Title: Job Access and Reverse Commute Program.

OMB Control Number: 2132–0563.

Type of Request: The Job Access and Reverse Commute (JARC) program, provided grants for filling gaps in employment transportation. The primary beneficiaries of this program were low-income families and families coming off welfare assistance who otherwise would have a difficult time getting to jobs and related services, such as child care and training. The program was begun in 1999 and was continued under Section 5316 of the federal transportation legislation, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU), passed by

Congress in 2005. The JARC program authorized two kinds of grants: Job Access grants (aimed at developing new transportation services for low-income workers and/or filling in gaps in existing services) and Reverse Commute projects (intended to provide transportation to suburban jobs from urban, rural and other suburban locations—but not necessarily just for low-income people). The JARC program was repealed under the Moving Ahead for Progress in the 21st Century Act (MAP-21). Although the program has expired, JARC activities are eligible for funding under FTA's Urbanized Area Formula Grants (Section 5307) and the Formula Grants for Rural Areas (Section 5311) programs. However, funds previously authorized for the program repealed by MAP-21 remain available for their originally authorized purposes until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated.

Respondents: State and local government, business or other for-profit institutions, and non-profit institutions.

Estimated Total Annual Respondents: 49.

Estimated Total Burden Hours per Respondent: 2 hours.

Estimated Annual Burden on Respondents: 98 hours.

Frequency: Annually.

If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the employment of the vessel in the coastwise trade to carry no more than 12 passengers will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, MARAD will not issue an approval of the vessel's coastwise endorsement eligibility. Comments should refer to the vessel name, state the commenter's interest in the application, and address the eligibility criteria given in section 388.4 of MARAD's regulations at 46 CFR part 388.
