SUPPLEMENTARY INFORMATION:

I. Abstract

Consistent with guidance from the Centers for Disease Control and Prevention (CDC), guidance from the Safer Federal Workforce Task Force established pursuant to E.O. 13991 of January 20, 2021, *Protecting the Federal Workforce and Requiring Mask-Wearing*, and E.O. 14043 of September 9, 2021,

Requiring Coronavirus Disease 2019 Vaccination for Federal Employees, the request for this collection of information is essential to implement the USPTO health and safety measures regarding the Federal employee medical exemptions to the COVID–19 mandatory vaccinations. The Rehabilitation Act of 1973, as amended, requires Federal agencies to provide reasonable accommodations to qualified employees with disabilities unless that reasonable accommodation would impose an undue hardship on the employee’s agency. See 29 U.S.C. 791; 29 CFR part 1614; see also 20 CFR part 1630 and E.O.13164 of July 26, 2000, *Requiring Federal Agencies to Establish Procedures to Facilitate the Provision of Reasonable Accommodation*. Section 2 of E.O. 14043 mandates that each agency “implement, to the extent consistent with applicable law, a program to require COVID–19 vaccination for all of its Federal employees, with exceptions only as required by law.” This COVID–19 Vaccine Supplemental Medical Provider Statement is necessary for USPTO to determine legal exemptions to the vaccine requirement under the Rehabilitation Act.

The vaccination requirement issued pursuant to E.O. 14043, is currently the subject of a nationwide injunction. While that injunction remains in place, USPTO will not process requests for a medical exception from the COVID–19 vaccination requirement pursuant to E.O. 14043. USPTO will also not request the submission of any medical information related to a request for an exception from the vaccination requirement pursuant to E.O. 14043 while the injunction remains in place. But USPTO may nevertheless receive information regarding a medical exception. That is because, if USPTO were to receive a request for an exception from the COVID–19 vaccination requirement pursuant to E.O. 14043 during the pendency of the injunction, USPTO will accept the request, hold it in abeyance, and notify the employee who submitted the request that implementation and enforcement of the COVID–19 vaccination requirement pursuant to E.O. 14043 is currently

enjoined and that an exception therefore is not necessary so long as the injunction is in place. In other words, during the pendency of the injunction, any information collection related to requests for medical exception from the COVID–19 vaccination requirement pursuant to E.O. 14043 is not undertaken to implement or enforce the COVID–19 vaccination requirement.

II. Method of Collection

USPTO utilizes its *USPTO Accommodation Point* for employees to request accommodations. The individual responder/medical service provider will fill out the required fields of the form and submit the completed form to the appropriate USPTO personnel/employee requesting the accommodation. A link to this form or a PDF version may be emailed to respondents who will then print it out to complete it manually or complete it electronically. USPTO will continue to explore options to use technology to reduce the burden on respondents.
