Comment Request for Review of a Generic Information Collection: Program Services Evaluation Surveys

AGENCY: Office of Personnel Management.

ACTION: 60-Day notice and request for comments.

SUMMARY: The Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for review of a currently approved collection, *Program Services Evaluation Surveys*, as a Generic Collection. Approval of the Program Services Evaluation Surveys is necessary to collect information on Federal agency and program performance, climate, engagement, leadership effectiveness, and give OPM the ability to customize each survey based on client requirements.

DATES: Comments are encouraged and will be accepted until April 18, 2022.

ADDRESSES: You may submit comments, identified by docket number and/or Regulatory Information Number (RIN) and title, by the following method:

- *Federal Rulemaking Portal:* <http://www.regulations.gov> Follow the instructions for submitting comments. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: A copy of this information collection request, with applicable supporting documentation, may be obtained by contacting Human Resources Solutions/HR Strategy and Evaluation Solutions, Office of Personnel Management, 1900 E Street NW, Washington, DC 20415, Attention: Bernard J. soliciting comments for this collection. The previous collection (OMB No. 3206-0252, published in the **Federal Register** on May 27, 2021 at 86 FR 28645) has a clearance that expires May 3, 2022. Comments are particularly invited on:

1. Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and

3. Ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of the appropriate technological collection techniques or other forms of information technology.

OPM's Human Resources Strategy and Evaluation Solutions performs assessment and related consultation activities for Federal agencies on a reimbursable basis. The assessments are authorized by various statutes and regulations: Section 4702 of Title 5, U.S.C.; E.O. 12862; E.O. 13715; Section 1128 of the National Defense Authorization Act for Fiscal Year 2004, Public Law 108-136; 5 U.S.C. 1101 note, 1103(a)(5), 1104, 1302, 3301, 3302, 4702, 7701 note; E.O. 13197, 66 FR 7853, 3 CFR 748 (2002); E.O. 10577, 12 FR 1259, 3 CFR, 1954-1958 Comp., p. 218; and Section 4703 of Title 5, United States Code.

This collection request includes surveys we currently use and plan to use during the next three years to measure agency performance, climate, engagement, and leadership effectiveness. OMB No. 3206-0252 covers a broad range of surveys all focused on improving organizational performance. Non-Federal respondents will almost never receive more than one of these surveys. All of these surveys consist of Likert-type, mark-one, and mark-all-that-apply items, and may include a small number of open-ended comment items. The surveys included under OMB No. 3206-0252 are almost always administered electronically.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. *Title and purpose of information collection:* Employer's Quarterly Report of Contributions under the Railroad Unemployment Insurance Act; OMB 3220-0012.

Under Section 8 of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 231g), as amended by the Railroad Unemployment Improvement Act of 1988 (Pub. L. 100-647), the RRB determines the amount of an employer's contribution, primarily on the basis of the RUIA benefits paid, both unemployment and sickness, to the employees of the railroad employer. These experienced-based contributions take into account the frequency, volume, and duration of the employees' unemployment and sickness benefits. Each employer's contribution rate includes a component for administrative expenses as well as a component to cover costs shared by all employers. The regulations prescribing the manner and conditions for remitting the contributions and for adjusting overpayments or underpayments of contributions are contained in 20 CFR 345.

RRB Form DC-1, Employer's Quarterly Report of Contributions under the Railroad Unemployment Insurance Act, is used by railroad employers to report and remit their quarterly

contributions to the RRB. Employers can use either the manual version of the form or its internet equivalent. One response is requested quarterly of each respondent and completion is

mandatory. The RRB proposes no changes to the manual and electronic versions of Form DC-1.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
DC-1 (<i>RRB.Gov</i>)	720	25	300
DC-1 (<i>Pay.Gov</i>)	1,680	25	700
Total	2,400		1,000

2. Title and purpose of information collection: Application for Survivor Death Benefits; OMB 3220-0031.

Under Section 6 of the Railroad Retirement Act (RRA) (45 U.S.C. 231e), lump-sum death benefits are payable to surviving widow(er)s, children, and certain other dependents. Lump-sum death benefits are payable after the death of a railroad employee only if there are no qualified survivors of the employee immediately eligible for annuities. With the exception of the residual death benefit, eligibility for survivor benefits depends on whether the deceased employee was "insured" under the RRA at the time of death. If the deceased employee was not insured, jurisdiction of any survivor benefits payable is transferred to the Social

Security Administration and survivor benefits are paid by that agency instead of the RRB. The requirements for applying for benefits are prescribed in 20 CFR 217, 219, and 234.

