As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

The form currently is available on the website <https://esupport.fcc.gov/request.htm> under OMB Control Number 3060–1042. This form also helps presort requests into previously defined categories to all staff to respond more quickly.

*OMB Control Number:* 3060–1084.

*Title:* Rules and Regulations Implementing Minimum Customer

Account Record Exchange Obligations on All Local and Interexchange Carriers (CARE).

*Form Number:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents and Responses:* 2,989 respondents; 665,248 responses.

*Needs and Uses:* In the 2005 Report and Order and Further Notice of Proposed Rulemaking, In the Matter of Rules and Regulations Implementing Minimum Customer Account Record Exchange Obligations on All Local and Interexchange Carriers (2005 Report and Order), CG Docket No. 02–386, FCC 05–29, which was released on February 25, 2005, the Commission adopted rules governing the exchange of customer account information between local exchange carriers (LECs) and interexchange carriers (IXCs). The Commission concluded that mandatory, minimum standards are needed in light of record evidence demonstrating that information needed by carriers to execute customer requests and properly bill customers is not being consistently provided by all LECs and IXCs. Specifically, the 2005 Report and Order requires LECs to supply customer account information to IXCs when: (1) The LEC places an end user on, or removes an end user from, an IXC's network; (2) an end user presubscribed to an IXC makes certain changes to her account information via her LEC; (3) an IXC requests billing name and address information for an end user who has usage on an IXC's network but for whom the IXC does not have an existing account; and (4) a LEC rejects an IXC-initiated PIC order. The 2005 Report and Order required IXCs to notify LECs when an IXC customer informs an IXC directly of the customer's desire to change IXCs. In the accompanying Further Notice of Proposed Rulemaking, the Commission sought comment on whether to require the exchange of

customer account information between LECs. In December 2007, the Commission declined to adopt mandatory LEC-to-LEC data exchange requirements.

**SUMMARY OF ESTIMATED ANNUAL BURDEN**  
 [OMB No. 3064-0145]

Information collection description	Type of burden (obligation to respond)	Frequency of response	Number of respondents	Hours per response	Annual burden (hours)
<i>Implementation (One Time):</i> Develop Policies and Procedures for Response Program.	Recordkeeping (Required) .....	1 .....	10	24	240

*Burden Estimate:*

*General Description of Collection:* The Interagency Guidance on Response Programs for Unauthorized Access to Customer Information and Customer Notice describes the federal banking agencies’ expectations regarding a response program, including customer notification procedures, that a financial institution should develop and apply under the circumstances described in the Guidance to address unauthorized access to or use of customer information

that could result in substantial harm or inconvenience to a customer. The Guidance advises financial institutions when and how they might: (1) Develop notices to customers; (2) in certain circumstances defined in the Guidance, determine which customers should receive the notices; and (3) send the notices to customers.

There is no change in the methodology or substance of this information collection. The increase in total estimated annual burden from

11,340 hours in 2019 to 11,580 hours currently is due to economic factors as reflected in the increase in estimated number of respondents.
