[Investigation Nos. 731–TA–308–310 and 520–521 (Fifth Review)]

Carbon Steel Butt-Weld Pipe Fittings From Brazil, China, Japan, Taiwan, and Thailand

Determinations

On the basis of the record developed in the subject five-year reviews, the United States International Trade Commission (‘‘Commission’’) determines, pursuant to the Tariff Act of 1930 (‘‘the Act’’), that revocation of the antidumping duty orders on carbon steel butt-weld pipe fittings from Brazil, China, Japan, Taiwan, and Thailand would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on July 1, 2021 (86 FR 35133) and determined on October 4, 2021 that it would conduct expedited reviews (86 FR 72620, December 22, 2021).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on February 2, 2022. The views of the Commission are contained in USITC Publication 5276 (February 2022), entitled Carbon Steel Butt-Weld Pipe Fittings from Brazil, China, Japan, Taiwan, and Thailand: Investigation Nos. 731 TA–308–310 and 520–521 (Fifth Review).

By order of the Commission.

Issued: February 2, 2022.

SUPPLEMENTARY INFORMATION:

I. Background: The Wage and Hour Division (WHD) of the Department of Labor (Department) administers the Davis-Bacon Act (DBA) and Davis-Bacon Related Acts (DBRA), 40 U.S.C. 3141 et seq., and the Contract Work Hours and Safety Standards Act (CWHSSA), 40 U.S.C. 3701 et seq. Regulations at 29 CFR part 5 prescribe labor standards for federally financed and federally assisted construction contracts subject to DBA, DBRA, and labor standards for all contracts subject to CWHSSA. The DBA and DBRA require payment of locally prevailing wages and fringe benefits, as determined by the Department, to laborers and mechanics on most federally financed or assisted construction projects. CWHSSA requires the payment of one and one-half times the basic rate of pay for hours worked over 40 in a week on most federal contracts involving the employment of laborers or mechanics. The requirements of this information collection consist of (1) reports of conformed classifications and wage rates, and (2) requests for approval of unfunded fringe benefit plans.

II. Review Focus: The Department of Labor is particularly interested in comments which:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

• Enhance the quality, utility, and clarity of the information to be collected;

• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks an approval for the extension of this information collection in order to ensure effective administration of the DBA, DBRA, and CWHSSA.

Type of Review: Extension.
