

expanded over the years to support the Federal Government's role in the thriving US information technology innovation ecosystem that uniquely integrates expertise and resources spanning the Federal Government, academia, and private industry. Currently, NITRD coordinates Federal agencies' R&D across critical computing- and IT-related topics in advanced networking technologies (including wireless), artificial intelligence, big data, cybersecurity, health IT, information integrity, networked physical systems, privacy protection, robotics, and software. Through NITRD, Federal agencies exchange information; collaborate on research activities such as testbeds, workshops, strategic planning, and cooperative solicitations; and focus their R&D resources on common goals of making new discoveries and/or developing new technology solutions to address our Nation's most critical priorities. The Federal role in NIT R&D continues to be crucial as Federal investments have led to many of the key technologies used today. As an example, NITRD-related HPC and IT R&D underpinned U.S. leadership in fighting COVID-19, not only to speed discovery of therapeutics and vaccines but also to support Americans in conducting their education, healthcare, and business remotely wherever possible. Our economy has been driven by successes such as these, ensuring a future that is even brighter than the past. However, there are still many exciting challenges and possibilities ahead, which with continued coordinated investment will allow America to continue to change the world. *The increased national commitment to IT R&D has been reflected in the growth in combined investment requests by NITRD's Federal member agencies from less than \$5 million in 1991 to nearly \$7.8 billion requested for FY2022.*

The Symposium is organized by the Computing Community Consortium in collaboration with the NITRD NCO and the National Science Foundation. Submitted by the National Science Foundation in support of the Networking and Information Technology Research and Development (NITRD) National Coordination Office (NCO) on April 4, 2022.

II. Introduction

The NRC is considering the issuance of an order under 10 CFR 30.34(b), 50.80, 72.50, and 110.50(d) approving the indirect transfer of control of Facility Operating License Nos. DPR-39 and DPR-48 for Zion, Units 1 and 2, respectively, and the general license for the Zion ISFSI; Possession Only License No. DPR-73 for TMI-2; Possession Only License No. DPR-45 for La Crosse and the general license for the La Crosse ISFSI; Renewed Facility Operating License No. DPR-43 for KPS and the general license for the KPS ISFSI; Radioactive Materials License No. 39-35044-01; and Export Licenses XW010/04 and XW018/01, to the extent that these licenses may be held by EnergySolutions or its wholly owned subsidiaries at the time of the indirect

transfer, from the current principal shareholders of the EnergySolutions parent company Rockwell and other investors to a majority ownership by TriArtisan. Rockwell is currently approximately 58 percent owned and controlled by passive investment funds affiliated with Energy Capital Partners GP II, LP and approximately 40 percent owned by passive investment funds affiliated with TriArtisan. As described in the application, as supplemented, through the proposed transaction, passive investment funds affiliated with TriArtisan would acquire majority ownership of Rockwell and governance control.

According to the application, as supplemented, EnergySolutions and its wholly owned subsidiaries that hold or may potentially hold the referenced NRC licenses will maintain responsibility for all licensed activities at the facilities, including the responsibility to complete decommissioning and carry out spent nuclear fuel management in accordance with NRC regulations, and the proposed transaction would not affect their organizations or operations, nor would it have any material impact on their existing technical and financial qualifications.

The NRC's regulations at 10 CFR 30.34(b), 50.80, and 72.50 provide that no license, or any right under the license, shall be transferred, either voluntarily or involuntarily, directly or indirectly, through transfer of control of the license, unless the Commission gives its consent in writing. The NRC's regulations at 10 CFR 110.50(d) state that a specific export license may be transferred only with the approval of the Commission. The Commission will approve an application for the indirect transfer of a license, if the Commission determines that the proposed transfer will not affect the qualifications of the licensee to hold the license, and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission.

There is a pending NRC order approving the transfer of the Zion licenses from the EnergySolutions subsidiary, ZionSolutions, LLC, to Exelon Generation Company, LLC. There is also a pending NRC order approving the transfer of the KPS licenses from the indirect holder of those licenses, Dominion Nuclear Projects, Inc., to EnergySolutions. Therefore, by letter dated March 30, 2022, EnergySolutions clarified that any order approving the proposed indirect license transfer should include approval of the transfer of control of the KPS

licenses even though they may not be held by EnergySolutions' subsidiary Kewaunee Solutions, Inc. at the time of the indirect transfer. Similarly, EnergySolutions clarified that any order approving the proposed indirect license transfer should include approval of the transfer of control of the Zion licenses even though they may not be held by EnergySolutions' subsidiary ZionSolutions, LLC at the time of the indirect transfer. To account for the fact that these licenses may not be indirectly held by EnergySolutions at the time of the proposed indirect license transfer, EnergySolutions proposed that any order approving the indirect license transfer be subject to conditions to address these circumstances.

On January 21, 2022, the NRC published a notice of consideration of approval of the application in the **Federal Register** (87 FR 3372). One request for a hearing on the application was filed and is pending before the Commission; no comments were filed. The supplemental letter dated March 30, 2022, provided additional information that expanded the scope of the application as originally noticed and, therefore, the NRC is publishing a notice of consideration of approval of the application, as supplemented.

