information are available for public
inspection during normal business
hours at the following address: U.S.
Environmental Protection Agency,
Region 5, Air and Radiation Division, 77
West Jackson Boulevard, Chicago,
Illinois 60604. This facility is open from
8:30 a.m. to 4:30 p.m., Monday through
Friday, excluding Federal holidays and
facility closures due to COVID–19. We
recommend that you telephone Beth
Valenziano at (312) 886–2703 before
visiting the Region 5 office.
Additionally, the final Order and
Petition are available electronically at:
https://www.epa.gov/title-v-operating-
permits/title-v-petition-database.

Region 5, 77 West Jackson Boulevard,
Chicago, Illinois 60604, (312) 886–2703,
valenziano.beth@epa.gov.

SUPPLEMENTARY INFORMATION:
Additionally, the final Order and
Petition are available electronically at:
https://www.epa.gov/title-v-operating-
permits/title-v-petition-database.

The CAA affords EPA a 45-day period to review
and object to, as appropriate, operating
permits proposed by state permitting
authorities under title V of the CAA.
Section 505(b)(2) of the CAA authorizes
any person to petition the EPA
Administrator to object to a title V
operating permit within 60 days after
the expiration of EPA’s 45-day review
period if EPA has not objected on its
own initiative. Petitions must be based
only on objections to the permit that
were raised with reasonable specificity
during the public comment period
provided by the state, unless the
petitioner demonstrates that it was
impracticable to raise these issues
during the comment period unless the
grounds for the issues arose after
this period.
The Petition from the Petitioners
requesting that EPA object to the issuance of significant operating permit modification no. 609–43173–00453 is issued by IDEM to BP Whiting alleged:
(1) The significant permit modification
fails to assure compliance with 326 IAC
6.8–2–6(a) of the Indiana State
Implementation Plan, which applies to
effluents of particulate matter
smaller than 10 microns (PM10) from
each boiler stack; (2) the 494.99 ton
PM10 limit is based on maximum firing
rates for the boilers and duct burners
that cannot be achieved in practice; (3)
the emission rates used to quantify PM10
emissions from the boilers are flawed
and understate actual emissions by up
to 25 percent; and (4) the significant
permit modification fails to establish
testimony monitoring, or reporting
requirements adequate to determine or
assure compliance with applicable
requirements, including the proposed
12-month PM10 limit.
On March 4, 2022, the EPA
Administrator issued an Order partially
granting and partially denying the
Petition. The Order explains the basis
for EPA’s decision.
Sections 307(b) and 505(b)(2) of the
CAA provide that a petitioner may
request judicial review of those portions
of an order that deny issues in a
petition. Any petition for review of the
Administrator’s March 4, 2022, Order
shall be filed in the United States Court
of Appeals for the appropriate circuit no
later than May 31, 2022.
Authority: 42 U.S.C. 7401 et seq.
Dated: March 17, 2022.
Debra Shore,
Regional Administrator, Region 5.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION
AGENCY

[FRL–9704–01–OA]
Notification of Public Meetings of the
Science Advisory Board Per- and
Polyfluoroalkyl Substances (PFAS)
Review Panel
AGENCY: Environmental Protection
Agency (EPA).
ACTION: Notice.

SUMMARY: The Environmental Protection
Agency (EPA) Science Advisory Board
(SAB) Staff Office announces two public
meetings of the SAB per- and
polyfluoroalkyl substances (PFAS)
Review Panel (PFAS Review Panel) to
discuss their draft report reviewing
EPA’s Proposed Approaches to the
Derivation of a Draft Maximum
Contaminant Level Goal for
Perfluorooctanoic Acid (PFOA) in
Drinking Water; EPA’s Proposed
Approaches to the Derivation of a Draft
Maximum Contaminant Level Goal for
Perfluorooctanesulfonic Acid (PFOS) in
Drinking Water; EPA’s Analysis of
Cardiovascular Disease Risk Reduction
as a Result of Reduced PFOA and PFOS
Exposure in Drinking Water; and EPA’s
Draft Framework for Estimating
Noncancer Health Risks Associated with
Mixtures of PFAS.
DATES: The public meetings of the
Science Advisory Board PFAS Review Panel
will be held on Tuesday, May 3, 2022,
from 12 noon to 5 p.m. (Eastern
Time), and Friday, May 6, 2022, from 1
p.m. to 5 p.m. (Eastern Time).
ADDRESSES: The meetings will be
conducted virtually. Please refer to the
SAB website at https://sab.epa.gov for
details on how to access the meetings.

