**SUPPLEMENTARY INFORMATION:** The Census Bureau is planning one national webinar on March 24, 2022, with federally and state recognized tribes, which will provide a forum for tribes to review the 2010 Demonstration Data Product—Demographic and Housing Characteristics File (DHC). This demonstration data product represents the most recent development version of the 2020 Census Disclosure Avoidance System (DAS) applied to published 2010 Census Data. The 2010 Demonstration Data Product—DHC will provide demographic and housing characteristics, including age, sex, race, Hispanic or Latino origin, relationship to householder, household type, couple type, housing tenure and vacancy. Some subjects are repeated by major OMB race/ethnicity groups for the household and group quarters population. Specifically, based on your analysis, we would like to know which data would be deemed unusable for your use cases. It will be helpful if you can identify the problematic table, level of geography, and a description of the use case, along with the likely implications should the data be released as-is.

In accordance with Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, issued November 6, 2000, the Census Bureau has adhered to its tribal consultation policy by seeking the input of tribal governments in the planning and implementation of the 2020 Census with the goal of ensuring the most accurate counts and data for the American Indian and Alaska Native population. In that regard, the Census Bureau is seeking comments on the 2010 Demonstration Data Product—DHC and is reviewing feedback received on the Detailed DHC tables.

### Demographic and Housing Characteristics File (DHC)

The DHC will include some of the demographic and housing tables previously included in the 2010 Census Summary File 1 (SF1).

- *Subjects:* Age, sex, race, Hispanic or Latino origin, household type, family type, relationship to householder, group quarters population, housing occupancy, and housing tenure. Some subjects are repeated for major OMB race/ethnicity groups.

- *Access:* [data.census.gov](http://data.census.gov).
- *Lowest level of geography:* To be determined.
- *Production Date:* Tentatively 2022.

### Detailed Demographic and Housing Characteristics (Detailed DHC)

The Detailed DHC will provide population counts, as well as demographic and housing statistics for detailed racial and ethnic groups, and American Indian and Alaska Native tribes and villages. These types of statistics were previously included in the 2010 Census Summary File 2 (SF2) and the 2010 American Indian and Alaska Native Summary File (AIANSF). In addition, the Detailed DHC will include a few tables from the 2010 Summary File 1 (SF1) that are not included in the DHC.

- *Subjects:* Detailed racial and ethnic groups, American Indian and Alaska Native tribes and villages, and complex household composition and characteristics tables (e.g., population in occupied housing units) not included in DHC.

- *Access:* [data.census.gov](http://data.census.gov).
- *Lowest level of geography:* To be determined.
- *Date:* To be determined.

Information about the content of these data products was released on September 16, 2021. Tribes will have four weeks after consultation to analyze the 2010 Demonstration Data Product—DHC.

## DEPARTMENT OF COMMERCE

### International Trade Administration

#### Initiation of Antidumping and Countervailing Duty Administrative Reviews

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with January anniversary dates. In accordance with Commerce's

regulations, we are initiating those administrative reviews.

**DATES:** Applicable March 9, 2022.

**FOR FURTHER INFORMATION CONTACT:** Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

#### SUPPLEMENTARY INFORMATION:

##### Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with January anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

##### Notice of No Sales

With respect to antidumping administrative reviews, if a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (POR), it must notify Commerce within 30 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at <https://access.trade.gov>, in accordance with 19 CFR 351.303.<sup>1</sup> Such submissions are subject to verification, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy must be served on every party on Commerce's service list.

##### Respondent Selection

In the event Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, except for the administrative review of the antidumping duty order on wooden bedroom furniture from the People's Republic of China (China), Commerce intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POR. We intend to place the CBP data on the record within five days of publication of the initiation notice and to make our decision regarding respondent selection within 35 days of publication of the initiation **Federal**

<sup>1</sup> See *Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures*, 76 FR 39263 (July 6, 2011).

**Register** notice. Comments regarding the CBP data and respondent selection should be submitted within seven days after the placement of the CBP data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act, the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (e.g., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this AD proceeding (e.g., investigation, administrative review, new shipper review, or changed circumstances review). For any company subject to this review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection.

Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Quantity and Value (Q&V) Questionnaire for purposes of respondent selection, in general, each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of this proceeding where Commerce considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

### **Respondent Selection—Wooden Bedroom Furniture From China**

In the event that Commerce limits the number of respondents for individual examination in the antidumping duty administrative review of wooden bedroom furniture from China, for purposes of the January 1, 2021, through December 31, 2021 POR, Commerce intends to select respondents based on volume data contained in responses to a Q&V Questionnaire. All parties under review are hereby notified that they must timely respond to the Q&V Questionnaire. Commerce’s Q&V Questionnaire, along with certain additional questions, will be available in a document package on Commerce’s website at <https://enforcement.trade.gov/download/prc-wbf/index.html> on the date that this notice is published in the **Federal Register**. Responses to the Q&V Questionnaire must be filed with the respondents’ Separate Rate Application or Separate Rate Certification (see the Separate Rates section below) and their responses to the additional questions, and must be received by Commerce by no later than 30 days after publication of this notice in the **Federal Register**. Please be advised that due to the time constraints imposed by the statutory and regulatory deadlines for antidumping duty administrative reviews, Commerce does not intend to grant any extensions for the submission of responses to the Q&V Questionnaire.

