SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0690.

Title: Certification of Airmen for the Operation of Light-Sport Aircraft.

Form Numbers: FAA form 8130-15, 8710-11, 8710-12.

Type of Review: Renewal.

Background: This information collection requires applicants for certification as sport pilots to complete FAA form 8710-11, log training, take and pass a knowledge test, and requires organizations to develop and maintain training courses for sport pilots. The total of sport pilot applicants is estimated to be 500, with a burden of 3,400 hours. In addition, applications for certification as sport pilot instructors are required to take and pass a knowledge test, submit to a flight review, and purchase a training course. This affects an estimated 40 applicants, with a total annual burden of 120 hours.

This collection also requires light-sport aircraft owners and manufacturers to submit FAA form 8130-15, which is used to process an applicant's request to obtain a Special Airworthiness certificate for Light Sport Aircraft. FAA Airworthiness inspectors and designated inspectors review the required data submissions to determine that aviation products and their manufacturing facilities comply with ASTM requirements, and that the products have no unsafe features. The FAA estimates that approximately 297 respondents are required to complete FAA form 8130-15, with a total annual burden of 99 hours.

Finally, this collection requires applicants for the authorities and privileges of Designated Pilot Examiners to submit FAA form 8710-12, Light-Sport Standardization Board-Designated Pilot Examiner Candidate Application. The FAA uses the form to obtain essential information concerning the applicants' professional and personal qualifications, and to screen and select the designees who act as representatives of the Administrator in performing various certification and examination functions. The FAA estimates a total of 20 respondents per year, with a total annual burden of 10 hours.

Respondents: Manufacturers, aircraft owners, pilots, flight instructors with a sport pilot rating, and maintenance personnel.

Frequency: On occasion.

Estimated Average Burden per Response: Applicants for certification as sport pilots: 500 applicants; approximately 7 hours per applicant. Applicants for certification as sport pilot instructors: 40 applicants; approximately 3 hours per applicant. Applicants for Special Airworthiness Certificate for Light-Sport Aircraft: 297 applicants; approximately 1/3 hour per response. Applicants for certification as Designated Pilot Examiners: 20 applicants; approximately 1/2 hour per response.

Estimated Total Annual Burden: Sport pilot applicants: 3,400 hours. Sport pilot instructor applicants: 120 hours. Special Light-Sport Airworthiness certification applicants: 99 hours. Designated Pilot Examiner applicants: 10 hours. Total burden: 3,629.

Issued in Washington, DC, on April 1, 2022.

Dwayne C. Morris,

Project Manager, Flight Standards Service, General Aviation and Commercial Division.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA-2021-1086]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Aviation Maintenance Technician Schools

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves Aviation Maintenance Technician School (AMTS) applicants and certificate holders. The information to be collected will be used to ensure AMTS applicants and certificate holder meet the requirements of part 147 prior to being certificated, and on an ongoing basis following FAA certification.

DATES: Written comments should be submitted by May 9, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Tanya Glines by email at: Tanya.glines@faa.gov; phone: 202-380-5896.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120-0040.

Title: Aviation Maintenance Technician Schools.

Form Numbers: FAA Form 8310-6.

Type of Review: This is a renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on November 23, 2021 (86 FR 66615). A correction to the 60 day notice was published on February 4, 2022 (87 FR 6646) to correct a typographical error in the Docket Number of the original notice. Although no comments were received after the 60 day notice, the FAA did revise (increase) the estimated burden following that notice, due to calculation errors. 14 CFR part 147 results in the collection of information, including reporting and recordkeeping requirements, related to AMTS. The information collected is provided to the certificate holder/applicant's

responsible FAA Flight Standards office in order to allow the FAA to determine compliance with the part 147 requirements for obtaining and/or retaining an FAA air agency certificate. For applicants, when all part 147 requirements have been met, an FAA air agency certificate is issued, with the appropriate ratings. For FAA-certificated AMTS, the FAA uses the information collected to determine if the AMTS provides appropriate training using an FAA-approved curriculum, keeps records that demonstrate each student's training, and to ensure that AMTS graduates receive an appropriate document showing the graduate is eligible to take the FAA tests required to obtain a mechanic certificate.

Respondents: Approximately 10 AMTS applicants, and 182 FAA-certificated applicants respond to this collection annually.

Frequency: AMTS applicants respond one time, prior to certification. FAA-certificated AMTS respond occasionally after certification, and have ongoing recordkeeping requirements.

Estimated Average Burden per Response: 112 hours.

Estimated Total Annual Burden: 64,025 hours/year.

Issued in Washington, DC, on April 1, 2022.

Tanya A. Glines,

Aviation Safety Inspector, Office of Safety Standards, Aircraft Maintenance Division, General Aviation Branch.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2018-0347]

Commercial Driver's License Standards: Application for Exemption; Navistar, Inc. (Navistar)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that Navistar, Inc. (Navistar) has requested a 5-year exemption from the Federal requirement to hold a U.S. commercial driver's license (CDL) for Mr. Anders Björkman, an engineer with Scania's Powertrain Control systems group in Sweden. Navistar and Scania are both subsidiaries of Germany's TRATON Group. Mr. Björkman holds a valid Swedish commercial license and needs to test drive Navistar CMVs on U.S.

roads to better understand product requirements in "real world" environments and to verify results.

DATES: Comments must be received on or before May 9, 2022.

ADDRESSES: You may submit comments identified by the Federal Docket Management System (FDMS) Docket ID FMCSA-2018-0347 by any of the following methods:

- **Federal eRulemaking Portal:** www.regulations.gov. Follow the online instructions for submitting comments.
- **Mail:** Docket Operations, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001.
- **Hand Delivery or Courier:** West Building, Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays.
- **Fax:** 1-202-493-2251.

Each submission must include the Agency name and the docket number for this notice. Note that DOT posts all comments received without change to www.regulations.gov, including any personal information included in a comment. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments, go to www.regulations.gov at any time or visit Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays.

To be sure someone is there to help you, please call (202) 366-9317 or (202) 366-9826 before visiting Dockets Operations.

Privacy Act: In accordance with 49 U.S.C. 31315(b) DOT solicits comments from the public to better inform its exemption process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at www.dot.gov/privacy.

FOR FURTHER INFORMATION CONTACT: Ms. Pearlie Robinson, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 202-366-4225. Email: MCPSD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366-9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA-2018-0347), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to www.regulations.gov and put the docket number, "FMCSA-2018-0347" in the "Keyword" box, and click "Search." When the new screen appears, click on "Comment Now!" button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be
