SUPPLEMENTARY INFORMATION:

I. Abstract

Pursuant to the Inventors’ Rights Act of 1999, 35 U.S.C. 297, and implementing regulations at 37 CFR part 4, the United States Patent and Trademark Office (USPTO) is required to provide a forum for the publication of complaints concerning invention promoters and responses from the invention promoters. Upon receipt of a complaint, the USPTO will forward it to the inventor promoter for a response. The USPTO does not investigate these complaints or participate in any legal proceedings against invention promoters or promotion firms. Under the Act, USPTO is responsible for making complaints and responses available to the public on the USPTO’s website.

A complaint submitted to the USPTO must be clearly marked, or otherwise identified, as a complaint. The complaint must include: (1) The name and address of the complaint; (2) the name and address of the invention promoter; (3) the name of the customer; (4) the invention promotion services offered or performed by the invention promoter; (5) the name of the mass media in which the invention promoter advertised providing such services; (6) and example of the relationship between the customer and the invention promoter; and (7) a signature of the complainant. Identifying information is necessary so that the USPTO can both provide a forum for the publication of complaints concerning invention promoters and responses from the invention promoters. The USPTO does not investigate these complaints or participate in any legal proceedings against invention promoters or promotion firms. Complainants should understand that the complaints will be forwarded to the invention promoter for response and that the complaint and response will be made available to the public as required by the Inventors’ Rights Act. If the USPTO does not receive a response from the invention promoter, the complaint will be published without a response. The USPTO does not accept, under this program, complaints that request confidentiality.

This information collection contains one form, Complaint Regarding Invention Promoter (PTO/2048), which is used by the public to submit a complaint under this program. This form is available for download from the USPTO website. Use of this form is voluntary, and the complainant may submit his or her complaint without the form via any of the approved methods of collection as long as the complainant includes the necessary information and the submission is clearly marked as a complaint filed under the Inventors’ Rights Act. There is no associated form for submitting responses to a complaint.

**Estimated Total Annual Respondent Non-Hourly Cost Burden: $51.**

There are no capital start-up, maintenance costs, recordkeeping costs, or filing fees associated with this information collection. However, USPTO estimates that the total annual (non-hour) cost burden for this information collection, in the form of postage costs, is $50.

---

1 The USPTO uses the mean hourly wage ($52.93) for physical scientists according to the data from the Bureau of Labor Statistics’ Occupational Employment Statistics program (occupational code 19–2099; [https://www.bls.gov/oes/current/oes192099.htm](https://www.bls.gov/oes/current/oes192099.htm)).

2 The USPTO uses the mean hourly wage ($71.59) for Lawyers according to the data from the Bureau of Labor Statistics’ Occupational Employment Statistics program (occupational code 23–1011; [https://www.bls.gov/oes/current/oes231011.htm](https://www.bls.gov/oes/current/oes231011.htm)).

**Postage Costs**

Although the USPTO prefers that the items in this information collection be submitted electronically, responses may be submitted by mail through the United States Postal Service (USPS). The USPTO estimates that 6 complaints will be received by first-class mail. The USPTO estimates that the average postage cost of first-class mail will be $0.58, resulting in a total of $4 for mailed complaints. The USPTO also estimates that it will receive 5 responses to complaints using overnight mail services. The USPTO estimates that the average postage cost for a mailed submission, using a Priority Mail 2-day flat rate legal envelope, will be $9.25, resulting in a total of $46 for overnight mail service. Therefore, the USPTO estimates the total mailing costs for this information collection at $50.

**IV. Request for Comments**

The USPTO is soliciting public comments to:

(a) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the Agency’s estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected; and

(d) Minimize the burden of the collection of information on those who are to respond, including through the
use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments submitted in response to this notice are a matter of public record. USPTO will include or summarize each comment in the request to OMB to approve this information collection. Before including an address, phone number, email address, or other personal identifying information (PII) in a comment, be aware that the entire comment—including PII—may be made publicly available at any time. While you may ask in your comment to withhold PII from public view, USPTO cannot guarantee that it will be able to do so.

SUPPLEMENTARY INFORMATION:

Title: Regulations Establishing and Governing the Duties of Swap Dealers and Major Swap Participants (OMB Control No. 3038–0084). This is a request for an extension of a currently approved information collection.

Abstract: On April 3, 2012 the Commission adopted Commission regulations 23.600 (Risk Management Program), 23.601 (Monitoring of Position Limits), 23.602 (Diligent Supervision), 23.603 (Business Continuity and Disaster Recovery), 23.606 (General Information: Availability for Disclosure and Inspection), and 23.607 (Antitrust Considerations)2 pursuant to section 4s(j)3 of the Commodity Exchange Act (“CEA”). The above regulations adopted by the Commission require, among other things, swap dealers (“SD”)4 and major swap participants (“MSP”)5 to develop a risk management program (including a plan for business continuity and disaster recovery and policies and procedures designed to ensure compliance with applicable position limits). The Commission believes that the information collection obligations imposed by the above regulations are essential to ensuring that swap dealers and major swap participants maintain adequate and effective risk management programs and policies and procedures to ensure compliance with position limits.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On January 28, 2022, the Commission published in the Federal Register notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 4567 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of respondents and estimated burden hours. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 107.

2 7 U.S.C. 6(s).[1]
3 For the definition of SD, see section 1a(49) of the CEA and Commission regulation 1.3. 7 U.S.C. 1a(49) and 17 CFR 1.3.
4 For the definitions of MSP, see section 1a(33) of the CEA and Commission regulation 1.3. 7 U.S.C. 1a(33) and 17 CFR 1.3.
5 7 U.S.C. 6(s).
