**ENVIRONMENTAL PROTECTION AGENCY**

[EPA-HQ-OGC-2022-0175; FRL-9570-01-OGC]

**Proposed Consent Decree, Clean Air Act Citizen Suit**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of proposed consent decree; request for public comment.

**SUMMARY:** In accordance with the Clean Air Act, as amended (CAA or the Act), notice is given of a proposed consent decree in *Sierra Club et al. v. Regan*, No. 21-cv-6956 (N.D. Cal, September 8, 2021). On September 8, 2021, Plaintiffs Sierra Club, Environmental Integrity Project, and Natural Resources Defense Council (collectively, Plaintiffs) filed a complaint in the United States District Court for the Northern District of California, Oakland Division. Plaintiffs alleged that the Environmental Protection Agency (EPA or the Agency) failed to undertake certain non-discretionary duties in accordance with the Act to timely respond to numerous state implementation plan submissions and to issue findings of failure to submit to numerous other states who had failed to respond to an EPA finding that their state plans were substantially inadequate under the Act. The proposed consent decree would establish deadlines for EPA to act on certain submissions and establish that certain claims in the Complaint are now moot.

**DATES:** Written comments on the proposed consent decree must be received by May 11, 2022.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2022-0175, online at <https://www.regulations.gov> (EPA's preferred method). Follow the online instructions for submitting comments.

**Instructions:** All submissions received must include the Docket ID number for this action. Comments received may be posted without change to <https://www.regulations.gov>, including any personal information provided. For detailed instructions on sending

comments and additional information on the rulemaking process, see the “Additional Information about Commenting on the Proposed Consent Decree” heading under the

**II. Additional Information About the Proposed Consent Decree**

On June 15, 2015, EPA issued findings of substantial inadequacy pursuant to CAA section 110(k)(5) for SIP provisions applying to excess

emissions during startup, shutdown, and malfunction (“SSM”) periods for 45 states and air districts. State Implementation Plans: Response to Petition for Rulemaking; Restatement and Update of EPA’s SSM Policy Applicable to SIPs; Findings of Substantial Inadequacy; and SIP Calls to Amend Provisions Applying to Excess Emissions During Periods of Startup, Shutdown, and Malfunction, 80 FR 33840 (June 12, 2015). EPA accordingly issued a SIP Call requiring those 45 states and air districts to submit plan revisions to correct SSM-related deficiencies in their SIPs within 18 months, *i.e.*, by November 22, 2016 (2015 SSM SIP Call).

The proposed consent decree would establish deadlines for EPA to take action pursuant to CAA section 110(k) on certain SIP revisions that were submitted by the following states and air districts in response to the 2015 SSM SIP Call: Alaska, Arizona—Arizona Department of Environmental Quality, Arizona—Maricopa County Air Quality Department, California—Eastern Kern Air Pollution Control District, California—Imperial County Air Pollution Control District, Colorado, Delaware, Florida, Georgia, Indiana, Kansas, Kentucky, Louisiana, Maine, Michigan, Minnesota, Missouri, Mississippi, Montana, New Jersey, New Mexico, North Dakota, New Mexico—Albuquerque-Bernalillo County, Oklahoma, South Carolina, Tennessee, Virginia, Washington, and West Virginia. Plaintiffs also alleged that EPA had failed to take action on SIP revisions submitted by Texas and North Carolina in response to the SIP call; however, EPA has withdrawn the SIP Calls submitted to those states, mooted that portion of the litigation. SIP Call Withdrawal and Air Plan Approval; NC: Large Internal Combustion Engines NO<sub>x</sub> Rule Changes, 85 FR 23700 (April 28, 2020); Withdrawal of Finding of Substantial Inadequacy of Implementation Plan and of Call for Texas State Implementation Plan Revision-Affirmative Defense Provisions, 85 FR 7232 (February 7, 2020; effective March 9, 2020).

CAA section 110(k) sets forth the process by which EPA reviews SIP submissions and revisions. 42 U.S.C. 7410(k). According to that process, EPA must determine no later than 6 months after the date by which a state is required to submit a SIP submittal whether a state has made a submission that meets the minimum completeness criteria. *Id.* 7410(k)(1)(B). EPA refers to the determination that a state has not submitted a requisite SIP submittal as a “finding of failure to submit.” Plaintiffs

alleged in the complaint that EPA failed to make findings of failure to submit SIP revisions that remove or amend the SIP-called provisions pursuant to CAA section 110(k)(1)(B), 42 U.S.C. 7410(k)(1)(B), for twelve additional states and air districts. However, on January 12, 2022, EPA published findings of failure to submit in the **Federal Register** for those twelve states and air districts, mooting that portion of the litigation. Findings of Failure to Submit State Implementation Plan Revisions in Response to the 2015 Findings of Substantial Inadequacy and SIP Calls to Amend Provisions Applying Excess Emissions During Periods of Startup, Shutdown, and Malfunction, 87 FR 1680 (January 12, 2022).

Additionally, during the pendency of this litigation, in the ordinary course of its administrative action, EPA has taken final action on some of the SIP submissions originally at issue in the litigation.<sup>1</sup>

Under the terms of the proposed consent decree, EPA shall sign a notice or notices approving, disapproving, conditionally approving, or approving in part and conditionally approving or disapproving in part the SIP revisions as listed and identified in the proposed consent decree by the established deadlines. The proposed consent decree provides that if any State withdraws one of the listed SIP revisions, EPA’s obligation to take such an action is terminated.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

**III. Additional Information About Commenting on the Proposed Consent Decree**
