proposes to Form EIA–846 would request information about the use of electricity generated from renewable energy sources that may be shared across more than one establishment. The purpose of these questions is to better understanding the technology, equipment, and infrastructure that may be shared among manufacturing establishments. This change is consistent with the Bipartisan Infrastructure Law (Infrastructure Investment and Jobs Act).

EIA proposes adding these questions to the Form EIA–846; however cognitive testing on the questions will need to be conducted and question language may need to be adjusted for clarity.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

• Crop production (NAICS code 111).

• Animal production (NAICS code 112).

• Food manufacturing (NAICS code 311).

B. What should I consider as I prepare my comments for EPA?

1. Submitting CBI. Do not submit this information to EPA through *regulations.gov* or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that vou mail to EPA, mark the outside of the disk or CD–ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. Tips for preparing your comments. When preparing and submitting your comments, see the commenting tips at https://www.epa.gov/dockets/ commenting-epa-dockets.

II. Registration Applications

EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications.

EXECUTIVE OFFICE OF THE PRESIDENT

Request for Information To Support the Development of a Federal Scientific Integrity Policy Framework

AGENCY: White House Office of Science and Technology Policy (OSTP). **ACTION:** Notice of request for information (RFI).

SUMMARY: The White House Office of Science and Technology Policy (OSTP) seeks information to assist in developing a framework for regular assessment and iterative improvement of agency scientific integrity policies and practices. This effort builds on the Scientific Integrity Task Force's review of existing scientific integrity policies and practices, released in the January 11, 2022 report, *Protecting the Integrity of Government Science*.

DATES: Interested persons and organizations are invited to submit comments on or before 5:00 p.m. ET on April 4, 2022.

ADDRESSES: Interested individuals and organizations should submit comments electronically to *ScientificIntegrityRFI@ ostp.eop.gov* and include "SI RFI" in the subject line of the email. Due to time constraints, mailed paper submissions will not be accepted, and electronic submissions received after the deadline cannot be ensured to be incorporated or taken into consideration.

Instructions: Response to this RFI is voluntary. Each responding entity (individual or organization) is requested to submit only one response. OSTP welcomes any responses to inform and guide the work of OSTP. Please feel free to respond to one or as many prompts as you choose. Submission must not exceed 10 pages in 12 point or larger font, with a page number provided on each page. Responses should include the name of the person(s) or organization(s) filing the comment, as well as the respondent type (e.g., academic, advocacy, professional society, community-based organization, industry, trainee/student, member of the public, government, other).

Respondent's role in the organization may also be provided (e.g., researcher, faculty, student, program manager, journalist) on a voluntary basis. Comments containing references, studies, research, and other empirical data that are not widely published should include copies or electronic links of the referenced materials. No business proprietary information, copyrighted information, or personally identifiable information should be submitted in response to this RFI. If you submit scientific or technical studies or other results of scientific research, OSTP requests (but is not requiring) that you also provide the following information where it is available: (1) Identification of the funding source(s) and sponsoring organization(s) of the research; (2) the extent to which the research findings were reviewed by a potentially affected party prior to publication or submission to the docket, and identification of any such parties; and (3) the nature of any financial relationships (e.g., consulting agreements, expert witness support, or research funding) between investigators who conducted the research and any organization(s) or entities having a financial interest in Federal scientific integrity. Disclosure of such information is intended to promote transparency and scientific integrity of data and technical information submitted to the record. Please be aware that comments submitted in response to this RFI may be posted on OSTP's website or otherwise released publicly.

In accordance with FAR 15.202(3), responses to this notice are not offers and cannot be accepted by the Federal Government to form a binding contract. Additionally, those submitting responses are solely responsible for all expenses associated with response preparation.

FOR FURTHER INFORMATION CONTACT: For additional information, please direct questions to Dr. Ryan Donohue at 202–456–4444 or *ScientificIntegrity@ ostp.eop.gov.*

SUPPLEMENTARY INFORMATION: The framework will include assessment criteria that OSTP and agencies can use to inform, review, and improve the content and implementation of agency scientific-integrity policies. To support this framework, OSTP seeks information on: (1) How scientific integrity policies can address important and emergent issues of our time, including diversity, equity, inclusion and accessibility; new technologies; emerging modes of science; and coordination with related policy domains; (2) The criteria to evaluate scientific integrity policy
