I. Funding Opportunity Description

Purpose of Program: The LRC Program provides grants to institutions of higher education (IHEs) or consortia of IHEs for establishing, strengthening, and operating centers that serve as resources for improving the nation's capacity for teaching and learning foreign languages through teacher training, research, materials development, assessment, and dissemination projects.

Priorities: This notice includes one absolute priority and one competitive preference priority. In accordance with 34 CFR 75.105(b)(2)(ii), the absolute priority is from 34 CFR 669.22(a)(2). The competitive preference priority is from the Secretary's Final Supplemental Priorities and Definitions for Discretionary Grants published in the Federal Register on December 10, 2021 (86 FR 70612) (Supplemental Priorities).

Absolute Priority: For FY 2022 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

The priority is:
Specific Foreign Languages for Study or Materials Development.

Background: Under 34 CFR 669.22(a)(2), the Department may establish a priority for specific foreign languages for study or materials development. For the absolute priority, we took into consideration the findings in the Modern Language Association (MLA) survey 1 of fall 2016 and undergraduate and graduate enrollments in language courses at 2.547 postsecondary institutions in the United States. Of 1,417,921 total enrollments, the three most-studied modern foreign languages included Spanish, with 712,240 enrollments or 50 percent; French, with 175,667 enrollments or 12 percent; and German, with 80,594 enrollments or 6 percent. Together, these three languages represented 968,501, or 68 percent, of enrollments. Other languages, with 34,830 enrollments, constituted 25 percent of enrollments for the same period.

The findings in the MLA survey are consistent with the definition of “Less Commonly Taught Languages” (LCTLs) used by the Center for Advanced Research on Language Acquisition (CARLA). 2 CARLA defines LCTLs as “all of the world's languages except English, French, German, and Spanish.”

Priority: Applications that propose activities with a significant focus on the teaching and learning of any modern foreign languages except French, German, and Spanish.

Competitive Preference Priority: For FY 2022 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points to an application that meets the Competitive Preference Priority.

This priority is:
Promoting Equity in Student Access to Educational Resources and Opportunities (up to 5 points).

Projects that will be implemented by or in partnership with one or more of the following entities:
(1) Community colleges (as defined in this notice).
(2) Historically Black colleges and universities (as defined in this notice).
(3) Tribal Colleges and Universities (as defined in this notice).
(4) Minority-serving institutions (as defined in this notice).

Definitions: The definitions below are from the Supplemental Priorities.
Community college means “junior or community college” as defined in section 312(f) of the Higher Education Act of 1965, as amended (HEA).
Historically Black Colleges and Universities means colleges and universities that meet the criteria set out in 34 CFR 608.2.

In 34 CFR 5.11 we define “business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended). We plan to post on our website a selection of funded abstracts and applications’ narrative sections.
   Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. 6. Award Basis: In determining whether to approve a grant award and the amount of such award, the Department will take into consideration, among other things, the applicant’s performance and use of funds under a previous or existing award under any Department program (34 CFR 75.217(d)(3)(ii) and 75.233(b)). In assessing the applicant’s performance and use of funds under a previous or existing award, the Secretary will consider, among other things, the outcomes the applicant has achieved.
and the results of any Departmental grant monitoring, including the applicant’s progress in remedying any deficiencies identified in such monitoring.

1. Selection Criteria: The following selection criteria for this program are from 34 CFR 655.31 and 669.21. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For the FY 2022 LRC competition, all applications will be assigned to peer review panels. Readers who serve on the peer review panels are selected based on their expertise in the specialized area studies, international studies, and modern foreign language(s) necessary to effectively review, score, and rank the applications assigned to them.

The Department will select applications for funding consideration based on their ranking in the competition. In cases where the peer reviewers’ average scores are the same for two or more applications same in the rank order listing, but there are insufficient funds to support all of the equally ranked applications, the Department will use the scores assigned to selection criterion (f); Need and Potential Impact to break the tie.

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.206, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate

Likelihood of Achieving Results

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management (SAM). You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

5. In General: In accordance with the Office of Management and Budget’s guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with:

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitment under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170, should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary in 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/app/forms/appforms.html.

Performance reports for the LRC Program must be submitted electronically into the office of International and Foreign Language (IFLE) web-based reporting system, International Resource Information System (IRIS). For information about IRIS and to view the reporting instructions, please go to https://iris.ed.gov/iris/pdfs/LRC.pdf.

Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. If a grantee is provided additional funding for this purpose, the Secretary establishes a data collection period.

5. Performance Measures: The following measures have been established for the purpose of Department reporting under 34 CFR 75.110, and will be used to evaluate the success of the LRC Program:

(a) Percentage of LRC products or activities judged to be successful by LRC customers with respect to quality, usefulness and relevance.

(b) Percentage of LRC products judged to be successful by an independent expert review panel with respect to quality, usefulness and relevance.

(c) Cost per LRC project that increased the number of training programs for K–16 instructors of LCTLTs (efficiency measure).

The information provided by grantees in their performance reports submitted via the IRIS reporting system will be the source of data for these measures. Reporting screens for institutions can be viewed at: http://iris.ed.gov/iris/pdfs/LRC.pdf.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has
made substantial progress in achieving the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: Evolugen Trading and Marketing LP (Applicant) has applied for authorization to transmit electric energy from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before March 25, 2022.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586–8008.

FOR FURTHER INFORMATION CONTACT: Matt Aronoff, 202–586–5863, matthew.aronoff@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On January 18, 2022, Applicant filed an application with DOE (Application or App.), to “transmit electricity from the United States to Canada for a period of five years (or such longer period as may be permitted by the Department of Energy).” App. at 1. Applicant states that it is a “limited partnership organized under the laws of the Province of Ontario with its principal place of business in Gatineau, Quebec, Canada.” Id. at 2. Applicant adds that it “is wholly-owned (directly and indirectly) by Brookfield BRP Canada Corp.” Id. Applicant represents that it “does not own or control any electric generation, transmission, or distribution facilities in the United States,” nor does it “hold a franchise or service territory for the transmission, distribution or sale of electricity.” Id.

Applicant further claims that it would “purchase the electric power to be exported in the markets in which it participates, on a firm or interruptible basis, which may include purchases from wholesale generators, power marketers, other electric utilities, and federal power marketing agencies pursuant to voluntary agreements.” App. at 6. Applicant contends that its proposed exports would “not impair or tend to impede the sufficiency of electric power supplies in the United States or the regional coordination of electric utility planning or operations.” Id. at 6–7.

The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission’s (FERC) Rules of Practice and Procedure (18 CFR 385.211).
