

information are available for public inspection during normal business hours at the following address: U.S. Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID-19. We recommend that you telephone Beth Valenziano at (312) 886-2703 before visiting the Region 5 office. Additionally, the final Order and Petition are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

FOR FURTHER INFORMATION CONTACT: Beth Valenziano, Air Permits Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-2703, valenziano.beth@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review and object to, as appropriate, operating permits proposed by state permitting authorities under title V of the CAA. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issues arose after this period.

The Petition from the Petitioners requesting that EPA object to the issuance of significant operating permit modification no. 089-43173-00453 issued by IDEM to BP Whiting alleged: (1) The significant permit modification fails to assure compliance with 326 IAC 6.8-2-6(a) of the Indiana State Implementation Plan, which applies to all emissions of particulate matter smaller than 10 microns (PM₁₀) from each boiler stack; (2) the 494.99 ton PM₁₀ limit is based on maximum firing rates for the boilers and duct burners that cannot be achieved in practice; (3) the emission rates used to quantify PM₁₀ emissions from the boilers are flawed and understate actual emissions by up to 25 percent; and (4) the significant permit modification fails to establish testing, monitoring, or reporting requirements adequate to determine or assure compliance with applicable

requirements, including the proposed 12-month PM₁₀ limit.

On March 4, 2022, the EPA Administrator issued an Order partially granting and partially denying the Petition. The Order explains the basis for EPA's decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may request judicial review of those portions of an order that deny issues in a petition. Any petition for review of the Administrator's March 4, 2022, Order shall be filed in the United States Court of Appeals for the appropriate circuit no later than May 31, 2022.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: March 17, 2022.

Debra Shore,

Regional Administrator, Region 5.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9704-01-OA]

Notification of Public Meetings of the Science Advisory Board Per- and Polyfluoroalkyl Substances (PFAS) Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces two public meetings of the SAB per- and polyfluoroalkyl substances (PFAS) Review Panel (PFAS Review Panel) to discuss their draft report reviewing EPA's Proposed Approaches to the Derivation of a Draft Maximum Contaminant Level Goal for Perfluorooctanoic Acid (PFOA) in Drinking Water; EPA's Proposed Approaches to the Derivation of a Draft Maximum Contaminant Level Goal for Perfluorooctanesulfonic Acid (PFOS) in Drinking Water; EPA's Analysis of Cardiovascular Disease Risk Reduction as a Result of Reduced PFOA and PFOS Exposure in Drinking Water; and EPA's Draft Framework for Estimating Noncancer Health Risks Associated with Mixtures of PFAS.

DATES: The public meetings of the Science Advisory Board PFAS Review Panel will be held on Tuesday, May 3, 2022, from 12 noon to 5 p.m. (Eastern Time), and Friday, May 6, 2022, from 1 p.m. to 5 p.m. (Eastern Time).

ADDRESSES: The meetings will be conducted virtually. Please refer to the

SAB website at <https://sab.epa.gov> for details on how to access the meetings.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the public meetings may contact Dr. Suhair Shallal, Designated Federal Officer (DFO), via telephone/voice mail (202) 564-2059, or email at shallal.suhair@epa.gov. General information concerning the SAB can be found on the EPA website at <http://sab.epa.gov>.

SUPPLEMENTARY INFORMATION:

Background: The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the EPA Administrator on the scientific and technical basis for agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the SAB per- and polyfluoroalkyl substances (PFAS) Review Panel (PFAS Review Panel) will hold two public meetings to discuss their draft report reviewing the EPA's four documents about (1) the health effects data to inform the derivation of proposed Maximum Contaminant Level Goals (MCLG) for PFOA and PFOS; (2) the analysis of health risk reduction benefits of potential decreases in drinking water concentrations of PFOA and PFOS and (3) approaches to assess the cumulative risk among mixtures of PFAS.

Technical Contacts: Any technical questions concerning EPA's document titled, "Proposed Approaches to the Derivation of a Draft Maximum Contaminant Level Goal for Perfluorooctanoic Acid in Drinking Water" and "Proposed Approaches to the Derivation of a Draft Maximum Contaminant Level Goal for Perfluorooctanesulfonic Acid in Drinking Water" should be directed to Brittany Jacobs at jacobs.brittany@epa.gov. Any technical questions concerning EPA's document titled, "Analysis of Cardiovascular Disease Risk Reduction as a Result of Reduced PFOA and PFOS Exposure in Drinking Water" should be directed to Morgan McCabe at mccabe.morgan@epa.gov. Any technical questions concerning EPA's document titled, "Draft Framework for Estimating Noncancer Health Risks Associated with Mixtures of PFAS" should be directed to Colleen

Flaherty (flaherty.colleen@epa.gov) and/or Jason Lambert (lambert.jason@epa.gov).

Availability of Meeting Materials: Prior to the meetings, the agenda and other meeting materials for each meeting will be placed on the SAB website at <http://sab.epa.gov>.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the SAB PFAS Review Panel will have the most impact if it provides specific scientific or technical information or analysis for the SAB PFAS Review Panel to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public meeting will be limited to three minutes. Persons interested in providing oral statements on May 3, 2022, should contact Dr. Sue Shallal, DFO, via email at the contact information noted above by April 26, 2022, to be placed on the list of registered speakers.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by SAB RFT Review Panel members, statements should be received in the SAB Staff Office by April 26, 2022, for consideration at the public meeting(s). Written statements should be supplied to the DFO via email at the contact information above. Submitters are requested to provide a signed and unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Shallal at

the phone number or email address noted above, preferably at least ten days prior to the meeting, to give the EPA as much time as possible to process your request.

Thomas Brennan,

Director, EPA Science Advisory Board Staff Office.

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (Act) (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the applications are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the standards enumerated in paragraph 7 of the Act.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington DC 20551-0001, not later than April 18, 2022.

A. Federal Reserve Bank of Chicago (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *The Timothy A. Sexton Revocable 2021 Trust, Timothy A. Sexton, as trustee, both of Randalia, Iowa; the Thomas J. Sexton Trust, Thomas J. Sexton, as trustee, the Mark J. Sexton Grantor Trust, Mark J. Sexton, as trustee, the Jennifer S. Walther Grantor Trust, Jennifer S. Walther, as trustee, all of St. Paul, Minnesota; and the Andrew G. Sexton Grantor Trust, St. Paul, Minnesota, Andrew G. Sexton, as trustee, Cedar Falls, Iowa; to become members of the Sexton Family Control Group, a group acting in concert, to retain voting shares of Britt Bancshares, Inc., St. Paul, Minnesota, and thereby indirectly retain voting shares of First State Bank, Britt, Iowa.*

B. Federal Reserve Bank of Minneapolis (Chris P. Wangen, Assistant Vice President) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291: Comments can also be sent electronically to MA@mpls.frb.org:
