burden since the existing ICR was approved by OMB. Instead, this ICR relies on previous estimates and assumes the numbers have largely remained steady over the past 3 years.

In addition, OMB has requested that EPA move towards using the 18-question format for ICR Supporting Statements used by other federal agencies and departments and is based on the submission instructions established by OMB in 1995, replacing the alternate format developed by EPA and OMB prior to 1995. The Agency does not expect this change in format to result in substantive changes to the information collection activities or related estimated burden and costs.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another Federal Register document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under FOR FURTHER INFORMATION CONTACT.

Authority: 44 U.S.C. 3501 et seq.

Michal Freedhoff,
Assistant Administrator, Office of Chemical Safety and Pollution Prevention.

ENVIRONMENTAL PROTECTION AGENCY

Cancellation Order for Certain Pesticide Registrations and Amendments To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA’s order for the cancellations and amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1, Table 1A and Table 2 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows an October 25, 2021, Federal Register Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II, to voluntarily cancel and amend to terminate uses of these product registrations. In the October 25, 2021, notice, EPA indicated that it would issue an order implementing the cancellations and amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received two comments on the notice; one general comment concerning pesticides in general that did not directly apply to this notice, so no action or response was needed and the second merited its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendments to terminate uses, Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and amendments are effective March 1, 2022.

FOR FURTHER INFORMATION CONTACT: Christopher Green, Registration Division (7502P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: (202) 566–2707; email address: green.christopher@epa.gov.

Table 3 of this unit includes the names and addresses of record for all registrants of the products in Table 1, Table 1A and Table 2 of this unit, in sequence by EPA company number. This number corresponds to the first part of the EPA registration numbers of the products listed above.
III. Summary of Public Comments Received and Agency Response to Comments

The Agency received two comments on the notice, one general comment concerning pesticides in general that did not directly apply to this notice, so no action or response was needed, and the Agency does not believe the comment merits further review and the second comment merited its further review of the request. The second comment and the response from the Agency is below.

A. Comment

The Federal Register notice and docket provide inadequate information about how voluntary cancellation of Gramoxone SL 2.0 will conform to EPA’s interim registration review decision for paraquat dichloride. Specifically, it is unclear whether existing stocks of Gramoxone SL 2.0 sold or distributed between March 30, 2022, and March 30, 2023, will bear a label that includes the additional restrictions on use set forth in EPA’s interim decision. It would be inappropriate for EPA to approve any existing stocks provision that allows sale or distribution of product with labels that do not reflect the interim registration decision for paraquat dichloride. If the labels do not conform to that decision, the product would be misbranded because it would not contain directions EPA has deemed necessary to protect public health and the environment.

B. Response

The existing stocks provision for the voluntary cancellation of Gramoxone SL 2.0 is roughly consistent with the phase-out of existing labeling (and use of new labeling) that will occur in response to the Agency’s interim decision for paraquat. The existing stocks provision for Gramoxone SL 2.0 permits the registrant to sell and distribute existing stocks of voluntarily canceled products for one year after the effective date of the cancellation, which will be March 30, 2023. Updated paraquat labels containing the additional restrictions from the interim decision are expected to be approved and stamped by the end of the 2022 calendar year. After the label approval, the registrants of the affected products must begin using the new labeling within 12 months of the label stamp date, roughly around the end of the 2023 calendar year.

Given that the interim decision labeling will not be in full effect until 2023, the continued sale and use of Gramoxone 2.0 with existing labels will be consistent with the implementation of the interim decision label language. Consequently, EPA has determined that the sale and use of existing stocks of Gramoxone SL 2.0 will not be inconsistent with the purposes of FIFRA.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)(1)), EPA hereby approves the requested cancellations and amendments to terminate uses of the registrations identified in Table 1, Table 1A and Table 2 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1, Table 1A and Table 2 of Unit II, are canceled and amended to terminate the affected uses. The effective date of the cancellations that are subject of this notice is March 1, 2022. The effective date of the cancellation in Table 1A will be March 30, 2022. Any distribution, sale, or use of existing stocks of the products identified in Table 1, Table 1A and Table 2 of Unit II, in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI, will be a violation of FIFRA.

V. What is the Agency’s authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the Federal Register of October 25, 2021 (86 FR 58906) (FRK-9119–01–OCSSP). The comment period closed on November 24, 2021.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States, and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

For the voluntary cancellation request in Table 1A, the registrant requested March 30, 2022, as the effective date of cancellation; therefore, the registrant may continue to sell and distribute existing stocks of products listed in Table 1A until March 30, 2023, which is 1 year after the effective date of the cancellation. Thereafter, the registrant is prohibited from selling or distributing products listed in Table 1A of Unit II, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

For all other voluntary cancellations listed in Table 1, the registrants may continue to sell and distribute existing stocks of products listed in Table 1 until March 1, 2023, which is 1 year after publication of this cancellation order in the Federal Register. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1 of Unit II, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Now that EPA has approved product labels reflecting the requested amendments to terminate uses, registrants are permitted to sell or distribute products listed in Table 2 of Unit II, under the previously approved labeling until September 1, 2023, a period of 18 months after publication of the cancellation order in this Federal Register, unless other restrictions have been imposed. Thereafter, registrants

The liquidation of the assets for
the receivership has been completed. To the
extent permitted by available funds and
in accordance with law, the Receiver
will be making a final dividend
payment to proven creditors.

Based upon the foregoing, the
Receiver has determined that the
continued existence of the receivership
will serve no useful purpose.

Consequently, notice is given that the
receivership shall be terminated, to be
effective no sooner than thirty days after
the date of this notice. If any person
wishes to comment concerning the
termination of the receivership, such
comment must be made in writing,
identify the receivership to which the
comment pertains, and sent within
thirty days of the date of this notice to:
Federal Deposit Insurance Corporation,
Division of Resolutions and
Receiverships, Attention: Receivership
Oversight Department 34.6, 1601 Bryan
Street, Dallas, TX 75201.

No comments concerning the
termination of this receivership will be
considered which are not sent within
this time frame.
