

Accordingly, this proposed action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

40 CFR Part 52

[EPA-R09-OAR-2022-0221; FRL-9598-01-R9]

Approval and Promulgation of Implementation Plans; California; Correcting Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On August 28, 2009, the Environmental Protection Agency (EPA) issued a final rule titled “Revisions to the California State Implementation Plan, Antelope Valley Air Quality Management District.” That publication inadvertently omitted regulatory text rescinding four previously approved rules for the Antelope Valley Air Quality Management District portion of the California State Implementation Plan (SIP). On September 20, 2016, the EPA issued a final rule titled “Approval of California Air Plan Revisions, Department of Pesticide Regulations.” That publication listed the wrong EPA approval dates and **Federal Register** citations for certain rules. The EPA is proposing action to correct these errors.

SUPPLEMENTARY INFORMATION:

Throughout this document, wherever “we”, “us” or “our” are used, we mean the EPA. In the Rules and Regulations section of this **Federal Register**, we are correcting the inadvertent omission in our August 28, 2009 direct final rule of regulatory text removing four rules from the Antelope Valley Air Quality Management District (AQMD) portion of the California SIP. We are also correcting the EPA approval dates and **Federal Register** citations for certain rules adopted by the California Department of Pesticide Regulations that we approved in a September 20, 2016 final rule. We are taking these actions in a direct final action without prior proposal because we believe this error correction action is not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in a subsequent action based on this proposed rule.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: March 20, 2022.

Regional Administrator, Region IX.