### **Deadline for Withdrawal of Request for Administrative Review**

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

### **Deadline for Particular Market Situation Allegation**

Section 504 of the Trade Preferences Extension Act of 2015 amended the Act by adding the concept of a particular market situation (PMS) for purposes of constructed value under section 773(e) of the Act.<sup>2</sup> Section 773(e) of the Act states that “if a particular market situation exists such that the cost of materials and fabrication or other processing of any kind does not accurately reflect the cost of production in the ordinary course of trade, the

administering authority may use another calculation methodology under this subtitle or any other calculation methodology.” When an interested party submits a PMS allegation pursuant to section 773(e) of the Act, Commerce will respond to such a submission consistent with 19 CFR 351.301(c)(2)(v). If Commerce finds that a PMS exists under section 773(e) of the Act, then it will modify its dumping calculations appropriately.

Neither section 773(e) of the Act nor 19 CFR 351.301(c)(2)(v) set a deadline for the submission of PMS allegations and supporting factual information. However, in order to administer section 773(e) of the Act, Commerce must receive PMS allegations and supporting factual information with enough time to consider the submission. Thus, should an interested party wish to submit a PMS allegation and supporting new factual information pursuant to section 773(e) of the Act, it must do so no later than 20 days after submission of initial responses to section D of the questionnaire.

### **Separate Rates**

In proceedings involving non-market economy (NME) countries, Commerce begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is Commerce’s policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, Commerce analyzes each entity exporting the subject merchandise. In accordance with the separate rates criteria, Commerce assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a Separate Rate Application or Certification, as described below. In addition, all firms that wish to qualify for separate rate status in the antidumping duty administrative review of wooden bedroom furniture from China, must complete, as appropriate, either a

<sup>2</sup> See Trade Preferences Extension Act of 2015, Public Law 114–27, 129 Stat. 362 (2015).

Separate Rate Application or Certification, and respond to the additional questions and the Q&V Questionnaire on Commerce’s website at <https://enforcement.trade.gov/download/prc-wbf/index.html>. For these administrative reviews, in order to demonstrate separate rate eligibility, Commerce requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on Commerce’s website at <https://enforcement.trade.gov/nme/nme-separate.html> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the “Instructions for Filing the Certification” in the Separate Rate Certification. Separate Rate Certifications are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice. For the antidumping duty administrative review of wooden bedroom furniture from China, Separate Rate Certifications, as well as a response to the additional questions and the Q&V Questionnaire in the document package, are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding<sup>3</sup> should timely file a Separate Rate Application to

demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,<sup>4</sup> should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Application will be available on Commerce’s website at <https://enforcement.trade.gov/nme/nme-separate.html> on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Application, refer to the instructions contained in the application. Separate Rate Applications are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice.

For the antidumping duty administrative review of wooden bedroom furniture from China, Separate Rate Applications, as well as a response to the additional questions and the Q&V Questionnaire in the document package, are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

Exporters and producers must file a timely Separate Rate Application or Certification if they want to be considered for respondent selection. Furthermore, exporters and producers who submit a Separate Rate Application

or Certification and subsequently are selected as mandatory respondents will no longer be eligible for separate rate status *unless* they respond to all parts of the questionnaire as mandatory respondents.

Furthermore, this notice constitutes public notification to all firms for which an antidumping duty administrative review of wooden bedroom furniture from China has been requested, that are seeking separate rate status in the review, that they must submit a timely Separate Rate Application or Certification (as appropriate) as described above, and a timely response to the additional questions and the Q&V Questionnaire in the document package on Commerce’s website in order to receive consideration for separate-rate status. In other words, Commerce will not give consideration to any timely Separate Rate Application or Certification made by parties who failed to respond in a timely manner to the additional questions and the Q&V Questionnaire. All information submitted by respondents in the antidumping duty administrative review of wooden bedroom furniture from China is subject to verification. As noted above, the Separate Rate Application, the Separate Rate Certification, the additional questions, and the Q&V Questionnaire will be available on Commerce’s website on the date of publication of this notice in the **Federal Register**.

**Initiation of Reviews**

### Duty Absorption Reviews

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an AD order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether AD duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

### Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant "gap" period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

### Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce's regulations at

See *Forged Steel Fluid End Blocks from the People's Republic of China, the Federal Republic of Germany, India, and Italy: Correction to Countervailing Duty Orders*, 86 FR 10244 (February 19, 2021).

19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (*e.g.*, the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

### Factual Information Requirements

Commerce's regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)-(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,<sup>11</sup> available at [www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf](http://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf), prior to

<sup>11</sup> See *Certification of Factual Information To Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*); see also the frequently asked questions regarding the *Final Rule*, available at [https://enforcement.trade.gov/tlei/notices/factual\\_info\\_final\\_rule\\_FAQ\\_07172013.pdf](https://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf).

submitting factual information in this segment. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.<sup>12</sup>

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.<sup>13</sup> Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

### Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.<sup>14</sup> In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) Case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the

extension of time limits. Please review the *Final Rule*, available at <https://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).
