History and Description of the Cultural Items

In 1960, Cheekwood received on loan eight sacred objects and three objects of cultural patrimony. In 1972, Cheekwood formally accessioned these objects. The eight sacred objects are one t-type pipestone pipe bowl; one ribbon-wrapped pipe stem attributed to *Taoyate Duta* (Chief Little Crow); one beaded, twisted and painted pipe stem; one beaded, velvet pipe bag; one eagle claw pipestone pipe bowl; one ribbon-wrapped pipe stem; one war shield; and one whip handle. The three objects of cultural patrimony are one stone maul, one stone mace, and one bow with lightning design.

Based on consultation with representatives of the Prairie Island Indian Community in the State of Minnesota, Cheekwood has determined the identity of these 11 cultural items and their cultural affiliation with this Indian Tribe.

Determinations Made by the Cheekwood Estate and Gardens

Officials of the Cheekwood Estate and Gardens have determined that:

- Pursuant to 25 U.S.C. 3001(3)(C), the eight cultural items described above are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents.
- Pursuant to 25 U.S.C. 3001(3)(D), the three cultural items described above have ongoing historical, traditional, or cultural importance central to the Native American group or culture itself, rather than property owned by an individual.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the sacred objects and objects of cultural patrimony and the Prairie Island Indian Community in the State of Minnesota.

History and Description of the Cultural Items

Sometime prior to November 3, 1936, two cultural items were removed from an unknown location in Montana. These items (inventory numbers 1591 and 1592) were collected or acquired by Charles Herbert Mitchell (1857-1936). In 1936, Mr. Mitchell's family donated a portion of his collection, including these items, to Boston University. The two sacred objects/objects of cultural patrimony are two pipestone vessels.

Based on information provided by the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation, Montana during consultation and in the Tribe's repatriation request, the institution has determined that the pipestone vessels are culturally affiliated with the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation, Montana, and that they meet both the definition of sacred objects and the definition of objects of cultural patrimony.

Abstract: Self-reporting requirements set forth in the Department of Justice (DOJ) Policy Statement 1700.04, *Department Personnel Security Reporting Requirements*, issued April 18, 2018, apply to non-federal employee personnel affiliated with the DOJ. The policy contains reporting requirements that are applicable to the entire DOJ workforce as well as reporting requirements that apply only to personnel occupying a national security position or who have access to classified information. The requirements relating to national security are mandated by the Director of National Intelligence as the Security Executive Agent. The majority of the reports relate to the submitter's personal conduct and activities. There is one form for personnel to submit information on other personnel, consistent with government-wide reporting requirements. This collection request seeks approval for contractors and other non-federal employees who are processed for access to classified information to utilize the Department's automated reporting system called iReport, or, for the small population with no access to the IT system, to utilize PDF fillable forms to report the required information. The Security and Emergency Planning Staff, and other Department Security Offices, will use the reported information to determine the submitter's continued fitness for employment at the Department of Justice or continued eligibility for access to national security information.