FOR FURTHER INFORMATION CONTACT:
Any member of the public who wants further
information concerning the public
meetings may contact Dr. Subhair
Shallal, Designated Federal Officer
(DFO), via telephone/voice mail (202)
564–2059, or email at shallal.subhair@epa.gov.
General information concerning the SAB can be found on the

SUPPLEMENTARY INFORMATION:
Background: The SAB was established pursuant to the
Environmental Research, Development, and
Demonstration Authorization Act
(ERDDAA), codified at 42 U.S.C. 4365,
to provide independent scientific and
technical advice to the EPA
Administrator on the scientific and
technical basis for agency positions and
regulations. The SAB is a Federal
Advisory Committee chartered under
the Federal Advisory Committee Act
(FACA), 5 U.S.C., App. 2. The SAB will
comply with the provisions of FACA
and all appropriate SAB Staff Office
procedural policies. Pursuant to FACA
and EPA policy, notice is hereby given
that the SAB per- and polyfluorooalkyl
substances (PFAS) Review Panel (PFAS
Review Panel) will hold two public
meetings to discuss their draft report
reviewing the EPA’s four documents
about (1) the health effects data to
inform the derivation of proposed
Maximum Contaminant Level Goals
(MCLG) for PFOA and PFOS; (2) the
analysis of health risk reduction benefits
of potential decreases in drinking water
concentrations of PFOA and PFOS and
(3) approaches to assess the cumulative
risk among mixtures of PFAS.
Technical Contacts: Any technical
questions concerning EPA’s document
titled, “Proposed Approaches to the
Derivation of a Draft Maximum
Contaminant Level Goal for
Perfluorooctanoic Acid in Drinking
Water” and “Proposed Approaches to
the Derivation of a Draft Maximum
Contaminant Level Goal for
Perfluorooctanesulfonic Acid in
Drinking Water” should be directed to
Brittany Jacobs at jacobs.brittany@epa.gov.
Any technical questions concerning EPA’s document
titled, “Analysis of Cardiovascular Disease Risk
Reduction as a Result of Reduced
PFOA and PFOS Exposure in Drinking
Water” should be directed to
Morgan McCabe at mccabe.morgan@epa.gov.
Any technical questions concerning EPA’s document
Noncancer Health Risks Associated with
Mixtures of PFAS” should be directed to
Colleen

19088 Federal Register / Vol. 87, No. 63 / Friday, April 1, 2022 / Notices
Flaherty (flaherty.coleen@epa.gov) and/or Jason Lambert (lambert.jason@epa.gov).

Availability of Meeting Materials: Prior to the meetings, the agenda and other meeting materials for each meeting will be placed on the SAB website at http://sab.epa.gov.

Procedures for Providing Public Input: Public comment for consideration by EPA’s federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee’s charge or meeting materials. Input from the public to the SAB PFAS Review Panel will have the most impact if it provides specific scientific or technical information or analysis for the SAB PFAS Review Panel to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public meeting will be limited to three minutes. Persons interested in providing oral statements on May 3, 2022, should contact Dr. Sue Shallal, DFO, via email at the contact information noted above by April 26, 2022, to be placed on the list of registered speakers.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by SAB RPT Review Panel members, statements should be received in the SAB Staff Office by April 26, 2022, for consideration at the public meeting(s). Written statements should be supplied to the DFO via email at the contact information above. Submitters are requested to provide a signed and unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Shallal at the phone number or email address noted above, preferably at least ten days prior to the meeting, to give the EPA as much time as possible to process your request.

Thomas Brennan, Director, EPA Science Advisory Board Staff Office.

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (Act) (12 U.S.C. 1817(j)) and §225.41 of the Board’s Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the applications are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)[7]).

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board’s Freedom of Information Office at https://www.federalreserve.gov/foia/request.htm. Interested persons may express their views in writing on the standards enumerated in paragraph 7 of the Act.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misbach, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington DC 20551–0001, not later than April 18, 2022.

A. Federal Reserve Bank of Chicago (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690–1414:

1. The Timothy A. Sexton Revocable 2021 Trust, Timothy A. Sexton, as trustee, both of Randallia, Iowa; the Thomas J. Sexton Trust, Thomas J. Sexton, as trustee, the Mark J. Sexton Grantor Trust, Mark J. Sexton, as trustee, the Jennifer S. Walther Grantor Trust, Jennifer S. Walther, as trustee, all of St. Paul, Minnesota; and the Andrew G. Sexton Grantor Trust, St. Paul, Minnesota, Andrew G. Sexton, as trustee, Cedar Falls, Iowa; to become members of the Sexton Family Control Group, a group acting in concert, to retain voting shares of Brit Bankshares, Inc., St. Paul, Minnesota, and thereby indirectly retain voting shares of First State Bank, Brit, Iowa.

B. Federal Reserve Bank of Minneapolis (Chris P. Wangen, Assistant Vice President) 90 Hennepin Avenue, Minneapolis, Minnesota 55440–0291: Comments can also be sent electronically to MA@mpls.frb.org:
