Title: Certification of Airmen for the Operation of Light-Sport Aircraft.

Form Numbers: FAA form 8130-15, 8710-11, 8710-12.

Type of Review: Renewal.

Background: This information collection requires applicants for certification as sport pilots to complete FAA form 8710-11, log training, take and pass a knowledge test, and requires organizations to develop and maintain training courses for sport pilots. The total of sport pilot applicants is estimated to be 500, with a burden of 3,400 hours. In addition, applications for certification as sport pilot instructors are required to take and pass a knowledge test, submit to a flight review, and purchase a training course. This collection also requires light-sport aircraft owners and manufacturers to submit FAA form 8130-15, which is used to process an applicant's request to obtain a Special Airworthiness certificate for Light Sport Aircraft. FAA Airworthiness inspectors and designated inspectors review the required data submissions to determine that aviation products and their manufacturing facilities comply with ASTM requirements, and that the products have no unsafe features. The FAA estimates that approximately 297 respondents are required to complete FAA form 8130-15, with a total annual burden of 99 hours.

Finally, this collection requires applicants for the authorities and privileges of Designated Pilot Examiners to submit FAA form 8710-12, Light-Sport Standardization Board-Designated Pilot Examiner Candidate Application. The FAA uses the form to obtain essential information concerning the applicants' professional and personal qualifications, and to screen and select the designees who act as representatives of the Administrator in performing various certification and examination functions. The FAA estimates a total of 20 respondents per year, with a total annual burden of 10 hours.

Respondents: Manufacturers, aircraft owners, pilots, flight instructors with a sport pilot rating, and maintenance personnel.

Frequency: On occasion.

Estimated Average Burden per Response: Applicants for certification as sport pilots: 500 applicants; approximately 7 hours per applicant. Applicants for certification as sport pilot instructors: 40 applicants; approximately 3 hours per applicant. Applicants for certification as Designated Pilot Examiners: 20 applicants; approximately 1/2 hour per response.

Estimated Total Annual Burden: Sport pilot applicants: 3,400 hours. Sport pilot instructor applicants: 120 hours. Special Light-Sport Airworthiness certification applicants: 99 hours. Designated Pilot Examiner applicants: 10 hours. Total burden: 3,629.
