NATIONAL ARCHIVES AND RECORDS ADMINISTRATION**[NARA–2021–027]****Privacy Act of 1974; System of Records**

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of a modified system of records.

SUMMARY: We propose revising Appendix A of our existing Privacy Act inventory of systems subject to the Privacy Act of 1974, which contains the common routine uses that apply to some or all of our systems of records. We propose to revise routine use H, which permits sharing information when there has been a data breach and it's necessary to respond to the breach. And we propose adding a new routine use for sharing information with other agencies that experience a data breach. Both of these changes are required by an OMB memorandum and these routine uses apply to all of our systems of records. Routine use H is already included in all of our SORNs, but we are now adding routine use I to them as well. In this notice, we publish the revised routine use H and the new routine use I for public notice and comment and add routine use I to all of our SORNs.

DATES: Submit comments on these routine uses by April 21, 2022. This revision to Appendix A is effective on May 2, 2022 unless we receive comments that necessitate revising the SORN.

ADDRESSES: You may submit comments, identified by “SORN Appendix A” by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Due to COVID–19 restrictions, we do not have staff at the building to receive mail, so we are temporarily suspending the mailing option. If you are not able to submit comments using the eRulemaking portal and need to make other arrangements, please email us at regulation_comments@nara.gov and we will work with you on an alternative.

Instructions: All submissions must include SORN Appendix A so we can identify what the comment is responding to. We may publish any comments we receive without changes, including any personal information you include.
