#### SUPPLEMENTARY INFORMATION:

##### Background

This review covers ten producers and/or exporters of the subject merchandise. Commerce selected two companies, NLMK Verona SpA (NVR) and Officine Tecnosider s.r.l. (OTS), for individual examination. The producers and/or exporters not selected for individual examination are listed in the “Final Results of the Review” section of this notice.

On August 4, 2021, Commerce published the *Preliminary Results*.<sup>1</sup> In September 2021, certain of the petitioners<sup>2</sup> and NVR submitted case and rebuttal briefs. On November 30, 2021, we extended the deadline for the final results by 57 days, until January 28, 2022.<sup>3</sup> For a description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>4</sup>

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

##### Scope of the Order

The products covered by the order are certain carbon and alloy steel hot-rolled or forged flat plate products not in coils, whether or not painted, varnished, or coated with plastics or other non-metallic substances from Italy. Products subject to the order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers: 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7225.40.1110, 7225.40.1180, 7225.40.3005, 7225.40.3050, 7226.20.0000, and 7226.91.5000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the

#### Analysis of Comments Received

All issues raised in the case and rebuttal briefs are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

#### Determination of No Shipments

As noted in the *Preliminary Results*, we received a no-shipment claim from one company involved in this administrative review, Lyman Steel Company (Lyman). In the *Preliminary Results*, we preliminarily determined that Lyman had no reviewable transactions during the POR. We received no comments from interested parties with respect to this claim. Therefore, because the record indicates that this company did not export subject merchandise to the United States during the POR, we continue to find that Lyman had no reviewable transactions during the POR. Accordingly, consistent with Commerce’s practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of merchandise produced by Lyman, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.<sup>6</sup>

#### Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made changes to the preliminary weighted-average margin calculations for OTS, NVR, and those companies not selected for individual review.<sup>7</sup>

#### Rate for Non-Selected Respondents

The Act and Commerce’s regulations do not address the establishment of a

rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others

rate is normally “an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

In this review, we have calculated a weighted-average dumping margin for the non-selected companies by using the weighted-average calculated rates of the mandatory respondents, NVR and OTS, which are not zero, *de minimis*, or

determined entirely on the basis of facts available.<sup>8</sup> For these final results, we have calculated a weighted-average dumping margin for OTS that is zero. Accordingly, we have assigned to the companies not individually examined the weighted-average dumping margin calculated for NVR.

#### Final Results of the Review

We are assigning the following weighted-average dumping margins to the firms listed below for the period May 1, 2019, through April 30, 2020:

Exporters/producers	Weighted-average dumping margin (percent)
NLMK Verona SpA .....	1.57
Officine Tecnosider s.r.l .....	0.00

#### Rate Applicable to the Following Non-Selected Companies:

Arvedi Tubi Acciaio .....	1.57
C.M.T. Construzioni Meccaniche di Taglione Emilio & C. S.a.s .....	1.57
MAM s.r.1 .....	1.57
O.M.E.P SpA .....	1.57
Ofar SpA .....	1.57
Sesa SpA .....	1.57
Tim-Cop Doo Temerin .....	1.57

#### Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

#### Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Where the respondent did not report entered value or reported amounts based on estimated data, we calculated the entered value in order to calculate the assessment rate. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies that were not selected for individual review, we will assign an assessment rate based on the cash deposit rate calculated for NVR.<sup>9</sup> The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.<sup>10</sup>

Commerce's “automatic assessment” will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. As indicated above, for Lyman, we will instruct CBP to liquidate any existing entries of merchandise produced by Lyman, but exported by other parties, at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

#### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each specific company listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated companies not participating in this review, the cash deposit will continue to be the

<sup>8</sup> See section 735(c)(5)(A) of the Act.

<sup>9</sup> This rate was calculated as discussed in the Section, “Rate for Non-Selected Respondents,” above.

<sup>10</sup> See section 751(a)(2)(C) of the Act.

company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 6.08 percent, the all-others rate established in the LTFV investigation.<sup>11</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

#### Notification to Interested Parties

This notice is being issued in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

##### Initiation of Antidumping and Countervailing Duty Administrative Reviews

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.  
**SUMMARY:** The Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with December anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

**DATES:** Applicable February 4, 2022.

**FOR FURTHER INFORMATION CONTACT:** Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

##### SUPPLEMENTARY INFORMATION:

##### Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders and findings with December anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

#### Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (POR), it must notify Commerce within 30 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at <https://access.trade.gov>, in accordance with 19 CFR 351.303.<sup>1</sup> Such submissions are subject to verification, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy must be served on every party on Commerce's service list.

#### Respondent Selection

In the event Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POR. We intend to place the CBP data on the record within five days of publication of the initiation notice and to make our decision regarding respondent selection within 35 days of publication of the initiation **Federal Register** notice. Comments regarding the CBP data and respondent selection should be submitted within seven days after the placement of the CBP data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act, the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (e.g., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often
