Proposed Information Collection Activity; Comprehensive Child Welfare Information System (CCWIS) Automated Function Checklist and Data Quality Plan (OMB #0970–0463)

AGENCY: Children's Bureau, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting a 3-year extension of the Comprehensive Child Welfare Information System (CCWIS) information collection (OMB #0970–0463, expiration 8/31/2022). The CCWIS information collection includes the Automated Function List and the Data Quality Plan. There are no required instruments associated with the data collection and no changes to the data collection.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The CCWIS information collection includes two components:

- The Automated Function List update required pursuant to section 1355.52(i)(2); and
- The Data Quality Plan update required pursuant to section 1355.52(d)(5).

The CCWIS regulations require updates of this information to confirm that the project meets CCWIS requirements and that project costs are appropriately allocated to benefiting programs.

Respondents: Title IV–E agencies under the Social Security Act.

ANNUAL BURDEN ESTIMATES

Administration for Children and Families

Proposed Information Collection Activity; Head Start Connects: A Study of Family Support Services (OMB #0970–0538)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) at the U.S.

Department of Health and Human Services seeks approval to collect information about how Head Start programs coordinate family support services. Information will be collected from Head Start staff members via surveys and focus groups.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing OPREinfocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The purposes of the data collection for Head Start Connects are to build knowledge about how Head Start programs (Head Start or Early Head Start grantees, delegate agencies, and

staff) coordinate family support services for parents/guardians; the characteristics of Head Start programs and staff members involved in family support services coordination; the job characteristics, work activities, and well-being of Head Start family support services staff members; and how Head Start programs can improve coordination of family support services. The data collection will build on information collected previously through case studies at six Head Start sites (OMB #0970–0538). Proposed data collection activities include three components. First, a brief web-based survey of a nationally representative sample of program directors will collect program information, including contact information for family and community partnerships managers and for family support services staff members needed for other data collection components.

Second, an in-depth web-based survey of family and community partnerships managers identified by program directors will collect information about Head Start programs’ structures and services for providing supports to parents and families; and the demographic characteristics, experiences, job characteristics, and well-being of managers who supervise family support services staff members. Third, three data collection activities (referred to as Parts A, B, and C) will gather information from family support services staff members. Part A, an in-depth web-based survey, will gather information about the structures and services that Head Start programs have for providing supports to parents and families; how family support services staff members reach out to and engage families in family support services; how family support services staff members

work with families; and the demographic characteristics, experiences, job characteristics, and well-being of staff members who provide family support services. Part B, brief web-based surveys, will supplement Part A and will collect additional information about specific daily work activities and well-being, providing more fine-grained detail about workdays of family support services staff members. Part C, focus groups, will be conducted with a sample of family support services staff to collect information about innovations and ideas for improving how Head Start programs coordinate and individualize family support services.

Respondents: Head Start program directors, Head Start family and community partnerships managers, and Head Start family support services staff members.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per Respondent (total over request period)	Average burden per response (in hours)	Total/ annual burden (in hours)

Administration for Children and Families

Proposed Information Collection Activity; Current Population Survey-Child Support Supplement (OMB No.: 0970–0416)

AGENCY: Office of Child Support Enforcement, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Child Support Enforcement, Administration for Children and Families (ACF), is requesting that the federal Office of Management and Budget (OMB) approve a revision to an approved information collection: Current Population Survey-Child Support Supplement. The current OMB approval expires on August 31, 2022.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects

of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Current Population Survey-Child Support Supplement collects detailed information about child support agreements and awards, including both required payments and amounts received, as well as data about the socioeconomic characteristics of custodial parents and their families. Data collected pertaining to child support, and the subsequent analysis of survey data, will assist legislators and policymakers in determining the efficacy of various child support legislation.

Minor changes are being proposed for the 2023 information collection. Changes include deleting extraneous questions, updating language, and adding a few questions about customer satisfaction with the child support program. We do not anticipate that these
