

Government, outlining a comprehensive approach to advancing equity for all, including people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality. Given that advancing equity requires a systematic approach to embedding fairness in the decision-making process, the E.O. instructs agencies to recognize and work to redress inequities in their policies and programs that serve as barriers to equal opportunity.

In response to E.O. 13985, NASA has been working to identify and address barriers that underserved communities and individuals may face in taking advantage of procurement, contracting, or grant opportunities. Through focused engagement with stakeholders and comments received from 86 FR 31735, June 15, 2021, Request for Information on Advancing Racial Equity and Support for Underserved Communities in NASA Programs, Contracts and Grants Process, NASA has learned that access to information and a lack of resources and opportunities are just some of the barriers faced by underserved communities. As such, GPC has reviewed NASA's grants management policies and procedures and has identified a few actions that can be taken to reduce these barriers, including a proposed implementation of a new term and condition that requires recipients of NASA financial assistance to obtain a quotation from small and/or minority businesses, women's business enterprises or labor surplus area firms when the acquisition of goods or services exceeds the simplified acquisition threshold.

The full text of the new term and condition is provided below:

Requirement To Obtain a Quotation From Small and/or Minority Businesses, Women's Business Enterprises or Labor Surplus Area Firms

Pursuant to the requirements in 2 CFR 200.321, Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms, grant and cooperative agreement recipients shall, to the extent practicable, obtain at least one quotation in response to a recipient-issued Request for Quotation (RFQ) from a small and/or minority business, women's business enterprise or labor surplus area firms when the acquisition of goods or services exceeds the simplified acquisition threshold (SAT) as defined in the Federal Acquisition Regulation (FAR) part 2.101, Definitions (currently the SAT is \$250,000). In the event that recipients are unable to

obtain at least one quote from a small and/or minority businesswomen's business enterprise or labor surplus area firm, a written justification indicating why this was not possible must be maintained in the recipient's records.

End of Proposed Term and Condition Implementation

Upon receipt and resolution of all comments, it is NASA's intention to implement the new term through a revision to the NASA Grant and Cooperative Agreement Manual (GCAM). These revised terms and conditions will become effective thirty days from the final notice publication date in the **Federal Register** and will be available in the GCAM.

The new term and condition will be applied to all new NASA awards and funding amendments to existing awards made on or after the effective date.

Cheryl Parker,

Federal Register Liaison Officer.

BILLING CODE 7510-13-P

NUCLEAR REGULATORY COMMISSION

[NRC-2022-0001]

Sunshine Act Meetings

TIME AND DATE: Weeks of February 21, 28, March 7, 14, 21, 28, 2022.

PLACE: Commissioners' Conference Room, 11555 Rockville Pike, Rockville, Maryland.

STATUS: Public.

Week of February 21, 2022

Thursday, February 24, 2022

9:55 a.m. Affirmation Session (Public Meeting) (Tentative)

(a) Florida Power & Light Company (Turkey Point Nuclear Generating Units 3 and 4), Intervenor's Petitions for Review of LBP-19-3, LBP-19-6, and LBP-19-8 (Tentative)

(b) Exelon Generating Company, LLC (Peach Bottom Atomic Power Station, Units 2 and 3), Beyond Nuclear's Motions to Submit a New Contention and Reopen the Record (Tentative) (Contact: Wesley Held: 301-287-3591)

Additional Information: The public is invited to attend the Commission's meeting live by webcast at the web address—<https://video.nrc.gov/>.

10:00 a.m. Briefing on Regulatory Research Program Activities (Public Meeting) (Contact: Nick Difrancesco: 301-415-1115)

Additional Information: The public is invited to attend the Commission's meeting live by webcast at the web address—<https://video.nrc.gov/>.

Week of February 28, 2022—Tentative

There are no meetings scheduled for the week of February 28, 2022.

Week of March 7, 2022—Tentative

There are no meetings scheduled for the week of March 7, 2022.

Week of March 14, 2022—Tentative

There are no meetings scheduled for the week of March 14, 2022.

Week of March 21, 2022—Tentative

There are no meetings scheduled for the week of March 21, 2022.

Week of March 28, 2022—Tentative

There are no meetings scheduled for the week of March 28, 2022.

Additional Information: The Affirmation Session (Public Meeting) Hearing Requests in Exelon Multiple Indirect License Transfers scheduled on Monday, February 14, 2022 at 11:30 a.m. was rescheduled due to technical difficulties and held on February 14, 2022 at 1:45 p.m.

CONTACT PERSON FOR MORE INFORMATION:

For more information or to verify the status of meetings, contact Wesley Held at 301-287-3591 or via email at Wesley.Held@nrc.gov. The schedule for Commission meetings is subject to change on short notice.

