SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–0537.
Title: Sections 13.9(c), 13.13(c), 13.17(b), 13.211(e) and 13.217, Commercial Operator License Examination Managers (COLEM) Records.
Form Number: N/A.
Type of Review: Extension of a currently approved collection.
Respondents: Business or other for-profit entities.
Number of Respondents and Responses: 659 respondents; 659 responses.
Estimated Time per Response: 0.44 hours to 30 hours.
Frequency of Response: Recordkeeping requirement and on occasion reporting requirement.
Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154 and 303 of the Communications Act of 1934.
Total Annual Burden: 14,796 hours.
Total Annual Cost: No cost.

The Commission will submit this expiring information collection after this comment period to obtain the full, three year clearance from the Office of Management and Budget (OMB). The Commission is requesting approval for a three year extension. The rule sections approved under this collections are 47 CFR 13.9, 13.13, 13.17 13.211 and 13.217. If the information collection requirements were not kept or fulfilled it is conceivable that examinees could be overcharged and that fraud and deceit could be used for unjust enrichment of the examiners.

OMB Control No.: 3060–1042.
Title: Request for Technical Support—Help Request Form.
Form No.: N/A—Electronic only.
Type of Review: Extension of currently approved collection.
Respondents: Individuals or household; business or other for-profit; not-for-profit institutions; and state, local or tribal government.
Number of Respondents and Responses: 36,300 respondents and 36,300 responses.
Estimated Time per Response: 0.14 hours.
Frequency of Response: On occasion reporting requirement and recordkeeping requirement.
Obligation to Respond: Required to obtain or retain benefits. There is no statutory authority for this information collection. The Commission developed this information collection on its own motion to assist users of the Universal Licensing System (ULS) or other FCC electronic systems.
Total Annual Burden: 5,082 hours.
Total Annual Cost: $609,840.

Needs and Uses: The FCC maintains internet software used by the public to apply for licenses, participate in auctions for spectrum, and maintain license information. In this mission, FCC has a ‘help desk’ that answers questions related to these systems as well as resetting or/and issuing user passwords for access to these systems. The form currently is available on the website https://esupport.fcc.gov/request.htm under OMB Control Number 3060–1042. This form will continue to substantially decrease public and staff burden since all the information needed to facilitate a support request will be submitted in a standard format but be available to a wider audience. This eliminates or at least minimizes the need to follow-up with the customers to obtain all the information necessary to respond to their request. This form also helps presort requests into previously defined categories to all staff to respond more quickly.

OMB Control Number: 3060–1084.
Title: Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers (CARE).
Form Number: N/A.
Type of Review: Extension of a currently approved collection.
Respondents: Business or other for-profit entities.
Number of Respondents and Responses: 2,989 respondents; 665,248 responses.
Estimated Time per Response: 1 minute (.017 hours) to 20 minutes (33 hours).
Frequency of Response: Recordkeeping and annual reporting requirement.
Obligation to Respond: Required to obtain or retain benefits. The statutory authority for these information requirements are found in sections 1–4, 201, 202, 222, 258, and 303(r) of the Communications Act of 1934, as amended; 47 U.S.C. 151–154, 201, 202, 222, 258, and 303(r).
Total Annual Burden: 54,900 hours.
Total Annual Cost: None.

Needs and Uses: In the 2005 Report and Order and Further Notice of Proposed Rulemaking, In the Matter of Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers (2005 Report and Order), CG Docket No. 05–286, FCC 05–29, which was released on February 25, 2005, the Commission adopted rules governing the exchange of customer account information between local exchange carriers (LECs) and interexchange carriers (IXCs). The Commission concluded that mandatory, minimum standards are needed in light of record evidence demonstrating that information needed by carriers to execute customer requests and properly bill customers is not being consistently provided by all LECs and IXCs. Specifically, the 2005 Report and Order requires LECs to supply customer account information to IXCs when: (1) The LEC places an end user on, or removes an end user from, an IXC’s network; (2) an end user presubscribed to an IXC makes certain changes to her account information via her LEC; (3) an IXC requests billing name and address information for an end user who has usage on an IXC’s network but for whom the IXC does not have an existing account; and (4) a LEC rejects an IXC-initiated PIC order. The 2005 Report and Order required IXCs to notify LECs when an IXC customer informs an IXC directly of the customer’s desire to change IXCs. In the accompanying Further Notice of Proposed Rulemaking, the Commission sought comment on whether to require the exchange of
customer account information between LECs. In December 2007, the Commission declined to adopt mandatory LEC-to-LEC data exchange requirements.

Burden Estimate:

General Description of Collection: The Interagency Guidance on Response Programs for Unauthorized Access to Customer Information and Customer Notice describes the federal banking agencies’ expectations regarding a response program, including customer notification procedures, that a financial institution should develop and apply under the circumstances described in the Guidance to address unauthorized access to or use of customer information that could result in substantial harm or inconvenience to a customer. The Guidance advises financial institutions when and how they might: (1) Develop notices to customers; (2) in certain circumstances defined in the Guidance, determine which customers should receive the notices; and (3) send the notices to customers.

There is no change in the methodology or substance of this information collection. The increase in total estimated annual burden from 11,340 hours in 2019 to 11,580 hours currently is due to economic factors as reflected in the increase in estimated number of respondents.

2. Title: Furnisher Information Accuracy and Integrity (FACTA 312).
