the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, may require parties to exchange all medical information about the miner they develop in connection with a claim for benefits, including information parties do not intend to submit as evidence in the claim. See 20 CFR 725.413. The rule helps protect a miner’s health, assist unrepresented parties, and promote accurate benefit determinations.

The potential parties to a BLBA claim include the benefits claimant, the responsible coal mine operator and its insurance carrier, and the Director, Office of Workers’ Compensation Programs (OWCP). Under this rule, a party of a party’s agent who receives medical information about the miner must send a copy to all other parties within 30 days after receipt or, if a hearing before an administrative law judge has already been scheduled, at least 20 days before the hearing. The exchanged information is entered into the record of the claim only if a party submits it into evidence.

The Department’s authority to engage in information collection is specified in BLBA sections 413(b), 422(2) and 426(a). see 30 U.S.C. 923(b), 932(a) and 936(a). This information collection is currently approved for use through July 31, 2022.
