

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9721-01-OA]

Meeting of the Local Government Advisory Committee's Small Communities Advisory Subcommittee**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notification of public meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA), EPA hereby provides notice of a meeting of the Local Government Advisory Committee's (LGAC) Small Communities Advisory Subcommittee (SCAS) on the date and times described below. This meeting will be open to the public. For information on public attendance and participation, please see the registration information under **SUPPLEMENTARY INFORMATION**.

DATES: The SCAS will meet virtually April 20th, 2022, starting at 1:00 p.m. through 2:30 p.m. Eastern Time.

FOR FURTHER INFORMATION CONTACT: Edlynzia Barnes, Designated Federal Officer (DFO), at LGAC@epa.gov or 312-886-6249.

Information on Accessibility: For information on access or services for individuals requiring accessibility accommodations, please contact Edlynzia Barnes by email at LGAC@epa.gov. To request accommodation, please do so five (5) business days prior to the meeting, to give EPA as much time as possible to process your request.

SUPPLEMENTARY INFORMATION: Following the passage of the historic Bipartisan Infrastructure Law (BIL), the U.S. Environmental Protection Agency (EPA) will be making significant investments in the health, equity, and resilience of American communities. With unprecedented funding to support our national infrastructure, EPA will improve people's health and safety, help create good-paying jobs, and increase climate resilience throughout the country.

As EPA works to implement the BIL, EPA has asked the SCAS for their input on how the Agency can best:

- Support clean and sustainable air, water, and land priorities for small and rural communities.
- Support capacity needs/ advancement for small and rural communities.
- Ensure long-lasting communication between EPA and local officials from small and rural communities.
- Ensure small communities are positioned to benefit from this generational investment in environmental infrastructure.

During this meeting the SCAS will deliberate initial recommendations for the charge questions noted above.

All interested persons are invited to attend and participate. The SCAS will hear comments from the public from 2:05–2:15 p.m. (EDT). Individuals or organizations wishing to address the Subcommittee will be allowed a maximum of five (5) minutes to present their point of view. Also, written comments should be submitted electronically to LGAC@epa.gov for the SCAS. Please contact the DFO at the email listed under **FOR FURTHER INFORMATION CONTACT** to schedule a time on the agenda by April 17, 2022. Time will be allotted on a first-come first-served basis, and the total period for comments may be extended if the number of requests for appearances requires it.

Registration: The meeting will be held virtually through an online audio and video platform. Members of the public who wish to participate should register by contacting the Designated Federal Officer (DFO) at LGAC@epa.gov by April 15, 2022. The agenda and other supportive meeting materials will be available online at <https://www.epa.gov/ocir/small-community-advisory-subcommittee-scas> and can be obtained by written request to the DFO. In the event of cancellation for unforeseen circumstances, please contact the DFO or check the website above for reschedule information.

Julian Bowles,

Director, State and Local Relations, Office of Congressional and Intergovernmental Relations.

Pesticide Registration Review; Spirodiclofen Proposed Interim Decision; Notice of Availability**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: This notice announces the availability of EPA's proposed interim decision for the registration review of spirodiclofen.

DATES: Comments must be received on or before June 6, 2022.

ADDRESSES: Submit your comments to the docket identification (ID) number for the specific pesticide of interest

provided in the Table in Unit IV. using the Federal eRulemaking Portal at <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is open to visitors by appointment only. For the latest status information on EPA/DC services and access, visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information contact: Veronica Dutch, Chemical Review Manager, Pesticide Re-Evaluation Division (7408P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: 202-566-2352; email address: dutch.veronica@epa.gov.

For general questions on the registration review program, contact: Melanie Biscoe, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: 202-566-0701; email address: biscoe.melanie@epa.gov.

SUPPLEMENTARY INFORMATION:**I. General Information***A. Does this action apply to me?*

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the information under **FOR FURTHER INFORMATION CONTACT**.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that

you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/comments.html>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the

population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. Background

Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. As part of the registration review process, the Agency has completed proposed interim decisions for spirodiclofen. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

III. Authority

EPA is conducting its registration review of spirodiclofen pursuant to section 3(g) of the Federal Insecticide,

Fungicide, and Rodenticide Act (FIFRA) and the Procedural Regulations for Registration Review at 40 CFR part 155, subpart C. Section 3(g) of FIFRA provides, among other things, that the registrations of pesticides are to be reviewed every 15 years. Under FIFRA, a pesticide product may be registered or remain registered only if it meets the statutory standard for registration given in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). When used in accordance with widespread and commonly recognized practice, the pesticide product must perform its intended function without unreasonable adverse effects on the environment; that is, without any unreasonable risk to man or the environment, or a human dietary risk from residues that result from the use of a pesticide in or on food.

IV. What action is the Agency taking?

Pursuant to 40 CFR 155.58, this notice announces the availability of EPA's proposed interim decision for spirodiclofen as shown in the following table and opens a 60-day public comment period on the proposed interim registration review decision.

TABLE—PROPOSED INTERIM DECISION BEING MADE AVAILABLE FOR PUBLIC COMMENT

Registration review case name and number	Docket ID No.	Chemical review manager and contact information
Spirodiclofen (Case 7443)	EPA-HQ-OPP-2014-0262	Veronica Dutch, dutch.veronica@epa.gov , (202) 566-2352.

The registration review docket for a pesticide includes earlier documents related to the registration review case. For example, the review opened with a Preliminary Work Plan, for public comment. A Final Work Plan was placed in the docket following public comment on the Preliminary Work Plan.

The documents in the docket describe EPA's rationales for conducting additional risk assessments for the registration review of spirodiclofen, as well as the Agency's subsequent risk findings and consideration of possible risk mitigation measures. This proposed interim registration review decision is supported by the rationale included in those documents. Following public comment, the Agency will issue an interim or final registration review decision for spirodiclofen.

The registration review final rule at 40 CFR 155.58(a) provides for a minimum 60-day public comment period on all proposed interim registration review decisions. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to

the proposed interim decision. All comments should be submitted using the methods in **ADDRESSES** and must be received by EPA on or before the closing date. These comments will become part of the docket for spirodiclofen. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

The Agency will carefully consider all comments received by the closing date and may provide a "Response to Comments Memorandum" in the docket. The interim registration review decision will explain the effect that any comments had on the interim decision and provide the Agency's response to significant comments.

Background on the registration review program is provided at: <https://www.epa.gov/pesticide-reevaluation>.

(Authority: 7 U.S.C. 136 *et seq.*)

Dated: March 30, 2022.

Mary Elissa Reaves,
Director, Pesticide Re-Evaluation Division,
Office of Pesticide Programs.
