

Housing and Economic Recovery Act of 2008 (HERA), Public Law 110–289, 122 Stat. § 2844–2845, requires HUD to develop a method of indexing to annually adjust Title I manufactured home loan limits. This index is based on manufactured housing price data

collected by the United States Census Bureau using this survey. Section 2145(b) of the Housing and Economic Recovery Act of 2008 (HERA), Public Law 110–289, 122 Stat. § 2844–2845 also amends the maximum loan limits for manufactured home loans insured

under Title I. In Title I Letter TI–480, HUD implemented the revised loan limits, as shown below, for all manufactured home loans for which applications are received on or after March 3, 2009.

Loan type	Purpose	Old loan limit	New loan limit
MANUFACTURED HOME IMPROVEMENT LOAN.	For financing alterations, repairs and improvements upon or in connection with existing manufactured homes.	\$17,500	\$25,090
MANUFACTURED HOME UNIT(S)	To purchase or refinance a Manufactured Home unit(s)	48,600	69,678
LOT LOAN	To purchase and develop a lot on which to place a manufactured home unit.	16,200	23,226
COMBINATION LOAN FOR LOT AND HOME.	To purchase or refinance a manufactured home and lot on which to place the home.	64,800	92,904

Method of Collection: The methodology for collecting information on new manufactured homes involves contacting dealers from a monthly sample of new manufactured homes shipped by manufacturers. The units are sampled from lists obtained from the Institute for Building Technology and Safety. A file of all manufactured homes sections shipped during the month is provided to the Census Bureau by the Institute for Building Technology and Safety (IBTS) on a monthly basis.

Dealers that take shipment of the selected homes are mailed a survey form four months after shipment for recording the status of the manufactured home.

Respondents: Business firms or other for-profit institutions.

Respondent's Obligation: Voluntary.

Estimated Number of Respondents: 4,860.

Frequency of Response: Once.

Average Hours per Response: 20 minutes per response (.33 hour).

Estimated Total Annual Burden Hours: 1,620.

Hourly Cost per Response: \$31.45 (hourly rate for typical respondent: Occupational code 41–4010: Sales Representatives, Wholesale and Manufacturing).

Estimated Total Annual Cost: \$50,949. (This is not a direct financial cost of respondents' time, but rather the associated cost burden of the respondents' voluntary responses.)

TOTAL ESTIMATED BURDENS

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Manufactured Housing Survey	4,860.00	1.00	4,860.00	0.33	1,620	\$31.45	\$50,949.00
Total	4,860.00				1,620		50,949.00

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility,

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information,

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. HUD encourages interested parties to

submit comment in response to these questions.