The collection obtains the information required by the RRB to determine entitlement to and amount of the survivor death benefits applied for. To collect the information, the RRB uses Forms AA-21, *Application for Lump-Sum Death Payment and Annuities Unpaid at Death*; AA-21cert, *Application Summary and Certification*; G-131, *Authorization of Payment and Release of All Claims to a Death Benefit or Accrued Annuity Payment*; and G-273a, *Funeral Director's Statement of Burial Charges*. One response is requested of each respondent.

Completion is required to obtain benefits.

The RRB proposes the following changes to Forms AA-21 and G-273a:

- Forms AA-21 and—add the RRB headquarters mailing address in Section 10, *How to Return Your Application*, of Form AA-21 in order to provide address information for returning completed forms.

- Form G-273a—add the RRB headquarters mailing address to the last sentence of the second paragraph of Form G-273a above Item 1, *Date of Death*, in order to provide address information for returning completed forms.

The RRB proposes no changes to Form AA-cert or Form G-131.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
AA-21cert with assistance	3,500	20	1,167
AA-21 without assistance	200	40	133
G-131	100	5	8
G-273a	4,000	10	667
Total	7,800		1,975

3. Title and purpose of information collection: Application for Spouse Annuity under the Railroad Retirement Act; OMB 3220-0042.

Section 2(c) of the Railroad Retirement Act (RRA) (45 U.S.C. 231a), provides for the payment of annuities to spouses of railroad retirement annuitants who meet the requirements under the RRA. The age requirements for a spouse annuity depend on the employee's age, date of retirement, and years of railroad service. The requirements relating to the annuities are prescribed in 20 CFR 216, 218, 219, 232, 234, and 295.

To collect the information needed to help determine an applicant's entitlement to, and the amount of, a

spouse annuity the RRB uses non-OMB Form AA-3, *Application for Spouse/Divorced Spouse Annuity*, and electronic OMB Forms AA-3cert, *Application Summary and Certification*, and AA-3sum, *Application Summary*.

The AA-3 application process gathers information from an applicant about their marital history, work history, benefits from other government agencies, and Medicare entitlement for a spouse annuity. An RRB representative interviews the applicant either at a field office (preferred), an itinerant point, or by telephone. During the interview, the RRB representative enters the information obtained into an on-line information system. Upon completion of the interview, the system

generates, for the applicant's review, either Form AA-3cert or AA-3sum, which is a summary of the information that the applicant provided or verified. Form AA-3cert, *Application Summary and Certification*, requires a traditional pen and ink "wet" signature. Form AA-3sum, *Application Summary*, documents an alternate signing method called "Attestation," which is an action taken by the RRB representative to confirm and annotate in the RRB records (1) the applicant's intent to file an application; (2) the applicant's affirmation under penalty of perjury that the information provided is correct; and (3) the applicant's agreement to sign the application by proxy. When the RRB representative is unable to contact the

applicant in person or by telephone, for example, the applicant lives in another country, a manual version of Form AA–

3 is used. One response is requested of each respondent. Completion of the form is required to obtain a benefit.

The RRB proposes no changes to Forms AA–3cert and AA–3sum.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
Form AA–3cert (Ink Signature)	6,180	30	3,090
Form AA–3sum (Attestation)	3,520	29	1,701
Total	9,700		4,791

4. Title and purpose of information collection: Statement of Claimant or Other Person; OMB 3220–0183.

To support an application for an annuity under Section 2 of the Railroad Retirement Act (RRA) (45 U.S.C. 231a) or for unemployment benefits under Section 2 of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 352), pertinent information and proofs must be furnished for the RRB to determine benefit entitlement. Circumstances may require an applicant or other person(s) having knowledge of facts relevant to the applicant's eligibility for an annuity or benefits to

provide written statements supplementing or changing statements previously provided by the applicant. Under the railroad retirement program these statements may relate to a change in an annuity beginning date(s), date of marriage(s), birth(s), prior railroad or non-railroad employment, an applicant's request for reconsideration of an unfavorable RRB eligibility determination for an annuity or various other matters. The statements may also be used by the RRB to secure a variety of information needed to determine eligibility to unemployment and

sickness benefits. Procedures related to providing information needed for RRA annuity or RUIA benefit eligibility determinations are prescribed in 20 CFR 217 and 320 respectively.

The RRB utilizes Form G–93, *Statement of Claimant or Other Person*, to obtain from applicants or other persons, the supplemental or corrective information needed to determine applicant eligibility for an RRA annuity or RUIA benefits. Completion is voluntary. One response is requested of each respondent. The RRB proposes no changes to Form G–93.