III. Opportunity To Comment

Within 30 days from the date of publication of this notice, persons may submit written comments regarding the license transfer application, as provided for in 10 CFR 2.1305. The Commission will consider and, if appropriate, respond to these comments, but such comments will not otherwise constitute part of the decisional record. Comments should be submitted as described in the **ADDRESSES** section of this document.

IV. Opportunity To Request a Hearing and Petition for Leave To Intervene

Within 20 days after the date of publication of this notice, any person (petitioner) whose interest may be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the action. Petitions shall be filed in accordance with the Commission's "Agency Rules of Practice and Procedure" in 10 CFR part 2. Interested persons should consult 10 CFR 2.309. If a petition is filed, the presiding officer will rule on the petition and, if appropriate, a notice of a hearing will be issued.

Petitions must be filed no later than 20 days from the date of publication of this notice in accordance with the filing instructions in the "Electronic Submissions (E-Filing)" section of this

document. Petitions and motions for leave to file new or amended contentions that are filed after the deadline will not be entertained absent a determination by the presiding officer that the filing demonstrates good cause by satisfying the three factors in 10 CFR 2.309(c)(1)(i) through (iii).

A State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof, may submit a petition to the Commission to participate as a party under 10 CFR 2.309(h) no later than 20 days from the date of publication of this notice.

Alternatively, a State, local governmental body, Federally recognized Indian Tribe, or agency thereof may participate as a non-party under 10 CFR 2.315(c).

For information about filing a petition and about participation by a person not a party under 10 CFR 2.315, see ADAMS Accession No. ML20340A053 (<https://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber=ML20340A053>) and on the NRC website at <https://www.nrc.gov/about-nrc/regulatory/adjudicatory/hearing.html#participate>.

V. Electronic Submissions (E-Filing)

All documents filed in NRC adjudicatory proceedings including documents filed by an interested State, local governmental body, Federally recognized Indian Tribe, or designated agency thereof that requests to participate under 10 CFR 2.315(c), must be filed in accordance with 10 CFR 2.302. The E-Filing process requires participants to submit and serve all adjudicatory documents over the internet, or in some cases, to mail copies on electronic storage media, unless an exemption permitting an alternative filing method, as discussed below, is granted. Detailed guidance on electronic submissions is located in the Guidance for Electronic Submissions to the NRC (ADAMS Accession No. ML13031A056) and on the NRC website at <https://www.nrc.gov/site-help/e-submittals.html>.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at Hearing.Docket@nrc.gov, or by telephone at 301-415-1677, to (1) request a digital identification (ID) certificate, which allows the participant (or its counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other

adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the proceeding if the Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals/getting-started.html>. After a digital ID certificate is obtained and a docket created, the participant must submit adjudicatory documents in Portable Document Format. Guidance on submissions is available on the NRC's public website at <https://www.nrc.gov/site-help/electronic-sub-ref-mat.html>. A filing is considered complete at the time the document is submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system timestamps the document and sends the submitter an email confirming receipt of the document. The E-Filing system also distributes an email that provides access to the document to the NRC's Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the document on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before adjudicatory documents are filed to obtain access to the documents via the E-Filing system.

A person filing electronically using the NRC's adjudicatory E-Filing system may seek assistance by contacting the NRC's Electronic Filing Help Desk through the "Contact Us" link located on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals.html>, by email to MSHD.Resource@nrc.gov, or by a toll-free call at 1-866-672-7640. The NRC Electronic Filing Help Desk is available between 9 a.m. and 6 p.m., Eastern Time, Monday through Friday, excluding government holidays.

Participants who believe that they have good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing stating why there is good cause for not filing electronically and requesting authorization to continue to submit documents in paper format. Such filings must be submitted in accordance with

10 CFR 2.302(b)-(d). Participants filing adjudicatory documents in this manner are responsible for serving their documents on all other participants. Participants granted an exemption under 10 CFR 2.302(g)(2) must still meet the electronic formatting requirement in 10 CFR 2.302(g)(1), unless the participant also seeks and is granted an exemption from 10 CFR 2.302(g)(1).

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket, which is publicly available at <https://adams.nrc.gov/ehd>, unless excluded pursuant to an order of the presiding officer. If you do not have an NRC-issued digital ID certificate as described above, click "cancel" when the link requests certificates and you will be automatically directed to the NRC's electronic hearing dockets where you will be able to access any publicly available documents in a particular hearing docket. Participants are requested not to include personal privacy information such as social security numbers, home addresses, or personal phone numbers in their filings unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants should not include copyrighted materials in their submission.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal Register** and served on the parties to the hearing.

For further details with respect to this application, see the application dated December 7, 2021 (ADAMS Package Accession No. ML21344A114), as supplemented by letter dated March 30, 2022 (ADAMS Accession No. ML22091A275).

VI. Access to Sensitive Unclassified Non-Safeguards Information for Contention Preparation

Any person who desires access to proprietary, confidential commercial information that has been redacted from the application should contact the applicant by telephoning Gerard P. van Noordennen, Senior Vice President Regulatory Affairs, EnergySolutions, LLC, 121 West Trade Street, Charlotte, North Carolina 28202, at 860-462-9707 for the purpose of negotiating a

confidentiality agreement or a proposed protective order with the applicant. If no agreement can be reached, persons who desire access to this information may file a motion with the Secretary and addressed to the Commission that requests the issuance of a protective order.
