determinations are due no later than March 25, 2022.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reason for the request.

Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 24, 2022, the petitioner² in this investigation submitted a timely request that Commerce postpone the preliminary CVD determinations.³ The petitioner stated that it is requesting a postponement because additional time is needed to develop the records and review responses in order to determine accurate CVD rates.⁴

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determinations, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations to no later than 130 days after the date on which this investigation was initiated, *i.e.*, May 31, 2022.⁵ Pursuant to section 705(a)(1) of

Investigations, 87 FR 3970 (January 26, 2022) (signed on January 19, 2022).

² The petitioner is Mid Continent Steel & Wire, Inc.

³ See Petitioner's Letter, "Petitioner's Request for Postponement of Preliminary Determinations," dated February 24, 2022.

⁵ The preliminary determination deadline falls on May 29, 2022, which is a Sunday. The following day is the Memorial Day federal holiday. Commerce's practice dictates that, where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations.

Pentafluoroethane (R-125) From the People's Republic of China: Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing antidumping duty (AD) and countervailing duty (CVD) orders on pentafluoroethane (R-125) from the People's Republic of China (China).

DATES: Applicable March 3, 2022.

FOR FURTHER INFORMATION CONTACT: Alex Wood (AD) or Adam Simons (CVD), AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1959 or (202) 482-6172, respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(d) and 735(d) of the Tariff Act of 1930, as amended (the Act), on January 10, 2022, Commerce published its affirmative final determination of sales at less than fair value (LTFV)¹ and its affirmative final determination that countervailable subsidies are being provided to producers and exporters of R-125 from China.² On February 23, 2022, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured by reason of LTFV imports and subsidized imports of R-125 from China, within the meaning of sections 705(b)(1)(A)(i) and 735(b)(1)(A)(i) of the Act.³

Scope of the Orders

The products covered by these orders are R-125 from China. For a complete description of the scope of the orders, see Appendix I to this notice.

Antidumping Duty Order

On February 23, 2022, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of R-125 from China.⁴ Therefore, Commerce is issuing this AD order in accordance with sections 735(c)(2) and 736 of the Act. Because the ITC determined that imports of R-125 from China are materially injuring a U.S. industry, unliquidated entries of such merchandise from China entered, or withdrawn from warehouse, for consumption are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the

normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise for all relevant entries of R-125 from China. Antidumping duties will be assessed on unliquidated entries of R-125 from China entered, or withdrawn from warehouse, for consumption on or after August 17, 2021, the date of publication of the *LTFV Preliminary Determination*, but will not be assessed on entries occurring after the expiration of the provisional measures period and before publication of the ITC's final affirmative injury determination, as further described below.⁵

Continuation of Suspension of Liquidation—AD

In accordance with section 736 of the Act, we will instruct CBP to continue to suspend liquidation on all relevant entries of R-125 from China entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's final affirmative injury determinations in the **Federal Register**. These instructions suspending liquidation will remain in effect until further notice. For each producer and exporter combination, Commerce will also instruct CBP to require cash deposits for estimated antidumping duties equal to the cash deposit rates listed below.

Accordingly, effective on the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as an importer of record would normally deposit estimated duties on the subject merchandise, a cash deposit for each entry of subject merchandise equal to the cash deposit rates listed below.⁶ As stated in the *LTFV Final Determination*, Commerce made certain adjustments for export subsidies from the *CVD Final Determination* to the estimated weighted-average dumping margins to determine each of the cash deposit rates.

Producer	Exporter	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent)
Zhejiang Sanmei Chemical Ind. Co., Ltd	Zhejiang Sanmei Chemical Ind. Co., Ltd	277.95	267.41
Fujian Qingliu Dongying Chemical Ind. Co., Ltd	Zhejiang Sanmei Chemical Ind. Co., Ltd	277.95	267.41