The NRC Commission Meeting Schedule can be found on the internet at: <https://www.nrc.gov/public-involve/public-meetings/schedule.html>.

The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in these public meetings or need this meeting notice or the transcript or other information from the public meetings in another format (e.g., braille, large print), please notify Anne Silk, NRC Disability Program Specialist, at 301-287-0745, by videophone at 240-428-3217, or by email at Anne.Silk@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis.

Members of the public may request to receive this information electronically. If you would like to be added to the distribution, please contact the Nuclear Regulatory Commission, Office of the Secretary, Washington, DC 20555, at 301-415-1969, or by email at Wendy.Moore@nrc.gov or Betty.Thweatt@nrc.gov.

The NRC is holding the meetings under the authority of the Government in the Sunshine Act, 5 U.S.C. 552b.

Dated: February 17, 2022.

For the Nuclear Regulatory Commission.

Wesley W. Held,

Policy Coordinator, Office of the Secretary.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 70-1374; NRC-2022-0032]

Idaho State University

AGENCY: Nuclear Regulatory Commission.

ACTION: License renewal application; opportunity to request a hearing and to petition for leave to intervene.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) staff has received, a revised application from Idaho State University (ISU or the licensee) to renew Special Nuclear Materials (SNM) License No. SNM-1373. The renewed license would authorize the applicant to continue to use SNM in greater than critical mass quantities for education, research, and training programs at its campus in Pocatello, Idaho. This license renewal, if approved, would authorize ISU to continue to possess and use SNM under NRC regulations for 10 years beyond its current license.

DATES: A request for a hearing or petition for leave to intervene must be filed by April 25, 2022.

ADDRESSES: Please refer to Docket ID NRC-2022-0032 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2022-0032. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION**

CONTACT section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR)

reference staff at 1-800-397-4209, 301-415-4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.

- *NRC's PDR:* You may examine and purchase copies of public documents, by appointment, at the NRC's PDR, Room P1 B35, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8:00 a.m. and 4:00 p.m. (ET), Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Osiris Siurano-Pérez, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone: 301-415-7827, email: Osiris.Siurano-Perez@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

On July 9, 2021, the licensee submitted the initial renewal application for SNM-1373 (ADAMS Package Accession No. ML21190A251). In a letter dated September 9, 2021 (ADAMS Accession No. ML21246A165), the NRC staff informed ISU that additional information was needed to complete its technical review and provided ISU the opportunity to supplement the application within 60 days. On September 15, 2021, the NRC staff extended the supplement submission date to December 8, 2021 (ADAMS Accession No. ML21259A202), at the request of ISU (ADAMS Accession No. ML21259A200).

The NRC has received, by letter dated December 6, 2021 (ADAMS Package Accession No. ML21351A166), a revised application from ISU to renew SNM-1373, which authorizes ISU to use SNM for education, research, and training programs in senior- and graduate-level laboratory courses. The license renewal would allow ISU to continue licensed activities for 10 years. Paragraph 70.38 (a) of title 10 of the *Code of Federal Regulations* (10 CFR), states that a specific license expires at the end of the day on the expiration date stated in the license unless the licensee has filed an application for renewal under 10 CFR 70.33 not less than 30 days before the expiration date stated in the existing license. The term of ISU's current license expired on August 11, 2021; however, the application for renewal was made at least 30 days prior to the

expiration, and thus, the current license is still in effect. The licensee is authorized to use SNM under 10 CFR part 70.

An NRC administrative completeness review of the revised application dated January 20, 2022 (ADAMS Accession No. ML22018A285), found the application acceptable for a technical review. During the technical review, the NRC will be reviewing the application in areas that include, but are not limited to, radiation safety, nuclear criticality safety, chemical safety, fire safety, security, environmental protection, decommissioning, decommissioning financial assurance, and material control/accountability. Prior to approving the request to renew SNM-1373, the NRC will need to make the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the NRC's regulations. The NRC's findings will be documented in a safety evaluation report.

II. Opportunity To Request a Hearing and Petition for Leave To Intervene

Within 60 days after the date of publication of this notice, any person (petitioner) whose interest may be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the renewal of the special nuclear materials license. Petitions shall be filed in accordance with the Commission's "Agency Rules of Practice and Procedure" in 10 CFR part 2. Interested persons should consult 10 CFR 2.309. If a petition is filed within 60 days, the presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 60 days from the date of publication of this notice in accordance with the filing instructions in the "Electronic Submissions (E-Filing)" section of this document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h), no later than 60 days from the date of publication of this notice. Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or agency thereof may participate as a non-party under 10 CFR 2.315(c).
