There are no changes requested to the form.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

SUPPLEMENTARY INFORMATION:

Description: 42 U.S.C. 612 (section 412 of the Social Security Act as amended by Pub. L. 104-193, the Personal Responsibility and Work

Opportunity Reconciliation Act of 1996), mandates that federally recognized Indian tribes with an approved Tribal TANF program collect and submit to the Secretary of the Department of Health and Human Services data on the recipients served by the tribes' programs. This information collection includes both aggregated and disaggregated data on case characteristics and individual characteristics. In addition, tribes that are subject to a penalty are allowed to provide reasonable cause justifications as to why a penalty should not be imposed or may develop and implement corrective compliance procedures to eliminate the source of the penalty. Finally, there is an annual report, which requires the tribes to describe program characteristics. All of the above requirements are currently approved by OMB and ACF is simply proposing to extend them without any changes.

Respondents: Native American tribes and tribal organizations operating Tribal TANF programs.

Administration for Children and Families

Proposed Information Collection Activity; OPRE Data Collection for State Child Welfare Data Linkages Descriptive Study (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for Public Comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting approval from the Office of Management and Budget (OMB) for a new primary data collection about connected child welfare data. We define connected data as child welfare data that are linked or integrated with data from other systems or agencies. The State Child Welfare Data Linkages Descriptive Study (Data Linkages Descriptive Study) will gather systematic information on the extent to which states connect their child

maltreatment data to other data sets; how any linked data sets are created, managed, and used; and challenges states face in linking data.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The State Child Welfare Data Linkages Descriptive Study will examine the extent to which child welfare agencies in 50 states, Puerto Rico, and Washington, DC, link administrative data on child maltreatment to data in other systems and to learn more about states' practices related to sharing and linking data. The study aims to inform the ongoing and

accurate surveillance of child maltreatment and identify facilitators and barriers to connected data efforts (integrated data or linked data).

These data are not available from existing sources. This study aims to present an internally valid description

of the data capacity of participating state child welfare agencies, not to promote statistical generalization to different sites or service populations.

Respondents: State child welfare directors, designated state child welfare agency staff (identified by a state child

welfare director as having knowledge about the state's connected data efforts), and designated county staff (identified by a state child welfare director as having knowledge about a county's connected data efforts).

Annual Burden Estimates:

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Average burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
Initial survey of state child welfare directors	52	1	0.67	35	18
Survey of connected data efforts ¹	208	1	0.58	121	61
Interviews with individuals responsible for connected data efforts	120	1	1	120	60

Estimated Total Annual Burden Hours:109

¹ Estimates for burden hours define respondent by survey administration and not by the number of different people completing the survey.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: 44 U.S.C. 5105.

Proposed Information Collection Activity; LIHEAP Carryover and Reallotment Report

AGENCY: Office of Community Services, Administration for Children and Families, HHS.

ACTION: Request for Public Comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting renewal of the Low Income Home Energy Assistance Program (LIHEAP) Carryover and Reallotment Report (Office of Management and Budget (OMB) #0970-0106, expiration date April 30, 2022) with changes. Changes include the addition of one and the removal of two sources in pre-populated lines, the re-descriptions of annual funding sources, and minor wording changes.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing

infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The LIHEAP statute and regulations require LIHEAP grant recipients to report certain information to HHS concerning funds forwarded and funds subject to reallotment. The 1994 reauthorization of the LIHEAP statute, the Human Services Amendments of 1994 (Public Law 103-252), requires that the carryover and reallotment report for one fiscal year be submitted to HHS by the grant recipient before the allotment for the next fiscal year may be awarded.

We are requesting minor changes in the collection of data with the Carryover and Reallotment Report for FY 2022, a form for the collection of data, and the Simplified Instructions for Timely Obligations of LIHEAP Regular Block Grant, Reallotted, and Supplemental Funds and Reporting Funds for Carryover and Reallotment. The form clarifies the information being requested and ensures the submission of all the required information. The form facilitates our response to numerous queries each year concerning the amounts of obligated funds. Use of the form is mandatory for prior-year grant recipients that seek current current-year LIHEAP funds.

Respondents: State governments, tribal governments, insular areas, and the District of Columbia.

ANNUAL BURDEN ESTIMATES
